### BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

By the Government of West Bengal, Labour Department, order No. 2351-I.R./IR/10L-175/67, dated the 3rd June 1967, this industrial dispute between Messrs. Atlas Works Private Ltd., and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

### Issue

Whether the suspension of work in both the factories of the Company from the 22nd May 1967 is justified? What relief, if any, are the workmen entitled to?

After receipt of notice from the Tribunal both the parties made appearance and filed their respective written statement. After several adjournments on various grounds the case was ultimately fixed for hearing on 21st August 1969. On that date both the parties appeared and stated that a compromise talk was going on between the parties, and that they prayed for an adjournment on that ground. The Tribunal conceded to their prayer and fixed 29th September 1968 for the hearing of the case in case compromise could not materialise. On the date fixed, i.e., 29th September 1969 both the parties remained absent and took no steps. The Tribunal suo matu fixed another date, i.e., 30th October 1969, for the hearing of the case. On that date too the parties did not turn up and took no steps.

It seems that the parties have come to a mutual settlement of the dispute between them and that is why they do not feel any urge to come to the Tribunal. When both the parties remain absent and take no steps, it is of no use to keep the reference alive by fixing fresh dates.

I, therefore, pass a "no dispute" award in this case and dispose of the reference accordingly.

## BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri T. K. BANERJEE, Judge,
Fourth Industrial Tribunal.

The Government of West Bengal, Labour Department, by its order No. 5150-I.R./IR/10L-314/67, dated the 17th July 1968, referred this industrial dispute between Messrs. Carter Pooler & Co. Private Ltd., 1 Kashinath Dutta Road, Calcutta-36 (hereinafter referred to as the Company), and their workman Shri Surjit Singh, Block No. 7, Room No. 30, Industrial Housing Estate, 9 B. T. Road, Belghoria, Calcutta-56, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication on the following issue :

### Issue

Whether dismissal of Shri Surjit Singh is justified ?

To what relief, if any, is he entitled ?

After service of notice both the parties appeared and filed their respective written statements. After several adjournments at the instance of the parties the case was fixed for hearing on 17th September 1969. On that day the Company did not appear although the workman and his lawyer were present. Another opportunity was given to the Company by adjourning the case to 9th October 1969 on condition that the Company would have to pay an adjournment cost of Rs. 20 to the workman, on the next date. On 9th October 1969 also the Company did not appear; and after waiting till 2 p.m. the case was taken up for ex parte hearing.

The case of the workman as made out in the written statement is as follows :

The workman Shri Surjit was employed as an Assistant Foreman in the Company's factory No. 1 on and from 1st October 1963. He all along worked faithfully and diligently to the full satisfaction of the management. Since some time past the management had been trying to victimise the workmen for their trade-union activities; and the concerned workman has been a victim of the employer's wrath for the same reason. On 1st and 2nd February, 1968, he took leave and went out of station to meet his relatives. After he joined his duties he was suddenly served with a charge-sheet on 9th February

1968 containing some false allegations against him. He submitted his explanation to the charge-sheet; but the Company by holding a show of enquiry dismissed him from service by a letter, dated 21st March 1968, with retrospective effect from 9th February 1968. The purported order of dismissal and the so-called domestic enquiry have been challenged by the workman on the following grounds:

(a) The charge levelled against him is baseless;

(b) The so-called domestic enquiry is vitiated in view of gross violation of principles of natural justice in conducting the enquiry;

(c) The finding of the enquiring officer is perverse; and

(d) The action of the Company in dismissing him from service is mala fide and is intended to victimise him for his trade-union activities.

At the hearing the workman admitted the annexures to the Company's written statement as correct; and accordingly they were marked exhibits on the side of the workman. It appears from the copy of the charge-sheet, Ext. 1, that the concerned workman was charged for two major misdemeanours, namely, (i) engaging himself in private work or in other employment while still in the service of the Company without any permission and (ii) commission of an act subversive of discipline. The charge-sheet is, dated 9th February 1968, and it is specifically mentioned therein that Shri Singh, the concerned workman, took leave on 1st and 2nd February 1968, and went out of station. The workman denied the charges by submitting written explanation on 12th February 1968 (Ext. 2). The concerned workman Shri Singh (P. W. 1) has deposed that he took leave on 1st and 2nd February 1968, that after taking leave he went to a friend of his at Bokharo, that he never worked under anybody else, that it is not true that he stated before the management that he worked in a different concern, that he never worked in any other concern during his employment in this Company, that the finding of the enquiring officer is perverse, and that he prays for reinstatement with full back wages. It appears from the copy of the enquiry proceedings, Ext. 4, that Shri B. D. Sarma stated before the enquiring officer that he saw Shri Singh working at Bokharo Steel Plant on 22nd February 1968. In his report, Ext. 4/a, the enquiring officer very rightly observed that the charges against Shri Singh are that he availed leave on 1st and 2nd February 1968, and engaged himself in other employment on those two days without any permission. But curiously enough, the enquiring officer failed to notice that there was no evidence at all before him to show that Shri Singh, the concerned workman, engaged himself in other employment on those two days, i.e., on 1st and 2nd February 1968. On the materials in the record and in the facts and circumstances of the present case I cannot but hold that the finding of the enquiring officer is perverse. The Company has also not come forward before the Tribunal to substantiate the charge levelled against the concerned workman by further evidence. From the facts of the present case I am also inclined to hold that the action of the Company in dismissing Shri Singh from service is an act of victimisation and unfair labour practice.

In view of what I have stated above, I, therefore, hold that the dismissal of Shri Surjit Singh is not justified, and that he is entitled to reinstatement with full back wages.

This is my award.

### AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. New Central Jute Mills Co. Ltd., and their workmen represented by Jute Textile Workers' Union to this Tribunal by its order No. 6223-I.R., dated 18th August 1969, under section 10 of the Industrial Disputes Act, for adjudication on the following issue:

### Issue

Whether termination of services of Shri G. D. Pandey and Shri G. Barjatia is justified? To what relief, if any, are they entitled?

In this matter I received the above reference from the Government of West Bengal on 1st September 1969, for adjudication.

Usual notices were issued on 9th October 1969, fixing the date of appearance on 27th October 1969. On 27th October 1969, the matter was put up for further orders on 28h October 1969. On that date, however, both the parties filed a joint petition of compromise stating therein that the dispute has been settled amicably and called upon me to pass a 'no-dispute' award. The reference was for determination whether termination of services of Shri G. D. Pandey and Shri G. Barjatia was justified and incidentially it was referred to me what relief they were entitled to, if they were entitled to any relief at all.

I have scrutinised the petition and I find that the terms are lawful, fair, reasonable and not unconscionable. The said petition has been signed by all the authorised representatives of the parties. Shri Dilip Dasgupta, Advocate, along with Shri Jain, representative of the New Central Jute Mills Co. Ltd., signed the petition and Shri J. Pandey, President of the Union, has also signed the petition. The employees concerned too have signed the petition. The employees concerned appeared before me and they stated that they were agreeable to the terms embodied in the joint petition of compromise and they also told me that no dispute was in existence at present between them as represented by the Union and the management.

In the promises, I do not find any reason not to accept the said terms and/or not to accept representations made by the parties concerned that dispute has ceased to exist. As a result, I hereby pass a 'no-dispute' award. The petition of compromise that has been filed by the parties will be kept on record.

This is my award.

By order No. 2255-I.R./IR/11L-164/69, dated the 3rd April 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. The Jay Shree Chemicals & Fertilisers, Nanda Bose Road, Khardah, 24-Parganas and their workmen (except Clerical, Subordinate and Watch & Ward Staff) represented by Jay Shree Chemicals and Fertilisers Mazdoor Union, Nanda Bose Road, Khardah, 24-Parganas, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue:

### Issue

Whether the workmen are entitled to any quarter allowance? To what relief, if any, are they entitled?

On receipt of the order of reference, usual notices were issued to the parties by this Tribunal fixing 21st May 1969, for their appearance. On that date both the parties entered appearance in the case in response to those notices and 20th June 1969, was fixed for filing of written statement by the Union. The Company, however, filed a petition on the said date (i.e., on 20th June 1969) praying for dropping the proceeding on certain grounds mentioned in that petition, and the Union then took several adjournments for filing written statement. The petition filed by the Company, as mentioned above, could not be heard so long as the Union sometimes prayed for time and sometimes failed to take any steps on the dates fixed for hearing of that petition. Ultimately the case was adjourned to this date (i.e., 28th October 1969) for hearing of the said petition, and today the parties (i.e., the Company and the Union) have filed a joint petition embodying certain terms and praying for passing an award in terms of the said petition. I have perused the terms of the said joint petition and find the same to be reasonable, fair and lawful. Accordingly, I pass an award in the case in terms of the said joint petition making the same a part of the award.

This is my award.

### AWARD

This is a reference to this Tribunal under section 10 of the Industrial Disputes Act, made by the Government of West Bengal, Labour Department by order No. 2312-I.R./IR/11L-202/67, dated 20th April 1968, for adjudication of an industrial dispute in respect of the undermentioned issue, existing between Messrs. Hindusthan Pilkington Glass Works Ltd., Asansol, and their workmen represented by Hindusthan Pilkington Employees' Union, Asansol.

### Issue

What should be the quantum of Profit Sharing Bonus payable to the workmen of Messrs. Hindusthan Pilkington Glass Works Ltd., for the accounting period from 1st November 1965 to 31st December 1966?

After receiving the reference this Tribunal issued notice to both the parties asking them to appear on 16th May 1968. Notice was duly served and the parties appeared. The Union filed its written statement on 17th June 1968. The Company took several adjournments and then filed its statement on 9th October 1968. After the filing of the list of documents it was ordered that the case would be taken up for hearing on 28th January 1969. Thereafter on the prayer of the Union the hearing was adjourned to 20th March 1969, and then to 29th April 1969. The Union next filed some interogatories for reply by the Company and the Company took time for filing objection. But ultimately the Company did not take any step and did not reply to the interogatories. This Tribunal suo motu adjourned the case on several dates, viz., 26th August 1969, 15th September 1969, 3rd October 1969 and 10th October 1969, but neither party appeared on any of these dates and no steps were taken by either of them.

Ultimately today on 31st October 1969, both the parties have filed a Memorandum of Settlement duly signed by the representatives of both sides along with a joint petition praying for an award in terms of the settlement.

I have considered the Memorandum of Settlement, The terms appear to be fair, lawful and reasonable and I accept the same. Accordingly I pass an award in the present proceedings in terms of the Memorandum of Settlement which do form part of the award.

**Short recital of the case:**

The Union raising the dispute demanded 20 per cent Bonus (Profit Sharing) for the workmen for the financial year commencing from 1st November 1965 and ending on 31st December 1966. According to Management's representative, as there was no available surplus, the Company declared 4 per cent. Bonus which the workmen refused to accept. After several discussions the parties agreed to refer the question of Bonus to a Tribunal in a Tripartite Conference for deciding the quantum of Bonus payable to the Workmen [who are entitled to Bonus as per Payment of Bonus Act, 1965, for the abovementioned financial year (i.e., 1st November 1965 to 31st December 1966]. The Company made an advance to the extent of 14 per cent. of the Basic and D.A. earned by them during the said period, which is to be adjusted as per the terms of Award given by the said Tribunal.

The Government in the Labour Department made a reference to the Ninth Industrial Tribunal at Durgapur accordingly and the case is pending before the said Tribunal. The parties in the meantime, discussed the issue once again and settled the matter out of Court on the following terms:

**Terms of Settlement:**

(1) It is agreed to by and between the parties that all workmen who are entitled to Bonus as per Payment of Bonus Act, 1965, will accept 4 per cent. Bonus as per the payment of Bonus Act, 1965, for the financial year 1st November 1965 to 31st December 1966.

(2) It is further agreed to by and between the parties that all workmen who are entitled to Bonus as per Payment of Bonus Act, 1965, will be paid an exgratia to the extent of 10 per cent. of their Basic and D.A. earned by them during the said period.

(3) It is further agreed to by and between the parties that they will make a joint petition to the Ninth Industrial Tribunal at Durgapur praying for an Award in terms of this amicable settlement of the issue referred for adjudication and thus dispose of the matter finally.

Fifth Industrial Tribunal.

Present for the Company: Shri J. N. Chatterji, Legal Adviser and Shri D. K. Ghosh, Assistant Legal Adviser, Indian Engineering Association.

Present for the Union: Shri D. L. Sen Gupta, Advocate and Shri M. Saha, Advocate.

By the Government of West Bengal, Labour Department, order No. 3284-I.R./IR/10L-216/67, dated the 18th July 1967, this industrial dispute between Messrs. Guest Keen Williams Ltd. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below:

### Issue

Whether the Management is justified in categorising the Examiners as hourly-rated weekly-paid workmen? Whether the category should be changed to that of monthly-paid staff? To what relief, if any, are the Examiners entitled?

On receipt of notice both the parties made appearance and filed their respective written statement.

The case of the Union is that the Examiners do technical work plus clerical jobs, and so they should be given the status of technical staff and that they should be considered as hourly-rated and monthly-paid employees.

The Company wants to say that the Examiners are more or less manual workers. The Company also takes objection as to the maintainability of the reference.

Regarding the legal objection as to the maintainability of the reference I gave my decision as per my order No. 12, dated 27th April 1968. I came to the conclusion that the reference was maintainable. Now I shall decide the issue in question on merits.

The Union has given details of the works required to be performed by the Examiners in paragraph 7 of their written statement. Paragraph 7 runs as follows :—

"The details of the jobs done by these Examiners in fastening Tool Room and Engineering Dies and Tool Room Departments, amongst others, consist of—

(i) To fill up the daily shift production Log Sheet (Ins. F-5/A) from columns 1-13, which is undoubtedly a clerical-cum-technical job.

(ii) To send hourly production report with inspection result (Insp. F-4).

(iii) To notify discrepancies to the Shop concerned through discrepancy slip (Insp. F-2).

(iv) To prepare Sample Inspection Report (Insp. F-1) and (Insp. F-A) with full technical terms.

(v) To prepare Daily Despatch Record (Insp. F-6).

(vi) To issue Gate Pass.

(vii) To prepare and issue First Aid Pass.

(viii) To keep workmen on overtime if necessary after 5-10 p.m. (Vide Memo. No. KSB/145/60, dated 6th August 1960 of Inspection Department 'A' Works).

(ix) To control the Mazdoor.

(x) To maintain the Log Book for the knowledge of the higher authorities.

(b) Duties and responsibilities of F. T. R. Examiners :

(i) F. T. R. Examiners' work is divided mainly in two sections. Some are engaged in patrol inspection and some are in final inspection.

(ii) Patrol Examiners are mainly responsible for the tools under process. Each operation of the tool is checked by them with proper care. Each tool is operated according to the lay out given by the Planning Section where highly paid engineers are appointed. But in many cases the Examiners find out their defects in lay out and being fully conversant with the drawings they make them correct. Though there are Section Supervisors of the operators to rectify the lay out yet the Examiners are to be responsible because there are Supervisors who are not able to read the drawing even. Thus the Patrol Examiners are solely responsible for the first operation of any tool.

(iii) While checking the lot of the tools the Examiners are to find out the defects and to take decision with sole responsibility for the subsequent operations. If the Examiners do not check, many tools will pass on to subsequent operation with defects and finally they will be rejected without giving any production. Thus the cost of tools will be increased. The Examiners are responsible to find the defects and to take decision whether tools will be serviceable or not.

(iv) The Patrol Examiners are not only engaged in checking, they are also engaged in writing many forms and documents, such as 'Rejection Memo.', 'Not to specification Memo.', 'Quality Inspection Report', etc.

(v) Regarding final inspection the Examiners take the sole responsibility to pass the tools for the production shop. They check not only one or two operations but all the operations. If any operation is omitted by the planners they find out the defect. While making thorough checking they require specialised knowledge. They are fully responsible for the quality of the tools and the goodwill of the products of the Company. While checking they are to prepare various reports. All the dimensions are recorded in the form.

(vi) In the case of assembly tools, like jigs and fixtures, the Examiners are to go through the complicated drawings. They are the most efficient staff in this respect.

(vii) Thus the Examiners have specialised knowledge in checking, drawing and calculation which is not to be found in the case of others.

(c) (i) The duties and responsibilities of the Examiners are wholly the same as those of the Production Supervisors and they earn the same Production Incentive Bonus as the Production Supervisors do. Moreover Production Supervisors are strictly concerned with the quantity only, while Examiners are concerned with both the quantity and quality and they, in absence of Shift Supervisor, with full responsibility, also maintain the log book, etc.

(ii) For defective materials it is entirely the Examiners' sole responsibility to issue production rectification slip along with technical terms to the Foreman and to the Managers concerned for taking proper action. It can clearly be realised the importance of this for reputed and good products as well as the Examiners' contribution to it.

(iii) The Examiners maintain Inspection Dockets and Tally Cards, put quality report of the production and sign in the columns provided for Shift Inspector.

(iv) The Examiners finally give shape to the 'Blue Print' and have not compared it with the process sheet.

(v) The Examiners maintain Quality Control Tally Card.

(d) In absence of Supervisor all kinds of Supervisor's job are to be maintained by the Examiners such as—

(i) Job receiving and distributing to the operator with proper instruction.

(ii) Duty list arrangement.

(iii) Medical report, Gate Pass writing."

The Company also stated the details of the works performed by the Examiners in their written statement, at paragraph 5. According to the Company the works performed by the Examiners are as follows :—

"(c) **Examiner—Semi-skilled—Cl. II** : Examiner, Semi-skilled Class II, performs patrol inspection of straight-forward production lines or routine inspection of simple jobs. While on patrol inspection he issues discrepancy slips and informs the Shop Supervisors. He is expected to be able to read simple drawings and use measuring instruments as required of the machine operators of his own grade.

(d) **Examiner—Semi-skilled—Cl. I** : Examiner, Semi-skilled Class I, is on the top of the semi-skilled category of workmen. He either works himself, such as a Patrol Examiner on production lines which require slightly more alertness and as such are not given to Examiner, Semi-skilled Class II, or co-ordinates and guides a few Examiners, Checkers/Counters, etc. He its required to prepare a few records like log sheets, hourly production reports, inspection reports, etc.—these are simple printed forms and the Examiner is required to fill up the details. The total time to be spent on such jobs is not likely to exceed an hour a day for any single individual. Moreover not all the Examiners are required to maintain all the records. Some may have very little records to maintain.

(e) **Examiner—Skilled** : He is the seniormost amongst the inspection workmen and performs inspection jobs which are not done by lower category of Examiners. He should be able to read and understand drawings, process sheet, etc. He may be required to prepare small memos., write small notes in log book or prepare records normally required of Examiner, Semi-skilled Class I. However, all such work is not likely to be more than one hour's duration in a shift".

Even if it be taken that the Union has exaggerated the duties and responsibilities of the Examiners, I find that the Examiners' main duty is of technical type. If I accept the Company's written statement regarding the duties of the Examiners, even then I find that the Examiners do technical job. P.W. 2 Sushil Talukdar is one of the Examiners. He says that a new man without training would not be able to do the job of an Examiner and that the Examiners are to undergo training in the Company's own Training School for 6 months to 1 year. It appears that before a person is appointed as an Examiner, he has to sit for an examination. Ext. 4 is the question paper set for the examiners in September 1961. It appears that candidates must have technical knowledge in order to have appointment in the post of Examiners. P.W. 2 further says that the work of Examiners is to move from machine to machine and to watch the work done, that the examiners have to check up production according to specification and that if the workers do not work in accordance with the drawings supplied to them, the Examiners ask them to do work in terms of the drawings. P.W. 2 then says that he is required to check up 7 or 8 machines per day, per shift.

His further evidence is that the Examiners issue gate passes and tool loan slips, and that they also prepare duty cards of the workers. It is also his evidence that Examiners are to fill up different forms and to submit reports. According to him the writing job of an Examiner covers about 1½ hours to 2 hours. P.W. 3 Durgapada Dey is also an Examiner. He says that the Examiners have got to do the following clerical jobs :—

(1) Filling up of Report Forms such as Inspection Report on Hexing Dice Hot Nut Former.

(2) Writing of daily Inspection Report.

(3) C.T.R. Rejection memo.

(4) Writing of "Not to satisfaction" form.

(5) Writing of C.T.R. View Room Final Inspection.

(6) Writing of Fastening Tool Room Inspection Report.

(7) Writing of Quality Control F.T.R.

(8) Daily Inspection Report, etc.

His further evidence is that the following instruments are required to be handled by the Examinars:—

(1) Micrometer.

(2) Verniar Callipers.

(3) Height Gauge.

(4) Projection Machine.

(5) Angle Productor.

(6) Radius Gauge.

(7) Slip Gauge.

(8) Filler Gauge.

(9) Scales, etc.

In cross-examination he says that Patrol Examiners are required to fill up the following forms:—

(1) C.T.R. Rejection memo.

(2) "Not to satisfaction" form.

(3) Quality Control Daily Inspection Report form, etc.

He further says in his cross-examination that the Examiners are required to do the following clerical works:—

(1) On an average 2 forms of Inspection Report on Hexine Dice are required to be filled up per day.

(2) One Daily Inspection Report.

(3) C. T. R. Rejection memos. 4 or 5, monthly.

(4) "Not to Specification" memo. one on each day.

(5) C.T.R. View Room Final Inspection Report 6 or 7, daily.

(6) Fastening Tool Room Inspection Report one daily.

(7) T.C. Tool Life Card one daily.

He says that on an average, three hours daily are spent in filling up the forms by the Examiners, and in the remaining five hours they are engaged in examining tools. It is clear from the evidence of the Examiners who have been examined in this case, that the Examiners do technical job mainly, and that they do writing work also in addition to their technical work. I also find that they have got supervisory duty also. O.P.W. 2 Shri S. D. Aryya is the Assistant Production Manager of the Company. He says that the functions of the Examiners are to countercheck the products produced by machine operators, and that during the examination process they are required to record the jobs done by themselves. He does not say that the work of the Examiners is mainly of manual type. On the other hand he admits that the Examiners do technical work as also paper work. The Company wants to say that the Examiners do little clerical job in performing their duties. The Company has prepared a chart to show that the Examiners spend only nominal time in doing writing work. But mathematical calculation of time taken in writing work is not possible. Examiners are to write reports on their work. They must think over the matters of report first, and then they have got to write and submit reports. In writing such reports one is bound to take more time than what one may take in writing letters or ordinary reports. So from the charts produced by the Company it cannot be said that the Examiners spend little time in their writing work. However, I find from the evidence on record that the Examiners do technical job mainly and, as such, they should be given the status of Technical Staff. Admittedly, the clerical staff and the technical staff are now being treated as hourly-rated and monthly-paid staff. I find no reason why discrimination should be made in respect of the Examiners. This discrimination should be removed. The Examiners should also be treated as Technical Staff. I, therefore, find that the Management is not justified in categorising the Examiners as hourly-rated and weekly-paid workmen.

The Company is, therefore, directed to treat the Examiners as Technical Staff, and also to treat them as hourly-rated and monthly-paid staff. The Examiners shall be entitled to get the benefits admissible to the hourly-rated and monthly-paid employees.

### TEMPORARY REGULATIONS FOR THE PREVENTION AND CONTROL OF SMALL-POX

1. In these regulations unless there is anything repugnant in the subject or context.—

3. If any measure which the Health Officer has by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer shall be entitled to carry out the measure.

### Costs and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions which led the Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

### AWARD

By order No. 2714 I.R./IR/11L-136/64, dated the 11th July 1966, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Rubber Products & Moulding Company, 9A Bechulal Road, Calcutta-46, and their workman, Shri Rabin Banerjee, 13 Rajani Kanta Chatterji Road, Kantalpara, Naihati, 24-Parganas, to this Tribunal under section 10 of the Industrial Disputes Act, 1947, read with section 2A thereof, for adjudication on the following issue:

#### Issue

> Whether the termination of service of Shri Rabin Banerjee is justified? What relief, if any, is he entitled to?

On receipt of the order of reference usual notices were issued to the parties by this Tribunal and those notices having been served on them, they duly entered appearance and filed their respective written statements on different dates. In the written statement filed by the

Company an objection was taken to the effect that the reference was bad in law and that objection was overruled by my learned predecessor-in-office by order No. 21, dated 19th December 1967. The Company thereafter moved the Hon'ble High Court at Calcutta under Article 226 of the Constitution against that order and the matter before the Hon'ble High Court was disposed of on certain terms of settlement arrived at between the parties. Those terms of settlement provide inter alia that the Company would pay the workman concerned, viz., Shri Rabin Banerjee a sum of Rs. 5,090 only by a Not Negotiable Cheque in full and final settlement of his dues and upon such payment being made, Shri Rabin Banerjee will have no further claim against the Company either under the Industrial Disputes Act or in any Civil Court in respect of any other matter and that the parties (viz., the Company and the workman concerned) would appear before this Tribunal and ask for a settlement award on those terms. Then on 20th August 1969 the parties filed a joint petition before this Tribunal containing those terms of settlement. But as the order of the Hon'ble High Court in the matter was not received then, no order could be passed on that date by this Tribunal on that petition. Thereafter on 29th September 1969 the parties filed a certified copy of the Hon'ble High Court's order, dated 23rd May 1969 to that effect. Heard the learned Advocate for the Company and also the workman concerned, and perused the terms of settlement arrived at between the parties. The terms of settlement were actually arrived at between the parties in course of a proceeding pending before the Hon'ble High Court at Calcutta and those were accepted by the Hon'ble High Court. The terms are also legal and fair. Further a stamped receipt, dated 14th October 1969, has been produced before me showing that a sum of Rs. 5,090 has actually been paid to the workman concerned by the Company by a cheque according to the terms of settlement. Hence, I pass a "no dispute" award in the case in terms of the said settlement.

This is my award.

### Issue

Whether termination of services of Shri Biswanath Dhara by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Notices were issued to the parties fixing 30th August 1969 for their appearance. On 30th August 1969 the Company was present but the Union was found absent. The case was therefore directed to be put up on 13th September 1969 for orders. On that day even neither of the parties was found present. A chance was given to the parties to put their appearance and the case was fixed on 27th September 1969 for the purpose. Even on that day the parties again were found absent and the case was fixed on 28th October 1969 for orders. On 28th October 1969 both the parties were absent. In the circumstances, I am inclined to think that the parties are no longer interested in proceeding with the present reference. I, therefore, pass a "no-dispute" award in this case.

This disposes of the instance reference.

Bhatkawa Tea Company Ltd. and their workman Shri Raj Kumar Acharjee was referred to this Tribunal under section 10, read with section 2A of the Industrial Disputes Act for adjudication upon the issue mentioned below.

### Issue

Whether the termination of services of Shri Raj Kumar Acharjee by way of premature retirement is justified? To what relief, if any, is he entitled?

On receipt of notice from the Tribunal both the parties made appearance and filed their respective written statement. The case was fixed for hearing on 9th October 1969. On that date the parties informed the Tribunal that negotiations were in process for an amicable settlement of the dispute and that they prayed for a short adjournment for the materialisation of mutual negotiations into a full settlement. The Tribunal fixed 16th October 1969 for the hearing of the case in case negotiations for an amicable settlement did not materialise. On 16th October 1969 both the parties appeared and filed a joint petition of compromise embodying therein the terms of settlement and prayed for an award in terms of the settlement.

I have perused the terms of settlement. The terms of settlement appear to be fair, reasonable and lawful and accept the same.

Accordingly, I pass this award in terms of the settlement. The terms of settlement do form part of the award as Annexure 'A'.

Quantum of bonus for the year 1966-67.

After issue of usual notices the parties entered appearance. The Union filed written statement on 8th September 1969. Perused the memorandum of settlement containing the terms. The terms appear to be lawful and are accordingly accepted, even though it contains extraneous matters regarding bonus for subsequent years as well. ### Issue

> Whether termination of service of Shri A. K. Basu is justified? To what relief, if any, is he entitled?

On receipt of the order of reference, usual notices were served on the parties from this Tribunal, and both the parties (i. e., the Company and the Union) entered appearance in the case on 22nd September 1969. Then 29th October 1969 was fixed for filing of the written statement by the Union, and on that date the Union filed a petition stating that as the workman concerned was not willing to proceed with the case, the Union was no longer interested in the matter, and praying for passing a "no dispute" award in the case. I have carefully perused the aforesaid petition and I am satisfied that the workman concerned and the Union whereby he is represented, are really no longer interested in the case and that as a matter of fact no dispute exists any longer between the parties. Hence, I pass a "no dispute" award in the case, and dispose of it accordingly.

This is my award.

### AWARD

By order No. 6020-I.R./IR/11L-106/67, dated the 18th November 1967, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Molins of India Ltd., 12 Biren Roy Road, West Behala, Calcutta-34, and their workmen represented by Molins of India Workmen's Union, 455A Diamond Harbour Road, Behala, Calcutta-34, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

### Issue

> Whether the dismissal from service of Shri M. N. Thakur, Shri S. R. Chakrabortty, Shri G. C. Das, Shri Abdul Rauf, Shri H. L. Chakrabortty and Shri M. L. Majumdar is justified ? What relief, if any, are the workmen entitled to ?

In response to the notices issued by this Tribunal after receipt of the order of reference both the parties (i.e., the Company and the Union) entered appearance in the case and thereafter on 22nd January 1968 the Union filed its written statement challenging the order of dismissal of the workmen concerned as illegal and unjustified. According to the Union, the order of dismissal passed by the Company against the workmen concerned was not preceded by a fair and bona fide enquiry and that the workmen were not also guilty of the charges levelled against them, and that the workmen were dismissed from their services for their participation in trade union activities.

Then the Company also filed written statement on 5th April 1968 assailing the case of the Union on merits and raising certain preliminary objections, viz., (1) that the reference is bad and not maintainable in law as the dispute purported to have been referred to this Tribunal for adjudication is not an industrial dispute according to the Industrial Disputes Act, 1947 ; (2) that the Union representing the workmen came into existence long after the dismissal of the workmen concerned and as such it had no jurisdiction to raise the dispute; and (3) that in a contested proceeding under section 33(2)(b) of the Industrial Disputes Act approval having been given by the Seventh Industrial Tribunal (before which a dispute is pending) to the order of dismissal of the workmen concerned, the matter cannot be reagitated again before this Tribunal.

On the prayer of the Company the preliminary objections raised in its written statement were first taken up for hearing by my predecessor-in-office and evidences were taken on those points. Then the parties' representatives advanced their arguments before me on those points, i.e., the preliminary objections raised in the written statement filed by the Company. I may mention here that at the time of arguments the learned representative of the Company did not practically press the objection No. 3, as mentioned above. What has been strenuously urged before me on behalf of the Company is that the reference is bad and not maintainable in law as there was no industrial dispute, the workmen not being members of the Union which raised the dispute. It has been conceded before me on behalf of the Union that the dispute purported to have been referred to this Tribunal for adjudication is not a dispute within the meaning of section 2A of the Industrial Disputes Act and that it is a dispute, as contended by the Union, under section 2(k) of the said Act. It is also an admitted fact that the Union representing the workmen viz., Molins of India Workmen's Union raised the dispute and that the said Union came into existence in May 1967, i.e., long after the dismissal of the workmen concerned. Further it is not disputed that the workmen concerned were not members of that Union at the relevant time i.e., at the time of their dismissal from service. But it has been contended on behalf of the Union that the dispute in question acquired the character of an industrial dispute as a body of workmen of the Company raised the dispute and sponsored the case of the workmen concerned. So, the position is admitted that the dispute referred to this Tribunal for adjudication is not an industrial dispute, as already said, within the meaning of section 2A of the Industrial Disputes Act, and the reference has also been actually made by the Government without the aid of section 2A of the said Act. It is, therefore, to be seen whether the alleged dispute was an industrial dispute within the meaning of section 2(k) of the aforesaid Act. Now the rules and constitution of the present Union have been referred to me by the learned representative for the Company and it appears therefrom that the Union was formed with certain objects and its main object was to improve and ameliorate the conditions of its members and to safeguard their interest by negotiations with their employers and by other means. It had also the object to conduct a trade dispute on behalf of a member and to do other acts only on behalf of a member. It is nowhere provided in the constitution of the Union that it would or can take up the cause of a workman who is not its member. No right has been given to the Union under its constitution to raise any dispute on behalf of a workman who is not a member of the Union. Therefore, the Union, viz., Molins of India Workmen's Union had no right to raise the dispute. But it is an admitted fact in this case that it was the Union only which raised the dispute in question. The evidence of P.W. 1, the only witness examined on the point, also bears clear testimony to that fact. That being so, I am constrained to hold that the dispute purported to have been referred to this Tribunal for adjudication was not an industrial dispute. I am fortified in my above view by the decision of the case reported in 1958 (II) L.L.J., page 290 and also by the decision of the case reported in 1966 (II) L.L.J., page 261. In the first mentioned case it has been clearly held that the membership of the Union which would give it jurisdiction to espouse their cause, must be one anterior to the date of the dismissal and not subsequent to it. The same view was also followed in the other reported case, already mentioned by me. It is true that after the insertion of section 2A in the Industrial Disputes Act, 1947, an individual dispute can also be treated as an industrial dispute. But in the instant case it has been conceded before me, as already stated, on behalf of the Union that the dispute purported to have been referred to this Tribunal for adjudication is not an industrial dispute within the meaning of section 2A of the Industrial Disputes Act and that it is an industrial dispute under section 2(k) of that Act. The workmen concerned also did not admittedly raise the dispute and it was the Union representing them which raised the dispute. The reference has also been made, as I have already said, without the aid of section 2A of the Industrial Disputes Act. Therefore, the alleged dispute can in no way be treated to be an industrial dispute unless it is found that it was raised by a Union of which the workmen concerned were members. The reported cases referred to by me already, really go to support that view. But it has been contended on behalf of the Union that the dispute having been raised by a body of workmen of the Company in question it should be regarded as an industrial dispute and in support of that contention 1959 (I) L.L.J., page 600; 1960 (II) L.L.J., page 37; and 1960 (I) L.L.J., page 491 have been cited. But on a perusal of those case I do not find anything therein in support of the Union. The facts involved in those three cases were altogether different from the facts of the present one, and the questions for consideration in those cases were also altogether different from the question with which we are concerned in the present case. Then the alleged dispute in the instant case cannot also be deemed in any way to have been raised by a body of workmen of the employer and as a matter of fact the dispute was raised by a Union of which the workmen concerned were not admittedly members. It is not a case where the workmen's cause was espoused by a body of workmen of the same concern and the written statement in the case has also been filed by the Union under the signature of the Secretary of the said Union. Therefore, the rulings referred to me by the learned representative of the Union are practically of no avail to the Union. On the other hand, it is admitted and proved that the Union in question came into existence long after the dismissal of the workmen concerned and the workmen concerned were not members of that Union at the time of their dismissal from service and that the said Union, of which the workmen concerned were not members, only raised the dispute. Therefore, I am driven to ineluctable conclusion that the dispute purported to have been referred to this Tribunal for adjudication was not an industrial dispute and accordingly the reference is bad and not maintainable in law. It has, of course, been faintly argued on behalf of the Union that the question regarding the maintainability of the reference cannot be gone into by this Tribunal as the reference was an administrative act on the part of the Government. But that contention does not appeal to me at all as it is now well settled that the making of a reference by the Government under the Industrial Disputes Act is not destructive of the rights of an aggrieved party to show that what was referred, was not an industrial dispute.

In the above premises, I find that the reference is bad and not maintainable in law and dispose of the case accordingly.

This is my award.

## AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Kesardeo Shyamsunder, 5 Clive Row, Calcutta-1, and their workman Shri Shyamsunder Kamat represented by Motor Workers' Union, 19/2A Pitambar Ghatak Lane, Calcutta-27, to this Court by its order No. 3252-I.R./IR/11L 208/69, dated the 15th May 1969, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), on the following issue:

### Issue

Whether refusal of employment to Shri Shyamsundar Kamat is justified? To what relief, if any, is he entitled?

A joint petition of compromise has been filed by the parties. In that joint petition it is stated that the Company will pay the workman Shri Shyamsundar Kamat a sum of Rs. 1,500 in full and final settlement of all his claims including the claims for reinstatement, retrenchment, leave-wages, bonus, etc., that the said workman will have no other claim whatsoever against the Company, that the workman agrees to accept the aforesaid terms and he signs the receipt of Rs. 1,500 after receiving the said amount and that he confirms that he will have no other claim against the Company.

The receipt showing payment of Rs. 1,500 to the workmen has been filed.

It appears that the terms of the petition of compromise are fair and reasonable. So the terms of copromise are accepted. The case is therefore disposed of in terms of the joint petition of compromise which do form a part of the award.

### AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Sur & Co., and their workmen represented by Messrs. Sur & Co. Sramik Union to this Tribunal by its order No. 4827-I.R., dated 11th July 1968, for adjudication under section 10 of Industrial Dispute Act, on the following issue:

**Issue**

Whether the termination of services of the workmen named in the attached list is justified? What relief, if any, are they entitled to?

List

1. Giridhari Chowdhury.
2. Ram Kanan Ganaria.
3. Bharma Singh.
4. Basari Dolai.
5. Hansa Kurni.
6. Bimal Kumar Ghosh.
7. Probir Jana.

8. Banku Behari Das.
9. Ranjit Sharma.
10. Hiru Jana.
11. Naren Das.

This reference was received on 15th July 1968. On 5th August 1969, notices were served. Pursuant to such notice the Union and the Company filed their written statement on 19th September 1968 and 17th November 1968 respectively. Direction was given for filing documents. Adjournment was asked for to file such documents from time to time by both the parties. On 4th of February 1969, one of the employees Shri Hansa Kurni appeared before me in the presence of the representative of the Company and filed a petition stating therein that he had amicably settled the dispute with the Company. I examined Hansa Kurni and Ranjit Kr. Sur for the Management and was satisfied that the dispute between Shri Kurni and the Management was amicably settled and the dispute had ceased to exist. On that day I passed an order that I would pass necessary award so far Hansa Kurni was concerned at the time of disposing of the matter finally. On 14th June 1969, a joint application was filed by the Company and the Union apprising me that out of the 10 remaining employees the Company had agreed to reinstate Shri Basari Dolai and Banku Behari Das and it was further agreed that they would not get any back wages from the Company. The said petition was signed by the employees concerned as well as Assistant Secretary of the Union. The petition was filed by Shri K K. Moitra, Advocate for the Management.

Perusing the petition and hearing the Union and the Company I passed an order on that day recording the fact that the dispute between the two workmen and the Management was settled in accordance with the terms contained in the petition and further recorded that I would pass necessary order at the time of final disposal of the matter which was ultimately fixed on 29th October 1969. On 29th October 1969, pursuant to a petition filed by the Management the matter was adjourned till 4th November 1969.

On 31st October 1969, however, both the parties filed a joint petition along with a memorandum of settlement settling the dispute in respect of the other employees too. I have perused the joint petition and the memorandum of settlement annexed thereto and I find the terms are fair, lawful, and reasonable and I have no hesitation to accept the said terms. The petition is signed by the partners on behalf of the Management and also by the General Secretary of the Union, Shri B. Bhosh along with other persons too. In view of the two petitions filed, dated 14th June 1969 and 31st October 1969, I pass an award regarding the abovementioned employees excepting Hansa Kurni that their dispute has been settled in accordance with the petition, dated 14th June 1969 and also according to the memorandum of settlement, dated 3rd October 1969, which was supported by a petition, dated 31st October 1969, mentioned hereto. The petition, dated 14th June 1969 and the memomandum of settlement, dated 3rd October 1969, annexed hereto will form part of the award.

So far Hansa Kurni is concerned, as the dispute had ceased to exist between him and the Management, I pass a 'no-dispute' award.

This is my award.

## AWARD

The Government of West Bengal, Labour Department, by order No. 5771-I.R./IR/10L-88(A)/68, dated 31st July 1968, referred for adjudication, under section 10 of the Industrial Disputes Act, to this Tribunal an industrial dispute in respect of the following issue existing between Messrs. Acc-Vickers-Babcock Ltd., P. O. Durgapur-6, district Burdwan, and their workmen represented by Acc-Vickers-Babcock Employees' Union, Shapna Market, Durgapur-6.

### Issue

Is the Company liable to pay bonus to its workmen for the financial year 1966-67 ? If so, at what rate ?

Both parties appeared before this Tribunal after getting notice of reference and filed their respective written statements The Company took a preliminary objection and that point was decided by this Tribunal by order No. 14, dated 5th September 1969 and it was held that the reference was maintainable. Afterwards the case was taken up for final hearing. On consent of both sides the Company led evidence first and O.P.W. 1 Mr. A D. Gupta was examined on behalf of the Company. Some documents were also marked as exhibit on the side of the Company. O.P.W. 1 was cross-examined at length by the learned representative of the Union. The Union did not examine any witness nor did it produce any document as exhibit The learned representatives of both sides next submitted their arguments at length.

The Union in its written statement filed on 24th October 1968 prays for an award holding that the Company is under obligation to pay bonus to the workmen and directing the Company to pay proper bonus to each of the employees for the year 1966-67. It is alleged by the Union that the books of accounts of the Company do not reflect true state of affairs of the business. The Union maintains that the workmen are entitled to substantial bonus and alleges that the action of the Company in refusing to pay bonus is arbitrary, illegal and vindictive. It also submits that the Company did not even pay the minimum bonus as per Bonus Act and an ad-hoc arrangement was made in terms of an agreement, dated 15th September 1967, where it was agreed that the matter be referred to a Tribunal and accordingly this reference has been made.

The Company filed its written statement on 6th January 1969 in which it pleads, inter alia, that the description in the order of reference is misconceived and it has been made in excess of the provisions of the tripartite agreement, dated 15th September 1967. The Company also submits that the trial run of the establishment commenced in the year 1961-62, whereas the manufacture therein started in 1962-63 and that the establishment has been incurring losses every year. Though there was some profit in the year 1965-66, the outstanding loss was much higher than the profit which was adjusted against that loss. The total loss carried forward at the end of 1966-67 was Rs. 2,05,43,223. The Company denies that the books of accounts are not properly maintained and it asserts that books of accounts are audited from year to year by qualified auditors. As a matter of abundant precaution and to preserve cordial employer-employee relationship, the Company from time to time sent its audited accounts to the Commercial Accounts Department of the Government of West Bengal The Company also denies the plea of the Union that the instant order of reference is in terms of an agreement, dated 15th September 1967. Lastly it is the positive case of the Company that under the Payment of Bonus Act it is not liable to pay bonus for the year under review as it is running at a loss and has not completed the sixth accounting year since the Company began to sell the goods produced by it.

The Union filed an additional written statement on 29th August 1969 in which it is alleged that the year 1966-67 was also the sixth accounting year following the accounting year in which the employer sold the goods produced or manufactured by it or rendered services, as the case may be, from this establishment.

The Company had taken a preliminary objection in its written statement to the effect that in terms of the Memorandum of Settlement, Ext. A, dated 15th September 1967, the order of reference is misconceived and the reference has been made in excess of the provisions of this agreement. This objection was heard as a preliminary point and I have already discussed this matter in details in order No. 14, dated 5th September 1969 and it has been held in that order that the reference is maintainable.

The Company has produced balance sheet and profit and loss account from the year 1961-62 to 1966 67. These appear to have been duly audited by qualified chartered accountants. Under section 33 of the Payment of Bonus Act the statements and the particulars contained in the balance sheet and the profit and loss account of an employer, being a Company, duly audited by qualified auditors, may be presumed to be accurate. The Union in its written statement has vaguely suggested that the books of accounts of the present Company are maintained in a manner which do not reflect true state of affairs of the business. The onus, therefore, lies on the Union to disprove the correctness of the figures appearing in the balance-sheets produced by the Company. But the Union has hopelessly failed to discharge this onus. No witness has been examined nor any document produced by the Union to prove that the statements contained in the books of accounts exhibited by the Company are wrong. This Tribunal, therefore, should preasume the statements appearing in these books of accounts as correct.

It is the evidence of O.P.W. 1 Mr. A. D. Gupta, Deputy Chief Accountant of the Company that the Company was running at a loss since 1961-62. He has given the figures of different years as follows :—

| Year | | Net Loss. | Cumulative loss. |
|---|---|---|---|
| | | Rs. | Rs. |
| 1961-62 | ... | 44,31,318.00 | up to 31-3-62— 46,03,078.00 |
| 1962-63 | ... | 45,53,009.00 | up to 31-3 62— 91,56,087.00 |
| 1963-64 | ... | 14,72,753.00 | up to 31-3-64—1,06,28,840.00 |
| 1964-65 | | No profit after allowing for development rebate reserve. | up to 31-3-65—1,06,28,840.00 |
| | | Net profit.<br>Rs. | Rs. |
| 1965-66 | ... | 9,52,414.00 | up to 31-3-66—96,76,426.00 |
| | | Net loss.<br>Rs. | Rs. |
| 1966-67 | ... | 1,08,66,797.00 | up to 31-3-67—2,05,43,223.00 |

In page 2 of the written statement also the Company has stated these figures of loss incurred by it in different years. Even in the additional written statement filed by the Union long after the filing of the written statement by the Company, there is no denial against the correctness of these figures appearing in the written statement of the Company. The books of accounts Exts. B to B(5) also go to support the oral testimony of O.P.W. 1 Mr. Gupta. It is significant to note that the Union has not examined any witness to deny the evidence given by Mr. Gupta.

I must, therefore, take the evidence of Mr. Gupta as true and I find that the Company was running at a loss since 1961-62 to 1966-67; and though it made profit in the year 1965-66 there was cumulative loss all along. It should also be noted that according to Mr. Gupta financial year of the Company is from 1st April to 31st March and it is all along the same from 1961-62 to 1966-67. It is also his evidence that the production first started in the Company in the year 1962-63 and it was some time around June 1962. There is no donial to these statements of Mr. Gupta from the side of the Union.

Sub-section (1) of section 16 of the Payment of Bonus Act, 1965, runs as follows :—

> "Where an establishment is newly set up, whether before or after the commencement of this Act, the employees of such establishment shall be entitled to be paid bonus under this Act only—
>
> (a) from the accounting year in which the employer derives profit from such establishment; or
>
> (b) from the sixth accounting year following the accounting year in which the employer sells the goods produced or manufactured by him or renders services, as the case may be, from such establishment,
>
> whichever is earlier".

I have already shown that from the oral and documentary evidence adduced by the Company it has been amply established that the Company was running at a loss all along since it began to produce goods. We have got from the evidence of Mr. Gupta that the production started in this establishment some time around June 1962. In the profit and loss account for the year 1961-62 (Ext. B) Rs. 54,513.00 has been shown under the head 'Miscellaneous income". O.P.W. 1 Mr. Gupta has testified that the main item in the miscellaneous income was licence fees recovered from the employees of the Company to whom housing accommodation was given in the colony of the Company. In the same page Rs. 82,867.00 has been shown under the head "Sale of products and Services". It is the positive evidence of Mr. Gupta that some machines were tried out and the resulting work yielded about Rs. 5,000 as sale value of the production obtained in that trial run; and the remaining amount under this head was made up of sales resulting out of direct outside purchases which did not come to Durgapur Works. This evidence too goes unchallenged by the Union. It is clear from the evidence of Mr. Gupta that before a particular machine is commissioned to produce goods which would be sold in market, it is subjected to a trial run for some time for testing the efficiency of the machine and this happened in the year 1961-62, in the present Company; and the sale value of the goods produced in course of that trial run has been shown in the profit and loss account of the year 1961-62, namely, Ext. B. There was no manufacture in this Company in 1960-61 as appears from the evidence of Mr. Gupta. Moreover, this fact will also appear from this profit and loss account of 1961-62 (Ext. B) also. In all the profit and loss accounts of different years, excepting 1961-62, the figures of "previous year" have been given; but in the profit and loss account of 1961-62 (Ext. B) no figure appears under the column "previous year" which has been left blank indicating that there was no sale of products and services and no income in the year preceding 1961-62. Moreover, in the "Report of the Directors" for the year 1962-63 it is said in paragraph 8 :

> "It is *just* over a year since the Company went into production" [Vide page 5 of Ext. B(1)].

The date of this report of the directors is 17th July 1963. From this report also it is clear that the Company went into production just before July 1962 and this fact corroborates the evidence of Mr. Gupta that production first started around June 1962. It may also be noted that in the report of the directors for the year 1961-62 (Ext. B) there is no mention of "operation" which finds place in the report of other years. In paragraph 3 of the Directors' Report for the year 1961-62 (Ext. B) it has been stated:

> "Certain of the heavier machine tools are yet to be received from overseas but it is expected that the initial construction programme will be completed and the works fully equipped by the end of September of this year".

Thus from this report also we get that there was no production in 1961-62.

O.P.W. 1 Mr. Gupta has said that the balance-sheets and the profit and loss accounts of the Company have been prepared in accordance with the "form" as required under the Companies' Act. The learned Advocate for the Company has submitted that the wordings in the columns like "Sale of products & Services", "Miscellaneous Income", etc., have been given as per direction contained in that prescribed form.

It has been clearly established from oral and documentary evidence adduced in this case that in the year 1961-62 there was no manufacturing work by this Company. The Company began to sell the goods produced or manufactured by it from the year 1962-63. The first year following this accounting year 1962-63 will be 1963-64 and the sixth accounting year following 1962-63 will be 1968-69. Under section 16 of the Payment of Bonus Act the Company is entitled to enjoy "Bonus holiday" up to 1967-68 and it would be liable for payment of bonus since 1968-69.

Considering all these evidence adduced and the principles of law as discussed above I find that the Company is not liable to pay bonus for the financial year 1966-67 as it is running at a loss and as the year under reference is the fourth accounting year following the year in which the Company first began to sell the goods manufactured by it. The workmen of the Company are not, therefore, entitled to bonus for the year 1966-67.

This is my award.

**Forwarding of applications and submission of advance copies**

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service.

Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not, however, be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

(2) If in the result of such inquiry the Court finds that the subject-matter of the suit has not been undervalued the Court may, in its discretion, order that all or any part of such costs shall be paid by the State Government or by any party to the suit at whose instance the inquiry has been undertaken, and if any amount exceeding the proper amount of fee has been paid shall refund the excess amount so paid.

Provided that, where the additional fee is payable in respect of a portion of the claim which can be relinquished, that portion only shall be dismissed.

*The West Bengal Court-fees Ordinance, 1969.*

(*Chapter III.—Computation of fees.—Sections 16—19.*)

**Decision of questions as to valuation.**

16. (1) Every question relating to valuation for the purpose of determining the amount of any fee chargeable under this Chapter on a plaint or memorandum of appeal shall be decided by the Court in which such plaint or memorandum, as the case may be, is filed, and such decision shall be final as between the parties to the suit.

(2) But whenever any such suit comes before a Court of Appeal, reference or revision, if such Court considers that the said question has been wrongly decided, to the detriment of the revenue, it shall require the party by whom such fee has been paid to pay so much additional fee as would have been payable had the question been rightly decided,

(a) if the party required to pay is the appellant or petitioner, the provisions of sub-sections (2) and (3) of section 10 shall, so far as may be, apply;

(b) if the party required to pay is the respondent or the opposite party, the provisions of sub-section (2) of section 10 shall, so far as may be, apply, and, if such party fails to pay the fee required before the date fixed by the Court, the Court shall recover the amount of such fee from him as a public demand.

**Recovery of deficit court-fee in certain cases.**

17. (1) The High Court shall, when dealing with an application for leave to appeal to the Supreme Court, make an order for the payment of any deficit court-fee with such interest not exceeding six *per centum per annum* as the High Court may direct, in all cases where the High Court finds that the subject-matter of the suit or appeal had been undervalued either in the Court of first instance or in the Court of Appeal or in both, irrespective of whether the certificate of fitness for appeal to the Supreme Court is or is not granted.

(2) The fee together with interest thereon found to be payable under sub-section (1) shall be paid by the party ordered to do so and if such party fails to pay the amount required before the date fixed by the High Court, it shall be recoverable from him as a public demand.

**Refund of fee paid on memorandum of appeal.**

18. If an appeal or plaint, which has been rejected by the lower Court on any of the grounds mentioned in the Code of Civil Procedure, is ordered to be received, or if a suit is remanded in appeal, on any of the grounds mentioned in Order XLI, rule 23 of the same Code for a second decision by the lower Court, the Appellate Court shall grant to the appellant a certificate, authorizing him to receive back from the Collector the full amount of fee paid on the memorandum of appeal:

Provided that if, in the case of a remand in appeal, the order of remand shall not cover the whole of the subject-matter of the suit, the certificate so granted shall not authorize the appellant to receive back more than so much fee as would have been originally payable on the part or parts of such subject-matter in respect whereof the suit has been remanded.

**Refund fee on application for review of judgment.**

19. Where an application for a review of judgment is presented on or after the ninetieth day from the date of the decree, the Court, unless the delay was caused by the applicant's laches, may, in its discretion, grant him a certificate authorizing him to receive back from the Collector so much of the fee paid on the application as exceeds the fee which would have been payable had it been presented before such day.

*The West Bengal Court-fees Ordinance, 1969.*

(2) Nothing in sub-section (1) of this section shall entitle the applicant to such certificate where the reversal or modification is due, wholly or in part, to fresh evidence which might have been produced at the original hearing.

**Multifarious suits.**

21. (1) In any suit in which two or more separate and distinct causes of action are joined and separate and distinct reliefs are sought in respect of each, the plaint or memorandum of appeal shall be chargeable with the aggregate amount of the fees with which the plaints or memoranda of appeal would be chargeable under this Ordinance in separate suits instituted in respect of each such cause of action:

Provided that nothing in this sub-section shall be deemed to affect any power conferred by or under the Code of Civil Procedure, 1908, to order separate trials. 5 of 1908.

(2) Where more reliefs than one based on the same cause of action are sought either jointly or in the alternative, the fee shall be paid according to the value of the relief in respect of which the largest fee is payable.

**Written examinations of complainants.**

22. When the first or only examination of a person who complains of the offence of wrongful confinement, or of wrongful restraint, or of any offence other than an offence for which police officers may arrest without a warrant, and who has not already presented a petition on which a fee has been levied under this Ordinance, is reduced to writing under the provisions of the Code of Criminal Procedure, the complainant shall pay a fee of one rupee unless the Court thinks fit to remit such payment. 5 of 1898.

**Exemption of certain documents.**

and if such Authority is satisfied that a greater fee was paid on the probate or letters than the law required, the said Authority may—

(a) cancel the stamp on the probate or letters, if such stamp has not been already cancelled;

**Relief where debts due from a deceased person have been paid out of his estate.**

25. (1) Whenever it is proved to the satisfaction of such Authority that an executor or administrator has paid debts due from the deceased to such an amount as, being deducted out of the amount or value of the estate, reduces the same to a sum which, if it had been the whole gross amount or value of the estate, would have occasioned a less court-fee to be paid on the probate or letters of administration granted in respect of such estate than has been actually paid thereon under this Ordinance, such Authority may return the difference, provided the same be claimed within three years after the date of such probate or letters.

(2) But when, by reason of any legal proceeding, the debts due from the deceased have not been recovered and made available, and in consequence thereof the executor or administrator is prevented from claiming the return of such difference within the said term of three years, the said Authority may allow such further time for making the claim as may appear to be reasonable under the circumstances.

**Relief in case of several grants.**

26. (1) Whenever a grant of probate or letters of administration has been or is made in respect of the whole of the property belonging to an estate, and the full fee chargeable under this Ordinance has been or is paid thereon, no fee shall be chargeable under the same Ordinance when a like grant is made in respect of the whole or any part of the same property belonging to the same estate.

(2) Whenever such a grant has been or is made in respect of any property forming part of an estate, the amount of fees then actually paid under this Ordinance shall be deducted when a like grant is made in respect of property belonging to the same estate, identical with or including the property to which the former grant relates.

**Probates declared valid as to property though not covered by court-fee.**

27. The probate of the will, or the letters of administration of the effects, of any person deceased heretofore or hereafter granted shall be deemed valid and available by his executors or administrators for recovering, transferring or assigning any movable or immovable property whereof or whereto the deceased was possessed or entitled, either wholly or partially as a trustee, notwithstanding the amount or value of such property is not included in the amount or value of the estate in respect of which a court-fee was paid on such probate or letters of administration.

**Provision for case where too low a court-fee has been paid on probates, etc.**

28. Where any person on applying for probate or letters of administration has estimated the estate of the deceased to be of less value than the same has afterwards proved to be, and has in consequence paid too low a court-fee thereon, the Board of Revenue for the local area in which the probate or letters has or have been granted may, on the value of the estate of the deceased being verified by affidavit or affirmation, cause the probate or letters of administration to be duly stamped on payment of the full court-fee which ought to have been originally paid thereon in respect of such value and of the further penalty, if the probate or letters is or are produced within one year from the date of the grant, of five times, or, if it or they is or are produced after one year from such date, of twenty times, such proper court-fee, without any deduction of the court-fee originally paid on such probate or letters:

Provided that, if the application be made within six months after the ascertainment of the true value of the estate and the discovery that too low a court-fee was at first paid on the probate or letters, and if the said Authority is satisfied that such fee was paid in consequence of a mistake or of its not being known at the time that some particular part of the estate belonging to the deceased, and without any intention of fraud or to delay the payment of the proper court-fee, the said Authority may remit the said penalty, and cause the probate or letters to be duly stamped on payment only of the sum wanting to make up the fee which should have been at first paid thereon.

**Administrator to give proper security before letters stamped under section 28.**

29. In case of letters of administration on which too low a court-fee has been paid at first, the said Authority shall not cause the same to be duly stamped in manner aforesaid until the administrator has given such security to the Court by which the letters of administration have been granted as ought by law to have been given on the granting thereof in case the full value of the estate of the deceased has been then ascertained.

**Executors, etc., not paying full court-fee on probates, etc., within six months after discovery of under-payment.**

30. Where too low a court-fee has been paid on any probate or letters of administration in consequence of any mistake, or of its not being known at the time that some particular part of the estate belonged to the deceased, if any executor or administrator acting under such probate or letters does not, within aix months after the discovery of the mistake or of any effects not known at the time to have belonged to the deceased, apply to the said Authority and pay what is wanting to make up the court-fee which ought to have been paid at first on such probate or letters, he shall forfeit the sum of one thousand rupees and also a further sum at the rate of ten *per cent.* on the amount of the sum wanting to make up the proper court-fee.

**Notice of applications for probate or letters of administration to be given to Revenue-authority and procedure thereon.**

31. (1) Where an application for probate or letters of administration is made to any Court other than the High Court, the Court shall cause notice of the application to be given to the Collector.

(2) Where such an application as aforesaid is made to the High Court, the High Court shall cause notice of the application to be given to the Board of Revenue for the local area in which the High Court is situated.

(3) The Collector within the local limits of whose Revenue-jurisdiction the property of the deceased or any part thereof is, may at any time inspect or cause to be inspected, and take or cause to be taken copies of, the record of any case in which application for probate or letters of administration has been made; and if, on such inspection or otherwise, he is of opinion that the petitioner has under-estimated the value of the property of the deceased, the Collector may, if he thinks fit, require the attendance of the petitioner (either in person or by agent) and take evidence and inquire into the matter in such manner as he may think fit, and, if he is still of opinion that the value of the property has been under-estimated, may require the petitioner to amend the valuation.

(4) If the petitioner does not amend the valuation to the satisfaction of the Collector, the Collector may move the Court before which the application for probate or letters of administration was made, to hold an inquiry into the true value of the property:

Provided that no such motion shall be made after the expiration of six months from the date of the exhibition of the inventory required by section 317 of the Indian Succession Act, 1925. 39 of 1925.

(5) The Court, when so moved as aforesaid, shall hold, or cause to be held, an inquiry accordingly, and shall record a finding as to the true value, as near as may be, at which the property of the deceased should have been estimated. The Collector shall be deemed to be a party to the inquiry.

(6) For the purposes of any such inquiry, the Court or person authorized by the Court to hold the inquiry may examine the petitioner for probate or letters of administration on oath (whether in person or by commission), and may take such further evidence as may be produced to prove the true value of the property. The person authorized as aforesaid to hold the inquiry shall return to the Court the evidence taken by him and report the result of the inquiry, and such report and the evidence so taken shall be evidence in the proceeding, and the Court may record a finding in accordance with the report, unless it is satisfied that it is erroneous.

(7) The finding of the Court recorded under sub-section (5) shall be final, but shall not bar the entertainment and disposal by the Board of Revenue of any application under section 28.

(8) The State Government may make rules for the guidance of Collectors in the exercise of the powers conferred by sub-section (3).

**Payment of court-fees in respect of probates and letters of administration.**

32. (1) No order entitling the petitioner to the grant of probate or letters of administration shall be made upon an application for such grant until the petitioner has filed in the Court a valuation of the property in the form set forth in Schedule III, and the Court is satisfied that the fee mentioned in No. 10 of Schedule I has been paid on such valuation.

(2) The grant of probate or letters of administration shall not be delayed by reason of any motion made by the Collector under sub-section (4) of section 31.

**Recovery of penalties, etc.**

33. (1) Any excess fee found to be payable on an inquiry held under sub-section (6) of section 31, and any penalty or forfeiture under section 30, may, on the certificate of the Board of Revenue, be recovered from the executor or administrator as if it were an arrear of land-revenue by any Collector.

(2) The Board of Revenue may remit the whole or any part of any such penalty or forfeiture as aforesaid, or any part of any penalty under section 28 or of any court-fee under section 28 in excess of the full court-fee which ought to have been paid.

**Section 42 not to apply to probates or letters of administration.**

34. Nothing in section 42 shall apply to probates or letters of administration.

Chanda & Co., and their workmen represented by West Bengal Engineering Workers' Union, to this Tribunal for adjudication on the following issue:

Bonus for the accounting year 1965.

Upon service of notices both parties entered appearence. After taking quite a large number of adjournments the Union filed written statement on 3rd June 1969. The Company filed written statement on 17th June 1969. Subsequently the parties settled the dispute and filed a memorandum of settlement signed by both parties' representatives.

Perused the terms of settlement which appear to be fair and lawful. It shows that the workmen had already received the quantum of bonus, i.e., 30 days' wages on pro rata basis for the relevant year ending on 31st December 1965 and it was further recorded therein that the payment had been received by the workmen in full and final settlement. In the circumstances the case is disposed of by a compromise award in terms of the settlement contained in the memorandum of settlement filed.

The issue was further taken up for discussions amongst the parties and finally both the parties mutually agreed to withdraw the case on the following terms of settlement.

## AWARD

By order No. 2606-I.R./IR/11L-106/68, dated the 4th May 1968, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Hindusthan Lever Limited, Ilaco House, 1 and 2 Brabourne Road, Calcutta-1, and their workmen represented by Hindusthan Lever Mazdoor Sabha, 48 Diamond Harbour Road, Calcutta, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

### Issue

Whether the increase in the cost of lunch from 53 paise to 78 paise with effect from 13th July 1967 is justified ? If not, at what rate should an employee pay per lunch ?

On receipt of the notices issued by this Tribunal, the Union (i.e. Hindusthan Lever Mazdoor Sabha) and the Company duly entered appearance in the case and filed their written statements on 8th June 1968 and 10th July 1968 respectively.

The Union's case, bereft of unnecessary details, is that since June 1961 the Company has been supplying lunch, on the basis of a settlement with the Union, to the members of the staff at its Calcutta Office at 53 paise per lunch and has been bearing the remainder of the total cost for that purpose; that for about 1½ years the Company used to prepare the said subsidised lunch in its factory at 63 Garden Reach, Calcutta-24 and bring the same from the said factory to its Calcutta Branch Office by its own transport and serve the meals to the members of the staff there through its own employees and that the Company dispensed with the services of the workmen engaged for the purpose of preparing and serving the subsidised lunch purely as a economic measure and appointed a contractor for supplying the lunch to the staff; that after some time there was resentment amongst the members of the staff as there was deterioration in quality and reduction in quantity of the food supplied by the contractor and accordingly the Union took up the matter with the management but with no result, and strangely enough, the Company with vengeance and pursuing a mala fide policy issued a notice arbitrarily and illegally on 13th July 1967 increasing each employee's contribution towards the cost of the subsidised lunch; that the benefit of such subsidised lunch at the rate of 53 paise per lunch was a part of the service conditions of the employees and the Company had no right to increase the employees' contribution towards the cost of the subsidised lunch without consulting the employees or their Union; that the Company had not, as a matter of fact, any consultation with the Union in the matter, nor it followed the procedure prescribed in section 9A of the Industrial Disputes Act for that purpose; that the employees, therefore, protested against that action of the Company and made strong representation to the Company in the matter which was not, however, heeded to by the Company, that after a careful consideration of the whole matter and on the request of the Conciliation Officer the Union advised the employees to pay the extra cost illegally imposed by the Company on that score under protest and without any prejudice to their fights and contentions and then. the matter was taken up by the Union with the Labour Directorate of the Government of West Bengal resulting in the instant reference.

In the written statement filed by the Company it has been categorically denied that the benefit of the subsidised lunch at 53 paise per lunch forms part of the amenities to which the employees are entitled under the terms and conditions of their service and it has been contended that the lunch subsidy was voluntarily offered by the Company and it continued to be so. Again, it has been contended in the written statement filed by the Company that initially the lunch used to be brought and supplied from the Company's factory at Garden Reach and as the employees were not satisfied with that arrangement an outside caterer was asked to supply the lunch and this caterer found it difficult, after supplying the lunch for some time, to supply the same at the previous rate in view of the rise in the price of foodstuff and consequently he stopped supplying lunch. In the year 1964 another caterer was selected by some of the employees, as averred in the written statement filed by the Company, and he has been supplying the lunch since then and the said caterer intimated to the Company that having regard to the enormous increase in the price of foodstuff he would levy an extra charge of 25 paise per lunch and accordingly the Company put up a notice on 13th July 1967 informing the employees that the lunch caterer would levy an extra charge of 25 paise per lunch, and the employees who would take lunch would be required to pay 78 paise per lunch from 17th July 1967 and onward. The aforesaid increase in the employees' contribution towards the cost of subsidised lunch was effected, according to the Company, by the lunch caterer and the Company had no hand in the matter. The other material allegations made in the written statement filed by the Union, have been stoutly denied by the Company in its written statement and it has been contended that the Union is not entitled to any relief in the case.

Now, the main issue involved in the present reference is whether the increase in the cost of lunch from 53 paise to 78 paise with effect from 13th July 1967 is justified. The other issue is purely ancillary to the above issue. So, we are to determine first of all whether the aforesaid increase in the cost of lunch was justified or not. The Union's claim in this regard was sought to be resisted by the learned representative of the Company by advancing an argument to the effect that the said claim cannot stand as the Union has failed to prove the settlement referred to in paragraph 13 of its written statement. In paragraph 13 of the written statement filed by the Union it has really been stated that by virtue of a settlement with the Union the Company has been supplying lunch to the members of its staff at Calcutta Office at 53 paise per lunch and it has been contended by the learned representative for the Company that no such settlement having been proved in the case, the Union's claim must fail. But I do not think that the aforesaid contention of the learned representative of the Company holds any water. I say so as in the written statement filed by the Company it has been clearly admitted that the Company voluntarily offered subsidised lunch to its employees at Calcutta Office from the year 1960. It has also been admitted before me by the learned representative of the Company in course of his argument that the aforesaid facility was given to those employees since July 1967. Time and again it has been contended in the written statement filed by the Company that the lunch subsidy has been voluntarily offered by the Company and it has been continuing to be so. Therefore, it is not disputed in the case that at least since July 1961 the employees of the Company i.e. the members of the staff of the Company at its Calcutta Office have been receiving lunch at 53 paise per lunch and that the Company has been bearing the balance of the total cost for that purpose. So, it is of no moment at all that no written agreement entitling the members of the staff of the Company (at its Calcutta Office) to receive the subsidised lunch, has been proved in the case. I shall show later on that the Union's contention regarding such settlement in the matter cannot also be ignored at all. For the present I only like to mention over again that in the written statement filed by the Company it has been clearly admitted that the Company voluntarily offered the subsidy towards lunch from the year 1960 and that the facility in this regard was given to the Company's staff at Calcutta Office since 14th July 1961, and the said admission in the written statement renders the question as to whether there was any initial settlement in the matter altogether insignificant. Then it has been contended by the learned representative of the Company that the Company never supplied the lunch to its employees and it only acted as a via-media between the Union and the caterer in the matter. The Company, therefore cannot be held responsible, as argued by the learned representative for the Company, for any increase in the employee's contribution towards the cost of the subsidised lunch. In support of that contention Exts. U14 and 24 have been referred to by the learned representative for the Company. But this question has also, in my opinion, no importance in the case in view of the admission, as already referred to by me, made in the written statement filed by the Company It being admitted that since July 1961, the members of the Company's staff at its Calcutta Office have been getting subsidised lunch at 53 paise per lunch, the Company cannot certainly withdraw that privilege on the ground that there has been a rise in the price of foodstuff as it appears from Ext. E6 that on 12th January 1965 there was a settlement between the Company and the Union and in that settlement it was clearly laid down that "the existing privileges, terms and conditions, excepting to the extent modified by this agreement will continue." So, the question as to whether the Company itself supplied the subsidised lunch to its staff at Calcutta Office or it acted as a via-media between the Union and the caterer in the matter is of no importance, I may say again, in determining the main issue involved in the reference. The agreement, Ext. E6 having been entered into between the Union and the Company on 12th January 1965 and it having been clearly provided therein that the existing privileges, terms and conditions, excepting to the extent modified by that agreement, would continue, the workmen would certainly continue to get the subsidised lunch which they had been admittedly getting since July 1961. But the learned representative for the Company has argued again that the benefit of subsidised lunch was not a part of the amenities to which the employees are entitled under the terms and conditions of their service and accordingly this Tribunal cannot impose upon the Company the liability in that matter for all time to come. In support of that contention 1965 (II) L.L.J. page 657, and 1960 (II) L.L.J. page 219 have been cited by the learned representative for the Company. But I must say that the facts involved in those cases were altogether different from the facts of the present case and the questions for determination in those cases were also different from those of the present one. Here in this case there is absolutely no evidence to show that the payments made by the Company towards the cost of the lunch supplied to its workmen were ex-gratia payments and were accepted as as such by the workmen. On the other hand, it is admitted in the written statement filed by the Company and also in Ext. E1 that the employees get subsidised lunch. In the written statement filed by the Company it is admitted again that since July 1961 the employees of the Company i.e. the members of the staff of the Company at its Calcutta Office have been getting subsidised lunch at 53 paise per lunch. In the agreement Ext. E6 the aforesaid right of the workmen to get subsidised lunch was not put an end to, and it was rather provided therein that the workmen concerned would continue to enjoy that privilege. So, I cannot persuade myself to accept the view of the learned representative of the Company that the payments made by the Company towards the cost of the subsidised lunch were ex-gratia payments and that those payments were matters of bounty. In my opinion, the continued payments made by the Company towards the cost of the subsidised lunch for so many years go to indicate that those payments were not matters of bounty and that they are connected with the conditions of service of the workmen concerned. In other words, it is my finding that the right of the members of the Company's staff in its Calcutta Office, to get subsidised lunch at 53 paise per lunch, is a part of the conditions of service of those workmen. It has, of course, been pointed out to me by the learned representative for the Company that in Ext. E1 (a memorandum of settlement) it was clearly stipulated that "the Company is prepared to look into canteen arrangements, wherever possible, but there will be no subsidy on food." But that settlement was to remain in force, as we get from that document, up to and including 31st December 1963. Moreover, we get from Ext. E6 that by a notice under section 19(2) of the Industrial Disputes Act, served by the Secretary of the Mazdoor Sabha, the said settlement was terminated, and in its place the settlement, as embodied in Ext. E6, was entered into between the parties. Further it is the admitted case of the Company, as already said, that since July 1961 the subsidised lunch was being given to the workmen concerned. So, the stipulation in Ext. E1, as referred to by the learned representative for the Company, does not afford any justification for an inference that the Company did not undertake to supply the subsidised lunch to the workmen at a fixed price of 53 paise per lunch. I may mention here once again that in paragraph 13 of the written statement filed by the Company it has been admitted that from before the signing of the agreement, Ext. E6 the Company used to give the subsidy and the said practice was continued even thereafter and that in paragraphs 10 and 11 of the said written statement it has also been categorically mentioned that the Company voluntarily offered the subsidy towards lunch from the year 1960 and that it came to be effective since July 1961. Therefore, it is abundantly clear that the Company undertook the liability to give to the employees concerned the subsidised lunch at 53 paise per lunch and that the Company had been following that practice since 14th July 1961. That being so, the right of the workmen concerned to get the subsidised lunch at 53 paise per lunch must be certainly deemed to be a condition of their service. It is needless for me to consider whether the Company followed the provisions of section 9A of the Industrial Disputes Act before issuing the notice, dated 13th July 1967, increasing the employee's contribution towards the cost of the subsidised lunch as the agreement, dated 12th January 1965, Ext. E6, is binding on the Company and also on the Union. In that agreement (i.e. memorandum of settlement) there is clear provision, as already mentioned by me, for continuation of the privileges enjoyed so long by the workmen concerned. Clause 18 of the terms of agreement, Ext. E6, is the relevant clause and therein we get that the existing privileges, terms and conditions, except to the extent modified by that agreement, would continue. That being so, the Company had no right whatsoever to increase the amount of employee's contribution towards the cost of the subsidised lunch and accordingly I hold that such increase was absolutely illegal and unjustified. Consequently I hold again that an employee is to pay at the rate of 53 paise only per lunch as before. The Company is directed to compensate the employees to the extent of the extra cost, if any, realised from them on that score.

This is my award.

After service of usual notices the parties entered appearance and filed written statements. At the very outset I may point out that all the four issues mentioned in the order of reference were included in a previous reference. As the Sales Staff were also included in the previous reference, the Company took preliminary objection and issue No. 4 regarding D.A. to Sales Staff was declared incompetent under an order of the High Court. Thereafter the present reference was made concerning the Sales Staff.

The written statement filed by Jay Engineering Workers' Union consists of two parts. In part I the Union gave a brief history of Jay Engineering Works and the Union's role in the development of the industry. In that part as well the Union gave a resume of the service conditions of the employees and declining share of the employees and brief history of the disputes which resulted in the present reference. In part II the case of the Union under the different issues was laid down.

The appearances of the parties are as follows :—

For the Company : Dr. J. K. Bose.

For the Union : Shri Patit Paban Pathak, assisted by Shri Ramen Sengupta and Shri Ranjit Bose.

I propose to take up the issues one by one and state the cases of the respective parties on each issues.

**Issue No. 1.—Profit Sharing Bonus for 1962-63**

The Union's case is that since 1952 all the employees of Messrs. Jay Engineering Works Ltd. have been getting profit bonus under a profit sharing scheme which is made annexure 'A' to the written statement. This scheme functioned smoothly so far as employer-employee ratio was concerned till the management started a Selling Agency controlled by the same persons and, as a result, a big portion of the profit was diverted to the Selling Agency. The management without submitting any written calculation as per scheme verbally placed some figures before the Works Committee Members and the Works Committee Member scrutinised the same and the Union immediately raised their protest regarding calculation. The Union's dispute centres round the following items :—

(i) that the loss incurred by the Hyderabad factory had not been properly added back to profit for the purpose of calculation of profit bonus;

(ii) Rs. 11.63 lacs had been provided for the Company arrear provident fund contribution;

The Union's demand is that this should be added back because these were not referable to the working year under review.

(iii) A sum of Rs. 71.639 as shown in Profit and loss account under the head "charity and donations" should also be added back inasmuch as the said expenditure was not an allowable expense.

(iv) The profit under Import Entitlement had been estimated at a figure which is less than what it should be.

(v) The declared amount of profit bonus was also not made available for distribution because the management deducted sum of Rs. 75,000 under loan account.

The Union's contention is that this deduction is unjustified because the amount is a disputed matter. The Union therefore demanded that the calculation should be made afresh for ascertaining the employees' share of the profit bonus and it also raised a question as to the mode of distribution which had been modified to a large extent by the agreement, dated 20th September 1962 and other agreements subsequent thereto and prayed that such points of dispute should be resolved to remove anomalies and injustices in the system of distribution and it asserted that the high ranking officers on contract basis should be excluded from the scheme and the employees under the Sales Department who are getting commission and getting only 50 per cent. towards profit bonus should be held entitled to get on the 100 per cent. basis.

The Company's case is stated in paragraph 5 of its written statement. Company's case on this issue is that the Company has been paying to its employees profit sharing bonus in terms of the resolution of the board of directors, dated March 8, 1951 and in accordance with the said resolution the Company continued to pay profit sharing bonus year by year. The Company then stated that by a judgement, dated December 12, 1962, the Supreme Court held that for the purposes of contribution to the Company's provident fund a portion of the production bonus between the "quota" and the "norm" should be treated as a part of basic wages. As a result of this judgment the Company became liable to contribute to the provident fund in respect of past arrears from January 1, 1960, an amount of Rs. 11,63,000 in respect of such production bonus. This amount was adjusted by the Company by charging the same to the profit and loss account for the year ending 31st March 1963 as the Company was bound to do. As a result profit sharing bonus payable in terms of the Board resolution became less than in the previous years but the Company to some extent compensated it by creating an anticipated profit of Rs. 10,25,500 in respect of the value of Import Licences which the Company was entitled to receive under the Special Export Promotion Scheme for Engineering Goods in respect of exports made up to 31st March 1963. This was done inspite of the fact that no sales had actually been made on such import licences. As such the Company's calculation of gross profits for the purpose of determining the profit sharing bonus was quite proper and in terms of the Board Resolution referred to above. The demand of the Union for profit sharing bonus calculated neither upon the Full Bench Formulla nor on the basis of Board's resolution should therefore be negatived.

It was conceded by Shri Pathak for the Union during argument that the accounts for the relevant year should be decisive when no new or fresh evidence was given by either party in the present case and when in point of fact the earlier award on this issue has been assailed in the High Court and that matter is still pending in the High Court. I should point out here and now that excepting the previous award which is Ext. K/1 in this case neither party placed before me the accounts for the relevant year afresh in this case and they relied on the account figures as found incorporated in the previous award. Issue No. 1. in Ext. K/1 was also profit sharing bonus for the year 1962-63. That issue is found discussed at pages 1399 to 1401 of the Calcutta Gazette, dated December 19, 1968. It would appear therefrom that the points of dispute were the same as in the present case. This Tribunal in its previous award Ext. K/1 answered all the points against the Union except as to the sum of Rs. 71,639 shown under head "charity and donations" and this Tribunal held further that this deduction was mala fide and being so the amount should be added to the gross profit for the year under review and in the ultimate analysis the profit bonus for 1962-63 was worked out by this Tribunal at Rs. 16.24 lacs instead of 14.99 lacs provided in the profit and loss account for the year under review. Admittedly the Sales Staff is under different service conditions as would appear from paragraph 4 of the written statement filed by the Union. There it was further admitted that service conditions save and except the employees of Sales Department were guided by Major Engineering Tribunal Award, General Agreement of 1958 and other different agreements and only in regard to provident fund, Pujah and profit bonus, all the employees including that of the Sales Department were guided by the same rules and agreements. It thus appears on the admitted position that the employees of the Sales Department are also to share in the profit bonus in the same way under the same board resolution and agreements subject to the reservations and exceptions made in respect of the Sales Staff who get selling commission; under which they are only to get profit bonus at 50 per cent. About this the Union made a grievance at page 11 of its written statement and there it asserted that such employees who get sales commission should be treated on a par with those operatives in the factory who get incentive bonus and as such there was no justification to give 50 per cent. profit bonus to Sales Staff who get commission.

As observed already no evidence was adduced by the Union, and at the time of argument Shri Pathak for the Union conceded that determination of the quantum of profit bonus should be made on the profit and loss account for the relevant year. Since the profit and loss account for the relevant year had not even been placed before this Tribunal, the Tribunal has no other alternative but to fall back upon the previous award, Ext. K/1 where the question had been thrashed out in detail on the materials placed in the earlier case concering the factory staff. On such materials this Tribunal has no hesitation to say that the profit bonus calculated on those materials and shown at page 1400 of the "Calcutta Gazette", dated December 19, 1968, should as well be accepted for the purpose of the present case and the profit bonus should be determined at Rs.16.24 lacs and it is held accordingly.

A point was taken by the Union that there was some discrimination in the matter of distribution. The distribution has to be made as per agreement, dated 20th September 1962, subsequently modified by the resolution, dated January 13, 1964, an annexure to the written statement filed by the Union. It appears from Ext. K/1 that some part of the profit bonus calculated by the Company had already been distributed. That being so, the distribution of profit bonus for the year 1962-63 as increased by the award should be made on the same footing in terms of the method of distribution in the amended agreement, dated 20th September 1962 and further amended by resolution, dated January 13, 1964, for the year under review, more when, the contract officers have not yet been debarred from having the benefits of the scheme. The Company is therefore directed to take note that profit bonus for 1962-63 should be Rs. 16.24 lacs instead of Rs. 14.99 lacs calculated by the Company and it should be distributed in the way indicated above.

In view of what has been stated above, there is hardly any scope for making available profit bonus at 100 per cent. to the Sales Staff who are on commission basis and the question is left at that. This issue is answered accordingly.

**Issue No. 2.—Gratuity**

The Union's case is that in Messrs. Jay Engineering Works there is no gratuity scheme though the management grants a lump sum payment to each as service reward. It however refused to introduce a full-fledged gratuity scheme (vide Company's letter, dated 4th September 1961). It is therefore imperative that the employees should get retiring benefits over and above the provident fund facilities and a scheme for gratuity is now therefore a crying need of the workmen and the circumstances justify such a demand for gratuity and the Union's claim is for one month's wages for each completed year of service on retirement, resignation and/or retrenchment.

The Company's case is that by reason of the recent revision of the wage structure whereunder substantial increase in emoluments had been allowed and by reason of increasing the contribution towards provident fund from 6¼ per cent. to 8 per cent., the employees of this unit are not entitled to the introduction of any gratuity scheme. Furthermore, it was alleged that this unit has a meagre profitability and by reason of its deteriorating financial position it is unable to bear any additional financial burden and, in any event, its condition and stability is not such as to warrant the introduction of scheme of gratuity.

Shri Pathak for the Union took me through the findings and conclusions of this Tribunal in its award Ext. K/1 and urged that the lacunae in evidence noticed by this Tribunal in the previous case had been sufficiently removed by the evidence of P.W. Ramen Sengupta and on the financial position indicated in the profit and loss account for 1968 and 1969, Exts. 8 and 8/A, the Union should be held to have made out a case for framing a scheme for gratuity. Dr. J. K. Bose for the Company however contended that in the matter of deciding on the question of framing a scheme of gratuity, the Tribunal cannot overlook that such a claim made in respect of about 7000 factory workers have been negatived by the award Ext. K/1 and there was no reason for taking a different view when the present case concerned only 250/300 employees of the separate unit. I may state here and now that the financial position at or about the time of adjudication is only a factor to be considered but it is not the only factor which should be considered while framing up a scheme of gratuity. The test is that to judge overall financial stability of the Company the trading results for the past five years or so should be considered and, in my view, that should be the prime consideration while deciding on the question of introduction of a scheme for gratuity.

The underlying principles covering the question of the framing of a scheme of gratuity are to be found in the decision of the Supreme Court in the case of Gramophone Co., Ltd., reported in 1964 (II) L.L.J. at page 131. The Supreme Court laid down the whole law on the subject in that case. It was held that in the first instance the financial capacity of the employer at the time of adjudication is what it principally matters. The Supreme Court, then laid down the tests for considering the financial capacity of the employer and it was held that future prospects were certainly of relevant consideration and that must ordinarily be judged on the basis of figures of the last five years or so. True evidence was led by the Union in this case to indicate the number of retirements per year to enable the Tribunal to judge what would be the additional burden from year to year but that is only a part of the enquiry. No new or fresh evidence was introduced in this case by the Union to show the trading results of the last five years or so, so that the Tribunal has no other material excepting the discussion made by it at pages 1397 and 1398 of Ext. K/1. I am tempted to quote relevant portion from Ext. K/1 on this particular aspect of the question.

"The documents introduced in evidence as also filed during the course of argument, show that profits in the past resulted in distribution of profit bonus as also dividend. But things changed materially since 1964, and in 1967 profit was such that dividend had to be paid the reserve. That is to be found from the profit and loss account for 1967. The annual report for the year ending 31st March 1964 is Ext. 1. The results at a glance depicted at page 4 of the document showed that the share capital remained the same and the net profit dwindled to little more than one-third of what it was in 1963. Exhibit E, is the annual report for the year ended 31st March 1963. The result at a glance depictured at page 6 thereof showed that the reserve dwindled by little more than a lakh of rupees and reading it in the context of Ext. I, it would show that the reserve dwindled by about 10 lakhs in 1964 ................................All that has been indicated above cannot possibly speak well of the financial stability of the Company, on the contrary, the statement of financial results furnished on demand made by the Union would show deterioration of the financial condition in a certain case because of the fact that in respect of increased turn over of sales, the profit margin could not proportionately increase on account of growing financial burden on the Company". In the absence of any new evidence on the question, we have no other meterial but to fall back upon the discussions made on documentary evidence in Ext. K/1 and on such materials there can be no hesitation in saying that the Union has not succeded in proving the financial stability of the Company to bear any such long term burden and when in point of fact this very claim has been negatived on merits by this Tribunal in its previous award, Ext. K/1, there is hardly any reason in taking a different view when it concerned a separate unit of the same concern covering 250/300 employees only. This Tribunal therefore holds that the question being linked up with the case of 7000 or thereabout factory workers, the Tribunal does not feel inclined to consider the question in a different way for the smaller number of sales staff employees involved and such employees of the sales staff must wait for the question to be reagitated in an integrated form on the liberty allowed to the factory workers and on the same consideration the claim of the sales staff for introduction of any scheme of gratuity is negatived for the present. This issue is negatived accordingly.

**Issue No. 3.—Ad-hoc increase in wages**

The Union's case is that in its charter of demands it claimed 30 per cent. ad hoc increase in wages pending final settlement of disputes regarding revision of wages and grades and scales of pay and revision of dearness allowance. It is stated that such disputes not having been referred before this Tribunal, the Union is not in a position to make any detailed submission on the question but none the less the need for ad hoc increase is all the more necessary because of the increase in the cost of living and because of the material change warranting upward revision in wages.

The Company's case is that the claim under this issue is wholly untenable and there is no justification for any increase whatsoever because the Company has in the meantime revised the wage structure recently and implemented it from 1st January 1967.

The documentary evidence adduced by the Company show that the grades and scales of pay have been revised in the meantime. In fact P.W. 1, Raghunath Kushari admitted in cross-examination that the list shown to him regarding scales and grades of pay with effect from 1st January 1967, gave correct particulars as respect his position and in fact he further admitted in cross-examination that by virtue of the new scales the Company gave an increase of some amount. The claim for an ad hoc increase in wages pending settlement of the disputes on the question of wages and grades and scales of pay and dearness allowance is based on the increased cost of living. On the same ground the claim for dearness allowance has also been based. But as a matter of fact there has been a revision of wages and grades and scales of pay in the meantime. Double claim in the shape of ad hoc increase in wages to sales staff should not therefore be entertained and the claim in his regard is accordingly negatived when in the meantime there has been revision in the wage structure and the employees had got benefits in the shape of increase in wages. This issue is answered accordingly.

**Issue No 4.—Dearness allowance to sales staff**

The Union's case on this issue is that while all other employees of the Company get dearness allowance, the employees of the sales staff have been denied dearness allowance and they are to continue in the same scales of pay which they were enjoying about a decade ago and which amount is much less than the factory staff. In the circumstances the employees of the sales staff should be made eligible to dearness allowance at the same rate as other workmen get under the Third Engineering Tribunal award and the Union further submitted that dearness allowance should be allowed with retrospective effect from 24th November 1963.

Company's case on this issue is that it is a sales organisation, the employees of which are categorised on job description. Such employees are paid salary on consolidated wages and some of them also get commission on the basis of sales at the rates prescribed. In so far as the employees of the retail shops are concerned they are paid fixed salary plus commission on sales. Grant of dearness allowance over and above the fixed salary has never been a condition of service and this system is quite in comformity with the system prevailing in the similar sales organisations where also employees are not paid any separate dearness allowance; they get only fixed salary and commission on sales. Such being the position, introduction of separate dearness allowance will make it necessary for the Sales Organisation to revise the entire salary structure and do away with the system of commission altogether and this will evidently be detrimental to sales as incentive for greater effort. Then the Company stated that with the price increase the amount of commission has also increased and at present the shops under the control of this separate unit were running at a loss and imposition of any additional financial burden in respect of sales shops by grant of separate dearness allowance would be ruinous to the organisation itself and the management will have no other alternative but to close down the unremunerative shops under its direct control. In January 1967, the management of its own introduced grade scales of pay in the non-commission staff by which bulk of the employees had been substantially benefited by a higher minimum start. The Company then stated that the nature of work in the sales unit being different from the nature of the work of the manufacturing unit, no comparison can be made between the workmen in the factory and the employees of the sales office shops who are covered by separate agreements and awards. The terms and conditions of the workmen in the factories were entirely different and as such the award of Omnibus Engineering Tribunals prescribing pay scales, and dearness allowance according to pay slab cannot be attracted to the sales staff. The Union's claim for payment of dearness allowance should therefore be rejected.

We are not really faced with any consideration as to the question whether any further upward revision in wages is called for or not. We are here to consider only whether the employees of the sales staff should as well be admitted and made eligible to get Dearness Allowance and if so at what rate. The Company introduced documentary evidence to show the average income of salesmen on commission basis. It also adduced documentary evidence to show what salary a non-commission staff gets. On behalf of the Union award or agreement by and between the Union in the mercantile concerns in the same region were filed to prove that sales staff in mercantile concerns in the same region get dearness allowance besides salary. Such mercantile concerns are really no comparable concerns. The sales organisation is undisputedly a separate unit of Jay Engineering Works and the employees are categorised on the job descriptions. Sales of fans and sewing machines are effected by salesmen on a fixed salary and on commission basis in addition to salary. The other employees are more or less employees of shops under the Sales Organisation. No evidence could be brought by the Union to show that any other similar organisation having such shops under their control pay any separate dearness allowance in addition to salary and commission. In any event it is found admitted in paragraph 4 of the Union's written statement that the employees of the Sales Organisation were under different service conditions and only in respect of provident fund, pujah and profit bonus that all the employees including that of the Sales Department were guided by the same rules and agreement. Being so the employees of the Sales Organisation cannot claim to be on a par with the factory staff who are guided by the Third Major Engineering Tribunal award placed before me at the time of argument. Conceivably, therefore, in the event of any finding that such employees of the sales staff would be entitled to any separate dearness allowance, they can never be allowed to get at the rate allowed to the factory staff under the Third Major Engineering Tribunal award of 1958.

Let us now consider whether there has been any change of circumstances to warrant the claim of separate dearness allowance to the sales staff even after withdrawal of such a claim by agreement forming part of the award Ext. K. True, the employees had an increase in the minimum start by virtue of revision of wages and grades and scales of pay with effect from January 1967. That is no criterion to negative the claim for separate dearness allowance altogether when the question of demand of separate dearness allowance is to be considered in the context of an increase in the cost of living and to neutralise a part of such increase in the cost of living. Enormous rise in the cost of living is a fact about which we can take judicial notice. No have evidence before us to show that in mercantile concerns in the same region (though not really proper comparable units) sales staff get dearness allowance in addition to salary. In one or two concerns we have it in evidence that they are not allowed commission in addition. Commission being no part of wages and being only an incentive to increase sales, should not come up for consideration while considering the question whether or not dearness allowance should be admitted over and above salary. The sales staff of this separate unit of Messrs. Jay Engineering Works should no doubt be categorised as staff of the parent Company whose other workers get dearness allowance under the Third Major Engineering Tribunal award of 1958. Their nature of work may be different but on the consideration they have been allowed dearness allowance on slab system, the employees of the sales staff should also get some benefits in the shape of separate dearness allowance to neutralise a part of the increased cost of living. It was urged by Dr. Bose for the Company that the employees of the sales staff were appointed under different service conditions and on a fixed salary plus commission for the commission staff only and the salary of the non-commission staff being quite fair and reasonable, no separate dearness allowance should be admitted when most of the sales shops were running at a loss and imposition of any additional financial burden will be practically ruinous to the sales unit. True, quite a large number of employees retired on the voluntary retirement scheme and the evidence of P.W. 1. Raghu Nath Kushari is also that by such voluntary retirement, many employees left the Company. Exhibit H shows that sales had to a certain extent come down. The Company however failed to bring in support of it balance sheet of the separate unit and this must naturally warrant an adverse conclusion against the Company. Exhibits 8 and 8A which are profit and loss account for 1968 and 1969 show prima facie that the Company is in a position to bear a small part of the profits towards payment of separate dearness allowance to its sales staff who had so long been discriminated against. Taking the judicial notice of the fact of enormous increase in the cost of living and bearing in mind that the dearness allowance on slab system allowed to the factory under Third Major Engineering Tribunal of 1958 being not available to the sales staff, it will be just and proper to admit some amount by way of separate amount of dearness allowance to sales staff without making discrimination as between sales staff on commission and non-commission staff. In my view, no distinction should be made between staff working in Calcutta area and those working in districts or outside Calcutta because the cost of living has increased everywhere and the difference in the cost of living between Calcutta and districts is negligible. Considering all these aspects it will be just and proper to allow a consolidated amount of dearness allowance to the tune of Rs. 50 to each of the sales staff to neutralise a part of the increased cost of living. This payment of separate dearness allowance should be made effective from the date when this award becomes enforceable in law and is not made retrospective as claimed by the Union because that will place quite abruptly a heavy burden on the Organisation and may upset its financial balance.

I have given my anxious consideration on all the four issues and have given my findings thereon and they constitute my award which is to take effect after the expiry of one month from the date of publication of the award in the "Calcutta Gazette".

Upon service of notices the Company and the Union Nos. 1 and 2 entered appearances and filed written statement.

No. 3, the Bijli Mazdoor Union did neither turn up nor file any written statement. The case set up in the written statement filed by the Union Nos. 1 and 2 is that the Company dismissed and/or discharged a number of workmen before January 1959 for their legitimate trade union activities but altogether on false and concocted pleas. On 19th January 1959, the workmen of the coal yard of Southern Generating Station communicated their protests and dissatisfaction over arbitrary and irregular promotion to the post of Sardar when the Acting Station Superintendent visited the place of work at the coal yard. It is stated that this representation of the workmen infuriated the Acting Station Superintendent who falsely charge-sheeted Sarbasree Ganesh Jha, Patiraj, Rameswar Mahato, Nazir Hossain (Khan) and Ibrahim and many other workmen of the Southern Generating Station with false allegations against them and the management conducted sham enquiries by a Committee of Enquiry constituted in utter violation of the Company's Standing Orders. The said enquiry was again conducted without allowing reasonable and proper opportunities to the workmen and the Committee of enquiry acted more as a prosecutor and with bias and denied production of witnesses by the workmen. The said enquiry was therefore conducted in utter violation of the principles of natural justice. The findings arrived at by the Committee of Enquiry were again perverse, being against the weight of evidence on record. As a result of the said enquiry five workmen named above were illegally and unjustifiedly dismissed from service. Their appeals were rejected in a mere perfunctory manner without applying mind properly and without at all assessing the evidence on record. It is stated that the abovenamed five workmen were all leading trade unionists and had been dismissed by the Company purely for victimising and terrorising the other workmen for voicing their protests and dissatisfaction against the alleged irregular and arbitrary promotion referred to above. Of the five workmen named above, Shri Ibrahim again was handed over to the police by the Company before initiating disciplinary proceedings against him. He was however released by the police when no case could be framed against him.

Regarding the alleged incident at Cossipore and New Cossipore Generating Stations the case set up by the Union Nos. 1 and 2 is that this industry was exemped from the Employees' State Insurance Scheme when it was first introduced in this State but the exemption was withdrawn in early 1964 and when the scheme was admitted to be introduced in March 1964, the workers refused en maseg tosign the declaration form because they were apprehensive about the scheme having the effect of curbing the facilities they have been enjoying from the Company free of cost and at the expense of the Company. Accordingly on 11th June 1964, the workmen of Cossipore Generating Station and New Cossipore Generating Station assembled after their working hours after 4-30 p.m. in front of the office of the Personnel Officer, knowing that the representatives of the Employees State Insurance Authorities would arrive there. They so assembled there peacefully to know the decision of the Company in the matter and also to inform the Personnel Officer about the workmen's disapproval to the introduction of the scheme and to allow the then existing medical facility. The workmen who assembled there peacefully dispersed after representing their views and there was no disorderly conduct whatsoever on their part. The Company however became completely vindictive on 12th June 1964 and on subsequent dates suspended some 20 workmen and served them with show cause notices. They however denied the allegations and sent their replies accordingly. Thereafter the Company issued charge-sheets on 25th June 1964 and on subsequent dates on false and concocted allegations of riotous and disorderly behaviour, assault on the Station Personnel Officer and on Shri Sarkar, Labour Welfare Officer, wrongful confinement of Shri Nirmalendu Chowdhury and Shri Bira Kishore Pandav of the Personnel Office on 11th June 1964. The Company thereafter conducted sham and perfunctory enquiry by a Committee of Enquiry constituted in utter violation of the Company's standing orders wihout affording proper and reasonable opportunities to the workmen to defend themselves. The said committee acted with bias and more as a prosecutor and in utter violation of the principles of natural justice, the management ultimately dismissed from service the 10 workmen mentioned in serial Nos. 1 to 10 in the order of reference on the basis of the enquiry findings. Their appeal to the higher authorities was again rejected in a perfunctory manner. The Union Nos. 1 and 2 therefore pray that the termination of services of all the fifteen (15) workmen mentioned in the order of reference be declared illegal, mala fide, and unjustified, being in violation of the principles of natural justice and instance of unfair labour practice and they pray further for a direction on the Company to reinstate all of them with continuity of service and to pay them full wages for the whole period from their respective dates of the dismissals and/or discharge to the actual date or dates of reinstatements and to pay them all benefits which may be deemed fit and proper.

The Company in its written statement took up preliminary objections. The first objection is that the pretended order of reference is ultra vires the Government of West Bengal, illegal, void and of no effect and has conferred no jurisdiction upon this Tribunal by virtue of the fact that Government of West Bengal decided in 1959 that the alleged dispute regarding the workmen mentioned in serial Nos. 11 to 15 was not fit for reference. As such the

Government having once so decided not to refer for adjudication was no more competent to make any reference thereafer. In any event, the said disputes having arisen in January 1959 and June 1964, should be barred by reason of the delay in making the pretended reference.

As to merits the Company denied that it ever practiced unfair labour practices or had been systematically victimising its workmen by illegal or unjustified dismissals. The workmen named against serial Nos. 11 to 15 were guilty of grave misconduct which entitled the Company to dismiss each of them under the Company's standing orders. Accordingly each of them were notified in writing of the precise nature of the charges and enquiry was held in each case in accordance with the standing orders. The charges were proved against each of them as a result whereof they were dismissed in accordance with the Company's standing orders.

The Company again denied that disciplinary proceedings had been conducted on false or concocted allegations or that protests by the workmen infuriated or enraged Station Superintendent of the Southern Generating Station. The Company further denied that only sham enquiries were conducted or that the Committee of Enquiry was constituted in utter violation of the Company's standing orders and it denied further that the enquiry was conducted without giving reasonable or proper opportunities to the workmen or that the enquiry was conducted in utter violation of the principles of natural justice. The Company again denied that the findings of the enquiry committee were perverse or against the weight of evidence and finally the Company denied that any of the workmen mentioned were dismissed or discharged in an illegal or unjustified manner for victimising or terrorising other workmen as alleged. The Company again denied that Ibrahim was kept in police custody with the connivance of the police as alleged or at all. Regarding the employees named against serial Nos. 1 to 10 the Company's case is that they were guilty of grave misconduct on 11th June 1964, for which they were liable to be dismissed under the Standing Orders. Accordingly they were notified in writing on precise nature of the charges against them and an enquiry as contemplated by the standing order was held into the charges and ultimately the charges were found proved and they were dismissed from service. All other allegations regarding conduct of the enquiry as alleged by the Union had been denied. In the premise, the workmen were not entitled to any relief at all.

Appearances of the parties are as follows:—

For the Company: Shri Arijit Chowdhudy, Counsel.

For C.E.S. Workers' Union and C.E.S.C. Mazdoor Union: Shri Patit Paban Pathak.

### Decision

Before entering into the issue under consideration it will be useful to lay down the principles as to what should be the proper approach of the Tribunal while dealing with the present dispute as to the order of dismissal, the said order being made as a punishment after a domestic enquiry. In the case of Indian Iron & Steel Co. versus their workmen reported in A.I.R. 1958, S.C. at page 130, the Supreme Court held that the management undoubtedly has power to direct its own internal administration and discipline with any case, after a proper enquiry and if the workman is found guilty of a major misdemeanour, the management has the power to terminate the service of that workman but this power is not unlimited. When a dispute arises and is referred for adjudication, the Tribunal has the power in exercise of the jurisdiction under the Industrial Disputes Act to see whether the termination of service of the workmen is justified, and when it is not, to give appropriate relief, provided that the Tribunal does not act as a Court of Appeal and does not substitute its own judgement for that of the management. The Supreme Court further held that the Tribunal would be justified in interfering with an order of dismissal made by the employer in the following three cases, namely,—

(i) When there has been want of good faith or in other words when the order is made mala fide or for victimisation or unfair labour practice, or

(ii) There has been a basic error or violation of the principles of natural justice, or

(iii) When the findings of the management is entirely baseless or perverse.

In a later case reported in A.I.R. 1959, Supreme Court at page 389 held that if the enquiry by the management is not vitiated by any infraction of the rules of natural justice and the misconduct of the workmen which merits the dismissal has been proved, the Tribunal would have no power to interfere with the order made by the employer. The Tribunal therefore must limit its enquiry to the question whether the domestic enquiry has been fair or proper and whether on the evidence on record the conclusion of the employer as to the guilt of the workmen is justified or not. It has no power to go into the merits of the case for itself and it exceeds its jurisdiction if it substitutes its own judgement and assume the role of a Court of Appeal. That was held in the case of Balipara Tea Estate versus its workmen reported in A.I.R. 1960 S.C. at page 191. In the case of Ritz Theatre (Pvt.) Ltd., Delhi and its workmen reported in A.I.R. 1963 S.C. at page 295, the Supreme Court held further that only when its preliminary finding is that there was no fair or proper domestic enquiry or that the finding at the domestic enquiry was baseless or perverse, that the Tribunal is empowered to go into the merits of the case for itself. Otherwise it has no jurisdiction to assume its power and examine the merits of the case for itself. The question will now naturally arise as to when the finding as recorded in the domestic enquiry could be said to be baseless or perverse. On this question we have the case of Hamdard Dawakhana Wakf versus its workmen reported in 1962 (2) L.L.J page 772 where it was hold that this can be done only when the finding is entirely opposed to the whole content of the evidence on record but not otherwise. It would be a wrong approach for the Tribunal first to weigh the evidence for itself and to reach its own conclusion of the merits of the case and then hold that the view taken by the enquiry officer was perverse merely because it was contrary to the view taken by itself. In this connexion it may be mentioned further that once the Tribunal is satisfied on record that the order of dismissal passed by the employer was not in good faith and was the result of a desire to punish the workman it would be a case of victimisation simpliciter and the Tribunal would be justified in interfering with the order and direct reinstatement. This view was taken in the case of Indian Iron & Steel Co., Ltd. versus their workmen already referred to above.

While looking into the question whether the order of dismissal was justified or not the above approach should be kept in view.

As observed already, the Tribunal has only got to decide whether on the evidence recorded the management was justified in coming to the conclusion that the charge framed by it against the respective workmen concerned was well-founded, more so, when the Company has not attempted to adduce any fresh evidence on other materials besides those found at the domestic enquiry. Before going into the question involved in the present reference it will be useful to state here and now that the departmental enquiry held by the employer cannot be said to be proper and fair if the proper charge has not been served on the workmen or if proper and full opportunity has not been given to the workmen to meet the charge or if the enquiry has been affected by some other grave irregularity which vitiated it. Only in the event the departmental or domestic enquiry is held to be not fair and proper that the Tribunal will be entitled to deal with the merits of the dispute as to dismissal itself.

The Company took preliminary objections on two-fold grounds. The first objection is that with regard to workmen named against serial Nos. 11 to 15 there was a previous move for a reference but the Government refused to make any reference. As such it is incompetent for the Government to make any further reference therefor. The second objection covers the entire set of workers named in the order of reference and the objection is on ground of delay. It was urged by Shri Chowdhury for the Company that the reference, if any, ought to have been obtained at an early date as long delay would result in complete dislocation and in case any order of reinstatment is passed by the Tribunal, it would drive out the employee recruited in place of the dismissed workmen. In support of his above contention he relied upon the case reported in A.I.R. 1959 S.C. at page 1217. I have carefully read the report of the case and I have no hesitation to say that the facts of that case are distinguishable. In the case before us there is no positive evidence that in case of any order of reinstatement, there will be any dislocation in the industry. That being so, the second objection urged before me is overruled. As to the first objection all that I need say is that the discretion in the matter of making a reference entirely rests with the Government and it is never lost or treated as waived, if once before Government had refused to make any reference. It is up to the Government to reconsider the matter afresh and make a reference at a later date. Shri Chowdhury for the Company candidly confessed that the Calcutta High Court decision on the point is against his contention. In the circumstances the first objection urged before me is also overruled.

The workmen mentioned against Serial Nos. 1 to 10 of the order of reference are concerned with the alleged incident at Cossipore and New Cossipore Generating Stations on 11th June 1964. The workmen named against Serial Nos. 11 to 15 are concerned with the alleged incident at the Southern Generating Station on 19th January 1959. All the workmen named against Serial Nos. 1 to 10 of the order of reference were charged under clause 15(a)(v) of the Standing Orders of the Company. Rule 15(a)(v) deals with riotous or disorderly behaviour, fighting or any act subversive of discipline or of the rules of the Company. Sk. Edoo and Hazaratulla named against Serial Nos. 4 and 10 of the order of reference were charged similarly under clause 15(a)(v) of the Standing Orders of the Company with riotous or disorderly behaviour and committing acts subversive of discipline and of the rules of the Company in that on Thursday, 11th June 1964 between hours of 2 p.m. and 4-30 p.m. approximately each of them actively participated in a violent and riotous demonstration and abused and forcibly confined Shri Nirmalendu Chowdhury and Bira Kishore Pandav, clerk and bearer respectively of the personnel office. Relevant enquiry proceedings concerning these two workmen is Ext. J/3. Both of them pleaded not guilty to the charge framed against each of them at the enquiry when the charge-sheets were read over to them. In the domestic enquiry Shri R. K. Sarkar, the Labour Welfare Officer and Nirmalendu Chowdhury, a clerk and Bira Kishore Pandav, the bearer of the personnel office, had been examined by the Company. Ext. J/3 will show that Shri Sarkar was not cross-examined by the two workmen concerned even though opportunity had been granted to each of them. Shri Choudhury and the bearer Bira Kishore Pandav were however cross-examined by both Edoo and Hazaratulla. Both the workmen concerned were allowed opportunity to make statement before the committee of enquiry and Edoo and Hazaratulla examined witnesses at the domestic enquiry. This clearly showed that each of them had been given full and proper opportunities to cross-examine the Company's witnesses as also to examine their own witnesses and to make their own statements in their defence. Conceivably, therefore, the Unions cannot be heard to say that no proper or full opportunity had been given to the workmen to defend themselves at the domestic enquiry. The Tribunal has therefore reasons to hold that the enquiry having been conducted after notice to the workmen and the workmen having participated in the said enquiry and they having been given full and proper opportunities to defend themselves, the said enquiry so far as respect these two workmen must be held to be fair and proper and in accordance with the principles of natural justice provided of course the enquiry was not in any way vitiated by any defect in the constitution of the committee of enquiry under the standing orders of the Company about which I shall have occasion to refer at a later stage.

I have carefully examined the evidence recorded at the domestic enquiry and I find therefrom that Shri R. K. Sarkar, the Labour Welfare Officer, affirmatively testified to having seen Edoo and Hazaratulla when a large number of men had surrounded him and the crowd became gradually disorderly. The evidence of Nirmalendu Chowdhury and Bira Kishore Pandav recorded at the domestic enquiry sufficiently proved that Edoo and Hazaratulla had abused them, pushed them into a room and kept them confined there. There was therefore sufficient evidence to prove the charges levelled against these two workmen and as such the decision of the committee of enquiry in adjudging these two workmen guilty of the charges was quite well-founded and justified since both of them were found in the crowd of demonstrators and the demonstration being violent and riotous. Their act and commission was tantamount to an offence under clause 15(a)(v) of the Company's standing orders which warranted dismissal from service. Being so, the Company's action in dismissing them from service was justified and there cannot be any question of interference on the punishment meted out to them when the standing orders provided for such punishment.

Another part of this enquiry proceedings Ext. J/3 relates to the enquiry against Panchanan Nath, Md. Yasin, Hafizullah Khan, Hiranmoy Bhandari and Noor Mohammed. Each of them was charged under clause 15(a)(v) of the standing orders of the Company in that they actively participated in a violent and riotous demonstration and assaulted Shri S. K. Sen, Station Personnel Officer and/or incited others to assault him. Sarbasree S. K. Sen, R. K. Sarkar, H. Smith, Dr. B. Ghosh, A. K. Chakraborty, M. N. Banerjee, R. N. Dutta and A. K. Mitra were examined as witnesses for the Company on the charges levelled against each of them. On a perusal of the enquiry proceedings Ext. J/3 from page 26 onwards I find that Shri S. K. Sen, the Station Personnel Officer, who was the victim of assault affirmatively testified that he had been assaulted by Hiranmoy Bhandari, Panchanan Nath, and Noor Mohammed. In fact after being taken to the dispensary he told Dr. Ghosh that Noor Mohammed had struck him. The evidence of Shri R. K. Sarkar and Shri Sen abundantly proved that there was a large crowed of demonstrators and the demonstration was rather violent and riotous. Shri S. K. Sen found Hiranmoy Bhandari and Panchanan Nath in front of the crowd and shouting at him in a very agitated manner. He again stated that he had been pushed from behind and blows with fist were even felt on his back. Obviously he could not see who amongst the crowd of demonstrators did like that. Shri Sarkar named Hafizullah Khan as one such person who was seen by him with clinched first thumbing Shri Sen's back. The evidence of Shri Sarkar therefore fixed up Hafizullah Khan with the charge of assault on Shri Sen. Assault on Sen by Noor Mohammed had even been testified by A. K. Chakraborty at the domestic enquiry. There was therefore sufficient materials to implicate Panchanan Nath, Hafizullah Khan, Noor Mohammed and Hironmay Bhandari on the charge of assault on Shri Sen and the evidence unmistakably proved that they had participated in a violent and riotous demonstration. Being so the finding of guilt on the charge was well-founded so far as respect Panchanan Nath, Hafizullah Khan, Hiranmoy Bhandari and Noor Mohammed.

The case of Yasin however stood on a different footing. None of Shri S. K. Sen or R. K. Sarkar spoke of Yasin's presence in that violent and riotous demonstration. In his explanation Ext. B/3 Md. Yasin categorically denied that he was present at the station at 4-30 p.m. or thereabout at the place of occurrence and it was untrue that he assaulted and/or aided and/or abated assault on Shri Sen. The only witnesses who spoke about presence of Md. Yasin was Shri R. N. Dutta and Shri A. K. Mitra. Shri Dutta saw Yasin with a big stone in hand but as he shouted he threw it away and fled and the evidence of A. K. Mitra is that he saw Yasin holding Shri Sen's trouser at the waist trying to pull it down, but Shri Sen never saw Md. Yasin or named him as one of the participants in the demonstration. The only evidence against Md. Yasin therefore is that of R. N. Dutt about his participation in that violent and riotous demonstration. There was thus some prima facie evidence about his participation in a disorderly demonstration and the committee of enquiry's decision of finding him guilty on that part of the charge and exonerating him from the charge of inciting others appears to be well-founded.

The enquiry proceedings revealed that the above-named workman had been given full and proper opportunity to cross-examine the Company's witnesses and to examine witnesses on their behalf and to make their own statements in their defence. Being so and the enquiry having been conducted after service of proper charges and the workmen concerned having participated in the enquiry, the said enquiry must be deemed to be fair and proper and in accordance with the principles of natural justice provided of course it is not otherwise defective by reason of any other patent infirmity or any defect in the constitution of the committee of enquiry.

We now come to the charge against Akkel Ali, Md. Safiq, each of them were similarly charged under clause 15(a)(v) of the Standing Orders of the Company. Exhibit G/7 shows that each of these two workmen was charged under clause 15(a)(v) of the Standing Orders in that they actively participated in the violent and riotous demonstration and assaulted Shri R. K. Sarkar, Labour Welfare Officer and/or incited others to assault him. In the domestic enquiry against these two workmen the Company examined R. K. Sarkar, Labour Welfare Officer, alone. The enquiry proceedings would show that thest two workmen cross-examined Shri Sarkar and Md. Safiq also examined his own witnesses but Md. Akkel Ali did not examine any witness even though opportunities had been given to him. Shri R. K. Sarkar affirmatively stated that he saw those two workmen in that crowd of violent and riotous demonstrators and that these two workmen asked him to move away and that they held him by his waist and he had to struggle to free himself and in another part of the enquiry against Panchanan Nath and four others Shri Sarkar stated at a certain point of time that Md. Safiq and Akkel Ali prevented him from moving towards Shri Sen. All these are sufficient for the Management or for the matter of that the enquiry committee members to find each of them guilty on the charge levelled against each of them. The management's action was therefore well-founded and does not call for any interference, more when the enquiry has been held to be fair and reasonable and in accordance with the principles of natural justice.

Enquiry proceedings Ext. J/3 shows that the enquiry against Sk. Mukim being absent had to be deferred and it was later on taken up by the same set of enquiry committee members as it appears from the enquiry proceedings Ext. J/4. Sk. Mukim was similarly charged under clause 16(a)(v) of the Standing Orders of the Company. His plea was that he was in his native village from before the alleged occurrence. The only evidence which the Company could adduce against him at the enquiry was that of Shri S. K. Sen, R. K. Sarkar, R. N. Dutta and M. N. Banerjee. Shri Sen who was the victim of assault on the occurrence of 11th June 1964 affirmatively stated that he did not see Md. Mukim in the incident of 11th June 1964. He however stated that Mukim was most vocal amongst persons who came to his office on 10th June 1964 and he indulged in shouting on that day. Shri R. K. Sarkar, the Labour Welfare Officer, also did not say a word that he saw Mukim either on 10th June in Mr. Sen's office or on 11th June 1964 but Shri R. N. Dutta, M. N. Banerjee, the two other workmen examined by the Company testified to have seen Mukim participating in that violent and riotous demonstration, throwing stone or brick bats at Shri Sen and Shri Banerjee went to the length of saying that he saw Mukim assaulting Shri Sen and running away. The victim of assault as also R. K. Sarkar, the Labour Welfare Offcer, never implicated Sk. Mukim. The enquiry proceedings Ext. J/4 revealed that he examined quite a large number of evidence and produced documents in support of his plea. The Committee of Enquiry however appears to have thrown entirely the onus of proving non-participation in the incident upon Sk. Mukim and does not appear to have considered the papers filed by Sk. Mukim which would unmistakeably support him on his plea. On the contrary, the committee of enquiry or, for the matter of that its Chairman discarded those documents as wholly inadmissible and that quite unjustifiably. Whether he was on leave and if so how long could as well have been verified from the Company's paper. Not having done that there was really no sufficient evidence to implicate him on the charge. The findings recorded in the domestic enquiry against Sk. Mukim must therefore be held to be perverse and the enquiry held against Sk. Mukim even though otherwise fair and proper was vitiated by basic error and the findings being altogether perverse. The result is that Sk. Mukim would be entitled to reinstatement.

I now pass on to consider whether dismissal of the workmen named in serial Nos. 11 to 15 were justified or not. Shri Pathak for the two contesting Unions urged before me that the workmen concerned had been denied the opportunity of cross-examining the enquiry committee members and the Company could have removed such a defect by adducing fresh evidence before this Tribunal. In other words, he contended that the enquiries suffered from certain patent infirmities. His next contention was that the constitution of the committee of enquiry had not been made in accordance with the provisions laid down in the Standing Orders. This was pointed out as a defect which vitiated the enquiries altogether. His other point of attack was that copies of statements of witnesses introduced in the domestic enquiry had not been made over to the workmen concerned sufficiently ahead of the enquiry. This was a defect which ought to be deemed to have vitiated the enquiries altogether. I shall hereafter deal with all these points urged by Shri Pathak one by one after discussing the evidence at the domestic enquiries.

Patiraj, Nazir Hossain, Rameswar Mahato and Ibrahim were charged similarly under clauses 15(a)(i), 15(a)(v) and 15(a)(vii) inasmuch as they incited others prevented them from commencing work when they were ordered to do so, behave in a disorderly manner by grouping some of the workers together, shouting, demonstrating, refusing to permit the officers and their cars from proceeding to their lawful business and displaying wilful insubordination by refusing to disperse, etc. Ganesh Jha was however charged only under clause 15(a)(v), i.e., disorderly behaviour by forcibly restraining Acting Station Superintendent from leaving the coal yard and coming to his office by putting arms around the officer.

I take up the case of Ganesh Jha first. Exhibit J/2 is the enquiry proceedings relating to the enquiry against Ganesh Jha. On a perusel of the enquiry proceedings Ext. J/2, it will appear that Ganesh Jha participated in the enquiry and had been given full and proper opportunity to defend himself at the enquiry. Mr. Coats made a statement before the committee of enquiry and in his statement he categorically named and identified Ganesh Jha as being the man who held him with his hands and restrained him from moving. He did it for the second time after Mr. Coats had freed himself. Other witnesses examined by the Company at the enquiry also testified similarly. Ganesh Jha did not cross-examine Mr. Coats for the other witnesses even though opportunities were given to him therefor. In his statement made before the committee of enquiry Ganesh Jha himself admitted that he stood with the crowd and leaned forward to see and hear what happened. Some of the witnesses examined by the Company testified to have seen Ganesh Jha in the forefront with an aggressive and threatening attitude. Raghubir Singh is one such witness who testified to it. There was therefore sufficient prima facie material for the enquiry committee to find Ganesh Jha guilty of disorderly behaviour and that he forcibly restrained Acting Station Superintendent by putting his arms around that officer. The Tribunal has therefore no hesitation to hold that the enquiry against Ganesh Jha was fair and proper and was in accordance with the principles of natural justice and that the Company's action taken against him under the provisions of the Standing Orders was well-founded and justified.

I then take up the case of Rameswar, Nazir Hossain and Patiraj. As observed already, each of them was charged under clauses 15(a)(i), 15(a)(v) and 15(a)(vii) of the Standing Orders. The enquiry proceedings Ext. J showed that the enquiry was fair and proper and that the abovenamed workmen had been given all facilities for defending themselves. The Company examined seven witnesses including Mr. Coats and Mr. Green Land who submitted their statements in writing and signed the same before the enquiry committee members. None of the workmen concerned cross-examined them. During argument it was noticed that the statement of Mr. Coats and that of Mr. Green Land was not incorporated in the original proceedings Ext. J. It was therefore urged by Shri Pathak that this document being an incomplete one should never be relied upon and the whole enquiry should be deemed to have been vitiated. I am afraid I cannot accept the contention as correct. In the absence of the statements of Mr. Coats and that of Mr. Green Land, the Tribunal has before it other materials, namely, the statements made before the enquiry committee members by the other witnesses and the Tribunal should therefore consider whether the dismissal of the abovenamed workmen could be said to have been justified on such materials recorded in the domestic enquiry. We have it from the recorded testimony of Shri A. K. Dutta, the coal yard foreman of the Southern Generating Station, that Remeswar and Nazir Hossain reported for duty on 19th January 1959 but they did not do any work. Patiraj was also in the coal yard on duty on the said date as testified to by Shri Dutta after he was recalled and re-examined. Shri Dutta, the coal yard foreman, found all the three workmen named above instigating the men not to start work and he further testified saying that 54 men only worked on that day and the rest had left the coal yard. None of the abovenamed workmen cross-examined Shri Dutta. The evidence of other witnesses examined by the Management at the enquiry sufficiently established that the abovenamed three workmen with other workers surrounded the Superintendent and they were shouting to the men to stop work and to go to the office of the Superintendent. None of abovenamed workmen cross-examined such witnesses. They were given chance to adduce evidence but they did not adduce any evidence. This would clearly prove the charges against each of them as striking work within the meaning of 15(a) (vii) would cover refusal of work without any justifiable reasons. The Tribunal has therefore no hesitation to hold on the materials gathered in the domestic enquiry that the finding of the enquiry committee members holding the abovenamed workmen guilty on the charges was justified and the Company's action against them was well-founded and justified.

I then pass on to take up the case against Ibrahim. Exhibit J/1 is the enquiry proceedings relating to the enquiry against Ibrahim. Mr. Coats and Mr. Green Land were the only witness examined in this enquiry and each of them submitted statement in writing. It was translated into vernacular and read over at the enquiry in which Ibrahim participated. Unfortunately during argument it was noticed that the statements of Mr. Coats and Mr. Green Land were not incorporated in Ext. J/1 and the Company could not trace it out from its office record. We have it however from the enquiry proceedings Ext. J/1 that the workers' representative, namely, Jalil and Budhan as also the worker Ibrahim cross-examined Mr. Coats and Green Land and Ibrahim made a statement before the Committee of Enquiry in which he took up the plea that he was on casual leave on the relevant date. We have thus only an incomplete picture and the Tribunal has only the statement of Ibrahim to judge whether his dismissal was justified or not. The workers, representatives found Ibrahim guilty on the charge on Ibrahim's own statement made at the enquiry committee. In his statement Ibrahim admitted that he was on the forefront supporting the demand of the workers and he further admitted that the incident stated by the officer had really happened and the men including Ibrahim surrounded the cars of officers and it will be useful to quote a portion of his recorded statement:—

> 'I agree that the incident as stated by the officers happened when they came down for the second time and wanted to leave the station. The men did surround the car and I was also among them".

His own statement established that he was on the forefront of the demonstrators and the demonstrators including himself surrounded the cars of officers and restrained them from proceeding to their lawful business. This conduct was tentament to a dirorderly behaviour within the meaning of clause 15(a)(v) of the standing orders and disobedience within the meaning of clause 15(a)(i). Being on leave on the relevant date Ibrahim could not be found guilty for striking work in the sense of refusal to do work but then there were materials in the enquiry proceedings to show that he was also instrumental to inciting others to strike in the sense of refusal to do work. Therefore the finding of the guilt at least on the major counts of the charges against him was proper and justified and the action of the Company against him was justified and well-founded. The enquiry against Ibrahim was also fair and proper in the sense that he had been given full and proper enquiries to cross-examine the witnesses examined by the Company and to make his statement and at opportunity to adduce evidence for him.

The result is that the dismissal of all the abovenamed five workmen named in serial Nos. 11 to 15 was justified.

Shri Pathak for the two contesting Unions complained of prejudice in that the workers concerned had not been given opportunity to cross-examine the enquiry committee members. We have it in evidence that all the European gentlemen who were in the enquiry committees for the different enquiries were no longer available. Shri Brahmachari who was in the enquiry committee for all the enquiries relating to the incident at the Southern Generating Station, Ext. J, Ext. J/1, and Ext. J/2 had been examined. The enquiry proceedings Ext. J/3 and J/4 held on the incident at Cossipore and New Cossipore Generating Stations were brought into evidence by Shri Sen, Chief Personnel Officer of the Company. In Ext. J/3 and Ext. J/4 he acted as the interpreter. When the Company chose not to adduce any fresh evidence but to depend on the materials gathered at the domestic enquiries it was only necessary to have such documents formally proved. To my mind, it is not a defect or any informity for which the enquiries should be deemed to be completely vitiated. The workers' representatives were there and they carried out a searching cross-examination of the witnesses examined by the Company in these enquiries. As to the alleged defect in the matter of not making over copies of statements sufficiently ahead of the enquiry, all that I need say is that the witnesses were produced and they tendered their statements in writing which were read over and explained and they were allowed to be cross-examined, not merely by the workers' representative but by the workers themselves The statements were all short statements and these were read over and explained in vernaculars and as such there was really no violation of the principles of natural justice. The next point of attack of Shri Pathak was that the conduct of the enquiry by the management personnel or, to be more precise by its Chairman, should be taken as a glaring instance of violation of the natural justice It was contended that there was searching cross-examination by leading questions. We have decisions before us where leading questions by the enquiry officer had been held to be within his rights to do justice. I cannot therefore persuade myself to hold that there was any violation of the principles of natural justice in the conduct of the enquiries. Shri Pathak then contended that inclusion of Shri Brahmachari in the enquiry committee over the incident at the Southern Generating Station was wholly improper because he had some knowledge of the incident. The standing orders allowed the Company to include in the committee of enquiry its own officers as contemplated under rule 15(b) of the standing orders. There was no evidence that Shri Brahmachari exercised any influence over the other committee members in adjudging the workmen guilty on the charges and it cannot therefore be held that his inclusion in the enquiry committee was improper of that there was any violation of the natural justice in that regard

Coming now to the serious objection raised by Shri Pathak for the two Unions in the matter of constitution of the enquiry committees, it will be useful to lay down the relevant portion of the standing orders:—

> "The enquiry shall be made by a committee constituted as follows:—
>
> The superintendent of the department concerned, the officer in whose group the accused is employed, and two representatives selected by and from workmen in the department"

Exhibit J shows that Rameshwar, Nazir Hossain and Patiraj raised objection as to the constitution of the enquiry committee. Their objection was as regards the representatives of the workers side They alleged that the two representatives from the workers' side were not true representatives of the workers. Nonetheless they agreed that the workers' representatives had been chosen by groups of coal yard workers. The two representatives Bindeswari and Natha confirmed that they had been selected by 54 men who continued to work on the day in question It may be that they were not selected from the coal yard workers as a whole but they having been selected by a majority of workers and members who worked on the relevant day, there was compliance with the provisions laid down in the standing orders. There was no objection as to the constitution of Mr C. Rowe and Mr Brahmachari in the committee. Exhibit J/1 shows that Ibrahim raised no objection as to the constitution of enquiry committee members Exhibit J/2 shows that Ganesh Jha raised a flimcy objection about absence of one of two workers' representatives but, it was found confirmed by the head sarder that both the workers representatives were present and it was he who identified the two workers' representatives who had been chosen by all the men of the coal yard so far as the constitution of the enquiry committee over the incident of Southern Generating Station. Exhibit J/3 shows how the committee was constituted including the manner in which the workers' representatives were selected. As the workers of both Cossipore and New Cossipore Generating Stations were involved and as there was no common Superintendent in any of them on the direction of the Agent Mr. Green Land, Deputy Chief Engineer, Generation, as the next Senior Officer to Superintendent of the two generating stations was selected in place of the Superintendent of the department and Mr. Little Wood, Superintendent, New Cossipore, were appointed as the other member in the committee as the officer in whose group the workers were employed. Annexure '1' to the enquiry proceedings is that letter to Mr. Green Land by the Agent of the Company. Ext L shows how the majority workers of New Cossipore and Cossipore Generating Station selected Shri Hadis and Shri Anil Banerjee as representatives to the committee of enquiry. It would thus appear that the workers' representatives at the enquiry were selected in accordance with the Company's standing orders and on it being read over there was no objection as to the constitution of the enquiry committee members by any of the workers involved in the enquiry proceedings Ext. J/3. Ext J/4 relates to the enquiry against Shri Mokim As Shri Mokim was absent when the enquiry against the other workers named in serial Nos. 2 to 10 of the order of reference was held, same enquiry committee held a separate enquiry against him as would be evident from Ext. J/4. It was explained to him how the workers representatives were selected and how under the direction of the Agent the management personnel were brought in the enquiry committee Mokim raised no objection to such constitution of the enquiry committee. In the above circumstances the constitution of the enquiry committee appears to have been made in sufficient compliance with the provision laid down in the standing orders and the objection raised by Shri Pathak on that score during argument is overruled.

I would, therefore, sum up and hold that the enquiry held against different groups of workers as would appear from the enquiry proceedings Exts. J to J/4 were all fair and proper and had been done in accordance with the principles of natural justice. The dismissal of all the workmen named against serial Nos. 2 to 15 were justified and none of them is entitled to any relief as prayed for. The dismissal of Sk. Mukim named against serial No. 1 has been held to be unjustified in that the enquiry against him was vitiated by the finding of guilt which was perverse on grounds already indicated. Since his dismissal was unjustified Sk. Mukim is entitled to be reinstated. He was dismissed over an incident which happened in June 1964 and the reference was obtained as late as in December 1967. Law enjoined that the aggrieved workman should move the appropriate Government for a reference at an early date. As nothing of the sort was done, it would be showing undue latitude to Sk. Mukim if he is allowed to get full back wages for this entire period. Taking into consideration that the reference was obtained at a later date, it would be fit and proper to direct his reinstatement on full back wages for one year and treating the remaining period as being on leave without pay and it is directed accordingly.

I have given my anxious consideration to the cases of different workmen named in the order of reference and I have given my award regarding such of them. They constitute my award which will come into operation on the expiry of one month from the date of publication of the award in the "Calcutta Gazette".

Taken at my dictation and corrected by me.

(v) Was the action taken by the police proper and correct? If not, who are the police officials at fault?

(vi) What measures should be adopted in future for avoiding recurrence of a similar tragedy or other untoward incidents?

# REPORT

## INTRODUCTION

1. By notification bearing No. 2025-Pl., dated April 17, 1969, published in the "Calcutta Gazette", a Commission of Inquiry was set up by the Government of West Bengal in the Home (Police) Department, under section 3 of the Commissions of Inquiry Act, 1952 (Act LX of 1952), consisting of myself to enquire into the incidents that took place in or about the Rabindra Sarobar Stadium, Calcutta, on April 6, 1969.

2. A musical soiree called "Asoke Kumar Nite" was sought to be held at the Rabindra Sarobar Stadium in the evening of April 6, 1969. The said function was originally scheduled to be held at the said Stadium on two consecutive days, viz., March 15 and 16, 1969. The date for holding the function on the soiree was changed subsequently to April 6, 1969. It was to continue during the night of 6th April and until about 6 a.m. in the morning of 7th April 1969. The said function was advertised far and wide including over the All India Radio as well as in various newspapers and periodicals of Eastern India. Well-known persons in the entertainment world in the country, both actors and singers including songstresses and dancers, were stated to have agreed to perform or take part in the function of April 6, 1969.

3. On April 6, 1969, very large numbers of people went to Rabindra Sarobar. Of them about 40/50 thousand people had entered into the Stadium in order to listen to the music and see the dances. Quite a number amounting to a few thousands also gathered and stood outside the Stadium specially in the football and basket ball ground in the east and north-east corner as well as in the lawns of the Rabindra Sarobar to the south-east and south of the Stadium.

The area of the Stadium was fenced round with tin sheets generally along the permanent fencing round the Stadium. The said tin fencing will appear in zig zag lines in the sketch plan exhibited in the Commission being Exhibit No. 106/AA.

4. The Youngs' Corner, the organisers of the aforesaid function of "Asoke Kumar Nite", is a sports club affiliated with the Indian Football Association and other authorities of sports in Calcutta. No sooner had the function started between 7-30 p.m. and 7-45 p.m. disturbances broke out within as well as outside the Stadium. Within the Stadium the disturbances took the form of shouting, breaking of chairs and throwing pieces thereof at the dias or the rostrum, stacking of chairs and then setting fire to them and finally bursting of crackers nearabout the dias. A fight between some of the volunteers on one side and a section of the audience on the other also broke out. Appeals from Shri Bijoy Kumar Banerjee, the Hon'ble Speaker of the West Bengal Legislative Assembly, as well as from Hemant Kumar and Asoke Kumar failed to have any appreciable effect on the violent mood of the section of the audience who were indulging in disorderly behaviour mentioned above. So much so, the function seemed to have ended as soon as it had started and only two or three songs by rather unknown local artistes although inaudible to almost everybody except those who were by the side of the singers could be performed on the stage. Besides that, an orchestra party played their orchestra. Nothing else worth mentioning happened or could happen on the stage within the Stadium thereafter.

5. Outside the Stadium in or about the area the situation was more serious. There was brickbatting by a section of the public at the tin fencing at first. Then brickbats were hurled at the passing vehicles, State buses, motor cars, a bus of the Indian Airlines and at the police parties as well. Soon thereafter, clashes started taking place between the police party on the one side and violent section of the crowd on the other. These clashes degenerated soon into free fights and pitched battle between the two sides. Such fight became more or less continuous between 7-45 and 11 p.m. at the area lying to the south-east and south of the Stadium and specially in between the south-eastern gate of the Stadium and the railway track towards Budge Budge along the Lansdowne Road Extension, over the Lakes and to the level crossing leading to the Lake Gardens. The fight was so much bitter and violent that at a time the police personnel, it appears, had to fire 4 rounds, it is stated, in self-defence. One person was wounded and a boy of 12 was killed with bullet wounds. The police had to fire a total number of 207 teargas shells and grenades that night in the Rabindra Sarobar. Two motor cars were set on fire and damaged on Sarat Chatterjee Avenue and two other motor cars were set on fire and damaged heavily on the Southern Avenue nearabout the crossing of Bompus Road and Southern Avenue. Public and private vehicles were damaged by throwing of stones and brickbats. A milk booth and a vaccination centre on the Southern Avenue were set on fire. Fire Brigade men were prevented from extinguishing those fires and had to take police help in order to do their duties. Barricade was put on the Southern Avenue and street lights were switched off. Lights within the Rabindra Sarobar to the south of the Stadium were damaged and broken. The area was almost dark. Police had to resort to lathi charges against the unrully mob collected at various places, in or about the Rabindra Sarobar. The police had to arrest 221 persons and lodge complaints against them. Residential houses nearabout the area including one at Sarat Chatterjee Avenue were stoned and brickbatted as the mob chose to do from time to time. The disturbances subsided at about 3 a.m. in the early hours of April 7, 1969. Two dead bodies of young men were found floating at the Rabindra Sarobar and recovered in the afternoon of April 7 and the morning of April 8, 1969, respectively.

6. On April 7, 1969, reports of disturbances of the previous night were published in different newspapers of Calcutta. From April 8 onwards reports came out in the newspapers alleging that there was molestation of women in or about the Rabindra Sarobar Stadium in the night of April 6, 1969. Various individuals and organisations asked for judicial enquiry into the happenings of April 6, 1969, in or about the Rabindra Sarobar Stadium. The State of West Bengal by the aforesaid notification on April 17, 1969, constituted the said Commission of Inquiry mentioned above.

7. The terms of reference for the abovementioned Commission of Inquiry were as follows, to wit:

(a) the causes of disturbances and the circumstances in which they originated,

(b) whether any responsibility can be ascribed for the disturbances to the organisers of the soiree,

(c) what was the nature of the disturbances and whether there was any molestation of women,

(d) what was the role of the police and whether timely and adequate action was taken by them in dealing with the disturbances,

(e) if there was either delay or inadequacy on the part of the police in dealing with the disturbances and whether responsibility for such delay and/or inadequacy (if any) can be fixed upon one or more officials, and

(f) what measures should be adopted in future for preventing the recurrence of similar disturbances.

8. Notices were published under the directions of the Commission in all the important newspapers in Calcutta, viz., the Statesman, Amrita Bazar Patrika, Hindusthan Standard, Jugantar, Ananda Bazar Patrika, Dainik Basumati, Kalantar, Ganasakti, Janasevak, Viswamitra, Desdarpon, Sanmarg and Navi Probhat inviting statements from persons who could adduce evidence before the Commission with regard to the aforesaid subject-matter of enquiry. Such notices were published in some of the aforesaid newspapers on April 28, 1969 and in others on April 29, 1969. On May 6, 1969, such notices were again published in the aforesaid newspapers. In terms of the aforesaid notices persons desiring to file statements with regard to the happenings in or about the Rabindra Sarobar in the evening and night of April 6, 1969, could do so within May 16, 1969. Such time was subsequently extended until May 21, 1969, and finally until May 31, 1969.

9. In pursuance of the aforesaid notifications one hundred and fifty-three statements of individuals were received, at the office of the Commission. Diverse organisations, viz., Calcutta Citizens' Fact-Finding Committee, Jatiya Mahila Sanghati, Paschim Banga Krishak Samaj, Bharatiya Sikshayitri Samaj and Democratic Youth Federation filed their respective statements as well. The Youngs' Corner, the organisers of the said musical soiree, filed their statements. A statement was filed on behalf of the Calcutta Police, also. The State of West Bengal although did not file any statement in the beginning, subsequently did file one with the leave of the Commission while the hearing of the evidence was in progress. The Calcutta Citizens' Fact-Finding Committee, All-India Women's Conference, Proja Socialist Party and Bharatiya Sikshayitri Samaj filed with the leave of the Commission their respective rejoinders in respect of the statement filed by the State of West Bengal.

10. The organisations and individuals who had filed statements before the Commission, it appeared, arrayed themselves mainly into two warring camps. On one side was the police and the Democratic Youth Federation and on the other side were the Calcutta Citizens' Fact-Finding Committee, Shrimati Ila Pal Chowdhury, Paschim Banga Krishak Samaj, All-India Women's Conference and Jatiya Mahila Sanghati. The State of West Bengal was only interested in and made out the case that there was no molestation of women in or about the Rabindra Sarobar on April 6, 1969. With regard to other terms of reference the State of West Bengal was not interested. The organisers were supporting the State of West Bengal, the police and the Democratic Youth Federation on all the terms of reference excepting one, viz., the causes of the disturbances and the circumstances in which they originated and also on the question whether they had any responsibility for the disturbances as envisaged in the terms mentioned in paragraphs 3(a) and (b). The Bharatiya Sikshayitri Samaj although kept itself scrupulously separate from any of the other parties, was in the beginning supporting the case that there was molestation of women in or about the area on that night.

11. The Commission held its sitting for the first time on May 19, 1969, and after hearing the representation made by different parties mentioned above laid down the procedure to be followed at the enquiry. A true copy of the said procedure is annexed hereto marked with the letter "A".

12. The hearing of evidence commenced on May 26, 1969, and continued until September 17, 1969, with occasional breaks.

13. The hearing of evidence by the Commission was concluded on September 17, 1969. On that day, the Commission directed the parties to file their written submissions and arguments before the Commission by September 29, 1969. The dates of filing of written submissions and arguments were extended subsequently at the request of different parties. The All-India Women's Conference asked time for filing its written submission until October 29, 1969; but such time was extended by the Commission until October 27, 1969 and the All-India Women's Conference was informed of the same. Notices for filing written arguments and submissions were served upon all the parties including Calcutta Citizens' Fact-Finding Committee, Shrimati Ila Pal Chowdhury, All-India Women's Conference, Jatiya Mahila Sanghati and Paschim Banga Krishak Samaj. The All-India Women's Conference, Shrimati Ila Pal Chowdhury, Calcutta Citizen's Fact-Finding Committee, Jatiya Mahila Sanghati and Paschim Banga Krishak Samaj did not file any written submission or argument.

14. One hundred fifty-three persons filed their statements in the office of the Commission. Out of the aforesaid persons letters of requests were issued and served on 69 asking them to attend the hearing of the Commission and depose.

15. Copies of statements of all persons, who were not called by the Commission to depose or who although called by the Commission to depose did not appear and depose, were furnished to all the parties appearing before the Commission. It was made clear to the parties that if any of the parties wanted to call any of the aforesaid persons as his or her witness he or she would be entitled to do so.

16. Two employees of the West Bengal Fire Fighting Service could not attend originally as they were on emergency duty. These two witnesses were subsequently called to depose and they deposed when the turn to call the witness of the State of West Bengal had come. One other witness, viz., Asit Ranjan Ganguli, the Editor of Rastradut, was examined out of turn on the day he had attended the hearing of the Commission.

17. A witness of the Citizens' Fact-Finding Committee, Sanjay Das, in the course of his examination-in-chief, was withdrawn from the witness box by Shri Ganguly, the lawyer for the Citizens' Fact-Finding Committee with the leave of the Commission. This happened on July 31, 1969. On August 1, 1969, Shri Sur, representing the Citizens' Fact-Finding Committee and leading Shri Ganguly in the proceeding before the Commission prayed for the recalling of the said order granting leave to withdraw the said witness. With the object of giving all possible opportunity to adduce evidence before the Commission, the Commission recalled the said order passed on July 31, 1969, and gave leave again to the Citizens' Fact-Finding Committee to recall the said witness, Shri Sanjay Das, on Monday, August 4, 1969.

Thereafter the said Shri Sanjay Das was recalled by the Citizens' Fact-Finding Committee and examined.

18. On September 11, 1969, it was represented at the hearing by and on behalf of the Citizens' Fact-Finding Committee, All-India Women's Conference, and Jatiya Mahila Sanghati that their representatives and lawyers had been abused and harassed on the previous day by the representatives of certain parties. On September 12, 1969, after the court rose it was again alleged by the representatives of the said parties that they were being abused and physically assaulted. The Commission asked them to make a complaint to the police and requested the Secretary of the Commission to see that these representatives of the said parties were able to leave for their respective places. On the following morning the representatives of the said parties told the Commission when the Commission commenced its sitting that they were on the previous afternoon threatened, abused and assaulted in the presence of the police and hence they were apprehensive of their personal security and as such could not take part in the proceedings of the Commission any further. They asked for adjournment of the hearing until the excitement died down. The Commission once thought of adjourning the hearing of the Commission *sine die*, but in as-much as hearing of evidence was likely to be over by another week, the Commission decided to proceed with the hearing and pointed out to them that the hearing was almost at its close so it could not be adjourned indefinitely. The Commission then met all the lawyers to find out ways and means to conclude

the hearing. Thereupon with the consensus of the lawyers of all parties it was decided that—

(a) the hearing thenceforth would be in camera;

(b) a part of the Calcutta Information Centre including the auditorium would be kept out of bounds for all excepting lawyers and representatives of the parties participating in the proceedings of the Commission; and

(c) sufficient number of policemen in plain clothes would be in attendance to see that no untoward incident like the previous two days, i.e., 10th and 11th September happened again.

At the request of the lawyers of the said parties the Commission adjourned the hearing on that day, i.e., the 12th until the following Monday, i.e., September 15, 1969.

The incidents of 10th and 11th of September are regrettable. More so because they happened in the presence of police personnel and while the Deputy Commissioner, South, was being cross-examined.

19. On September 15, 1969, at the commencement of hearing, representatives of the said parties represented that the aforesaid incidents were caused on September 10 and 11 to force the Commission to hear the evidence of police officers in camera and as such the dicision to hear the rest of the evidence in camera should be revoked and the proceedings should be adjourned until such time as the parties felt that they would be able to participate in the proceedings of the Commission without any apprehension of their personal safety and security. In view of the arrangement and decision made on September 12, with the consensus of the lawyers of all the parties the Commission declined to accede to the requests made by the said parties, viz., the Calcutta Citizens' Fact-Finding Committee, All-India Women's Conference, Jatiya Mahila Sanghati, Paschim Banga Krishak Samaj and Shrimati Ila Pal Chowdhury and they thereafter ceased to take any part in the proceedings of the Commission. The hearing of evidence was concluded on September 17, 1969, as stated herein before. It may be stated here that prior to September 10, 1969, the said Citizens' Fact-Finding Committee, All-India Women's Conference, Jatiya Mahila Sanghati, and Shrimati Ila Pal Chowdhury had concluded adducing of evidence on their behalf. Paschim Banga Krishak Samaj did not adduce any evidence.

20. In all 78 witnesses deposed and 141 documents were tendered in evidence and exhibited at the hearing.

21. In preparing this report and following the terms of reference the Commission have divided it into four parts. Each part deals with the items of reference which are inextricably connected with each other:

(A) Thus the first part sets out the causes of the disturbances, circumstances in which they originated, the nature of the disturbances and whether any responsibility can be ascribed for the disturbances to the organisers of the soiree.

(B) The second part contains examination by the Commission of the evidence and its finding as to whether there was any molestation of women.

(C) The third part narrates what was the role of the police and whether timely and adequate action was taken by them in dealing with the disturbances. It also gives the Commission's conclusions if there was either delay or inadequacy on the part of the police in dealing with the disturbances and whether responsibility for such delay and/or inadequacy (if any) can be fixed upon one or more officials.

(D) The fourth part is the recommendations by the Commission as to what measures should be adopted in future for preventing the occurrence of similar disturbances.

22. The Commission would like to thank all of the witnesses, who generously gave of their time to assist the Commission. The Commission is indebted to its Secretary Shri A. K. Banerjee whose knowledge and experience has been of great help. From the beginning to the end of the inquiry the quality and spirit of the entire staff was of great assistance to the Commission in the discharge of its duty.

## CHAPTER I

### Causes of the disturbances, circumstances in which they originated and the nature of the disturbances, whether any responsibility can be ascribed for the disturbances to the organisers of the soiree

1. The circumstances in which the disturbances originated in or about the Rabindra Sarobar Stadium on the night of 6th of April 1969, the nature of the said disturbances, causes thereof and whether any responsibility can be ascribed for the disturbances to the organisers of the soiree are inextricably connected and an account of the one will cover the account of the others.

2. The function of "Asoke Kumar Nite" was to commence at 6 p.m. according to the advertisements published by the organisers since long prior to the date of the function. The time for commencement was later fixed to be at 7 p.m. The Artistes announced to be taking part at the function of "Asoke Kumar Nite" at the Rabindra Sarobar Stadium were—(1) Asoke Kumar, (2) Md. Rafi, (3) Manna Dey, (4) Mukesh, (5) Hemant Kumar, (6) Aloke Guha, (7) Gopi Krishna, (8) Anwar Hussain, (9) John Whisky and (10) Saida Khan.

3. The present day idolatry on the part of the younger generation for the cinema artistes and singers of films warranted that there would be huge gathering not only within the Stadium but also outside the Stadium for the purpose of seeing the artistes and listening to the programme of the aforesaid artistes.

4. From about 5 p.m. people started coming in to the Stadium. People also started coming and gathering around the Stadium specially at the lawns to the east and south of the Stadium in order to listen to the programme. The function according to the overwhelming weight of evidence did not commence until about 7-45 p.m. Due to this delay in commencing the function the large crowed that had gathered outside the Stadium as well as the audience within the Stadium grew restive. The sanction granted by the police authorities prohibited installation of loud-speakers outside the Stadium. At the hearing, the police tried to make out the case that notwithstanding the prohibition imposed in the sanction to hold the function by the Deputy Commissioner of Police, Headquarters, the Deputy Commissioner, South, had requested the organisers during his inspection of the area around the Stadium 2/3 days prior to the date of the function to instal 5 loud-speakers outside the Stadium on the eastern and southern side of the Stadium. The police never made out such case of variation of the condition of sanction as granted originally in the statement filed by the police before the Commission. Upon the evidence laid it appears that no loud-speaker was installed outside the Stadium by the organisers. Shri Nirmal Nahar, Shri Sekhar Tarafdar, witness No. 52-111 (in Camera), Shri Subhendu Mohan Moitra, witness No. 16-C 90 (in Camera) have stated that there was no microphone or loud-speaker outside the Stadium on that night. The Commission has no hesitation in accepting their evidence. Thus, people outside the Stadium without being able to listen to the programme (although programme had not started at that time) wanted to enter into the Stadium in order to listen to the function and started removing tin sheets, from the tin fencing, even as early as about 7-30 p.m.

5. At the time when the inaugural speech was being delivered by Shri B. K. Banerjee, the microphones and/or the loud-speakers at various places within the Stadium did not function properly and the speech itself was inaudible to a great extent. People started shouting for microphones from different places within the Stadium. Attempts were made for rectification of the defects but without any appreciable effect. The defects continued and people at diverse points within the Stadium failed to listen to the programme. The main programme inscrutably was commenced with the song of one Master Arindam, a comparatively unknown artiste. That song could only be heard intermittently by the audience within the Stadium because of failure of the public address system. As time passed the people outside got enraged due to failure to listen to the programme, and started throwing brickbats on the tin fencing. They also started thumping the tins of the tin fencing and soon aimed brickbats over the tin fencing towards the gallery. The organisers, it appears did not make sufficient arrangement for keeping technicians and "mistrys" handy and ready to meet the exigency of the situation or to rectify the defects of the microphones, loud-speakers and amplifiers, as and when they arose. As a matter of fact little effort was made in rectifying the

defects that arose in the loud-speakers and amplifiers within the Stadium and the overwhelming evidence is that the public address system failed totally after some time. Continuous failure of the microphones and loud-speakers within the Stadium brought the temper of the audience to the breaking point, and was mainly responsible for the breaking out of the disturbances.

6. The song of Master Arindam was followed by a song of a female artiste, one Swapna Chatterjee, and thereafter some orchestra was played by an Orchestra Party. It is incomprehensible why the organisers did not try to pacify the audience by asking at least Hemant Kumar who was present on the dias to sing, although it seems that even in that event no appreciable change would have come in the mood of the audience, in view of the failure of the microphones. People at that time became suspicious of the bona fides of the organisers. Some of them asked for the parading of the announced Bombay Artistes on the stage. This certainly was not and could not be done in view of the fact that except Asoke Kumar, Anwar Hussain, Hemant Kumar and Saida Khan, none of the other Bombay Artistes, was on the stage at that time. Even the few artistes who had come on the stage were prevented from being seen by the audience by the crowd of volunteers forming a ring round the said artistes. The volunteers themselves were busy in taking autographs and snap shots of the artistes. The audience who were given very little assistance by the volunteers in finding out their seats, got absolutely furious at such unseemly behaviour of the volunteers and started breaking the wooden chairs and throwing pieces of them at the dias. It is in evidence that a broken piece of chair hit Asoke Kumar. The volunteers from the stage, in their turn started throwing back the broken pieces of chairs thrown at the dias. Thus, there was very faint hope of resuming the function which in fact never effectively commenced. Soon crackers were exploded in front of the dias. By that time Asoke Kumar had left and it was about 10-45 or 11 p.m. Thereafter the wooden chairs were stacked at 3/4 places within the Stadium and set on fire. Fire Brigade men with great difficulty extinguished those fires. Fire again broke out on stacks of wooden chairs within the Stadium around 1-30 a.m. when the police entered into the Stadium and ordered the people within the Stadium to go out. A few of them only were allowed to stay within the Stadium. Lights within the Stadium were smashed and put off. But it was not completely dark within and people could see around them. It must be mentioned here that the people who were on the top of the gallery started coming down into the lawn since the commencement of the inaugural speech of Shri B. K. Banerjee mainly due to the failure of the microphones and consequential failure on their part to listen to the speech. Subsequently a few brickbats thrown from outside the Stadium to the Stadium gallery landed on the gallery and people from the gallery came down into the lawns. For failure of microphones and loud-speakers the audience failed to listen to the programme and went forward towards the dias or rostrum in order to listen to the programme. This led to the confusion within the lawn of the Stadium and aggravated the situation. With the exit of Asoke Kumar and other artistes from the dias, the function was abandoned and people came out of the Stadium.

7. The failure of the organisers to put in strong fencing or barricades enclosing the different areas meant for holders of different denominations of tickets also led to confusion amongst the audience. As soon as the mike at a particular place within the Stadium failed a section of audience from that part of the Stadium moved forward carrying along with them the chairs occupied by them. Thus whenever any section of the audience wanted to go ahead in front of the dias or the rostrum, they were free to do so. This consequently led to overcrowding of the places in front of the Stadium or the places near about the rostrum. This process led to overcrowding at the front. The audience, therefore, excepting a few who were at the front could not even see the artistes on the rostrum and thus became sympathetic to the unruly section of them who later on indulged into disturbances and threw missiles and did not even try to protest or prevent them from their doing so.

8. Although the permission granted by the Calcutta Improvement Trust to hold the function prohibited digging of the ground, this permission for digging the ground for the purpose of putting in poles to create fencing around the enclosures meant for ticket holders of different denominations could have been obtained. As a matter of fact loud-speakers and electric lights were put on poles embedded to the ground within the Stadium on that night.

9. The responsibility for the disturbances must fairly and squarely lie on the organisers. Organisers did not make any proper arrangement for installation of mikes. The organisers also did not make any proper arrangement for rectification of defects in the microphones and loud-speakers installed. There is no evidence that technicians or "mistrys" were maintained at the site of the function for rectification of any defect that might crop up in the public address system or in the microphones or loud-speakers or amplifiers. It is true that some infuriated people amongst the crowd forcibly entered into the Stadium, but if the programme had successfully continued and people were able to listen to the programme within the Stadium, there would have been no disturbances in the opinion of the Commission. Suggestions were made that group rivalries amongst the members of the Youngs' Corner as well were responsible for the disturbances could not be proved by cogent evidence. Similarly suggestion that the disturbances were politically motivated and were caused by the political parties inimically disposed towards the Government in the State at the present moment was not proved. The organisers could make an attempt to bring competent technicians and good microphones, loud-speakers and/or amplifiers from outside and after rectifying the defects of the public address system could continue the function to its successful conclusion. But there was no attempt on the part of the organisers to do so. As a matter of fact the organisers, it appears from the evidence on record, after some time allowed the things to drift to its dangerous end within the Stadium and did not make any effort whatsoever to rectify the defects. As a matter of fact it is the evidence of Shri S. K. Mukherjee, the General Secretary of the organisers, himself that he had left the Stadium for the night at 10 p.m. So did Shri Mrinal Ganguly, the person in-charge of the programme on the rostrum. These two persons were mainly responsible for conducting the function on that night within the Stadium and they had left on their own admission at 10 p.m. even when the artistes from the rostrum were appealing to the audience to remain calm and allow them to continue the function. Shri Mukherjee stated at the hearing that he had been to the Stadium in view of the circumstances that were prevailing in or about the Stadium on that night.

10. Although there was serious disturbances outside the Stadium in the area, if the organisers had tried to bring reputed artistes on the stage on that night, in that event the function could continue with the help of saner section of the audience. But due to the failure of the microphones as mentioned above, none of the audience was keen that the function should continue and so did not prevent the miscreants to create disturbances as they did.

11. It is to be stated that no evidence worth its name has been produced before the Commission by the organisers as to the total numbers of tickets caused to be printed by the organisers for the function. No contract for printing of tickets, no printing order, no bill worth its name as well as no receipt for charges for printing of tickets have been produced. A few documents, viz., challans which bore date subsequent to the date of the function, i.e., 6th April 1969, in pencil writing were produced. They were absolutely worthless. The Commission, therefore, cannot say as to what were the total number of tickets sold by the organisers or what was the total number of tickets caused to be printed by the organisers. Significantly one of the tickets produced at the trial by one of the witnesses did not bear any stamp of the Collectorate of Calcutta and prima facia showed evasion of payment of amusement tax. The said matter is not within the terms of reference of the Commission and the Commission does not make any report with regard to the same. The Commission hopes that authorities shall make a complete and thorough investigation into the matter and persue the same to its logical conclusion.

12. On the evidence as were laid before the Commission, the Commission is inclined to hold that the gathering within the Stadium was between forty to fifty thousand. Reference may be made in this connection to the evidence of Shri Moitra, Assistant Engineer, Calcutta Improvement Trust, in-charge of the Stadium. This overcrowding was also one of the causes of disturbances.

13. The disturbances outside the Stadium started at 7-30 p.m. at a place a few feet away of the eastern gate from the tin fencing. It appears people who had gathered there to listen to the programme could not listen to the same for want of installation of loud-speakers outside as well as for failure

of loud-speakers and the public address system within the Stadium and thus they wanted to enter forcibly into the Stadium in order to listen to the programme. They were prevented from entering by the police there. As time passed on, sections of crowd outside became more and more restive, angry and violent and started throwing brickbats at the tin fencing and towards the gallery over and above the tin fencing. Some of the brickbats as mentioned earlier aimed on the gallery were thrown back by some of the people from the gallery to the crowd outside. The brickbats came handy to the crowd outside near about the south-eastern gate of the outer perimeter of the Stadium and the tin fencing because of the reason that bricks were lying stacked near the compound of the Calcutta University Rowing Club. People also got supplies of stones and ballasts from the nearby Railway track lying to the south of that place. The police chased the crowd, lathi-charged them, and even used tear-gas. As a matter of fact in that area a ding-dong battle between the police and the crowd had started. So the situation there became extremely grave and the police had to fire tear-gas shells. The police fired four rounds as well.

14. The crowd were also very active in creating distrubances on the north and west of the Stadium, viz., on Southern Avenue, Sarat Chatterjee Avenue, and Abdul Rasul Avenue. The crowd set two cars on fire that were parked on Abdul Rasul Avenue and also set fire to two motor cars on the Southern Avenue near its crossing with Bompas Road. The violent crowd also set fire to a Milk Distribution Centre as well as a Vaccination Centre. The crowd ransacked an Ice-cream stall on the Petrol Station at the crossing of Sarat Bose Road and Southern Avenue. In its effect to keep the area around the Stadium free of violent crowd, the police had pushed them away to a distance.

15. The mob started brickbatting and throwing creacker on the public conveyances like State buses, police vans and even on private motors cars. As a result fifteen motor cars, three taxi cabs and a motor cycle were damaged. Similarly a passenger bus of Indian Air Lines Corporation, ten State buses and ten police vans got damaged by brickbatting. As a result of throwing of brickbats and stones, forty persons including a lady were injured and were treated at hospital for treatment to their injuries suffered in fights with the mob. Thirty-four policemen were also injured due to brickbatting and were treated at hospitals. The police record shows that one wrist watch was snatched from the wrist of a young boy at the junction of Southern Avenue and Lake View Road at about 11-30 p.m. by miscreants on that night. The Commission wrote letters to all the hospitals of Calcutta, namely, (1) Behala Hospitals, (2) Chittaranjan Hospitals, (3) Chittaranjan Seva Sadan, (4) Dufferin Hospitals, (5) Eden Hospitals, (6) Howrah Hospital, (7) Islamia Hospitals, (8) M. C. Bangur Hospital, (9) Medical College and Hospital (10) Nilratan Sarkar Medical College and Hospital, (11) R. G. Kar Medical College and Hospital, (12) Ramkrishna Mission Seva Pratisthan, (13) Ramrikdas Haralalka Hospital, (14) S. S. K. M. Hospital, (15) Sambhunath Pandit Hospital, (16) Sree Vishuddhananda Saraswati Databya Ausadhalay, (17) Tulshidas Lakshmi Debi Jaiswal Hospital to report to the Commission the particulars of persons treated/admitted in those hospitals in connection with the disturbances on that night. Save as aforesaid no other record came forward.

16. As a matter of fact the area around the Stadium on that night took the familiar sight as happens in this city during a clash between the members of the public and the police. Road blocks were prepared at the lanes meant for cars near the crossing of Southern Avenue and Bompas Road, and the police patrolling were sought to be prevented. Police on many occasions removed these road blocks, which were put up again as soon as removed.

17. The disturbances continued intermittently till about 3 a.m. in the early hours of 7th April 1969.

18. The history of the causes of the disturbances shall remain incomplete if mention is not made of the role that the volunteers of the function of "Asoke Kumar Nite" played. The volunteers were made responsible for maintaining order within the Stadium. The evidence is that there were 500 volunteers responsible for or entrusted with doing the job including that of checking tickets at the gates, but all the volunteers were not members of the Youngs' Corner. Only about 130/132 were members of the organisers' club. The others belonged to other localities. Thus they were not tied to the organisers by any bond of membership. They as a matter of fact had no

stake in the function of that night and were a heterogenous lot. It appears from a consideration of the evidence that the volunteers belonged to the age group mainly of 15 to 25. Most of them, it appears, were in their teens. No list of volunteers has been produced. As a matter of fact Shri Mrinal Ganguli, who was in charge of the programme that night on behalf of the organisers, stated that he knew only about 20 volunteers deputed to him to assist him in his duties. The rest he did not know. Shri S. K. Mukherjee, the General Secretary, had said that he had no list of volunteers. If given proper time he could make out a list of the volunteers who were entrusted with the duty of volunteers at the Stadium on April 6, 1969. But before the date of the function or prior to its commencement certainly a list of volunteers was prepared, but that list curiously enough has not been produced before the Commission. If that list were produced the particulars and antecedents of these volunteers could be ascertained. There is no evidence that the volunteers had any experience in managing such function or functions of such great magnitude. The evidence is that with the breaking out of the disturbance the volunteers also started to fight with a section of the audience. The volunteers or a section of them chased the people at the gates opposite Menoka Cinema with bamboos and poles. The volunteers, it appears from the evidence and mentioned above also threw back the pieces of chairs thrown at the dias by a section of the audience. The volunteers, it appears, participated in the disturbances and disorders within the Stadium. The unexperience, age and conduct of the volunteers contributed to the aggravation to a great extent of the disturbances.

19. Many persons and various witnesses including Shri Moitra, Assistant Engineer in charge of the Stadium, and other employees of the Calcutta Improvement Trust deposed before the Commission that about 200/300 people had gone to the top of the main pavalion building, on its roof, and there they started to perform twist dances. Shri Moitra on the following morning found empty country liquor bottles on the roof of the pavilion building, who but a section of the volunteers could go to the roof of the main pavilion building and perform dances? They it seems had indulged in drinking and took part in the disturbances within the Stadium.

20. Broad reference to questions and answers relevant to the subject-matter of the present chapter are set out in a schedule annexed hereto and marked "B".

## CHAPTER II

### Whether there was any molestation of women

1. The Commission proposes to deal with the evidence adduced on this item of reference in detail, because in view of the Commission this item of reference was the most important one.

2. The first witness being witness No. 39-97/7, who was called to give evidence on this item of reference did not offer himself for the conclusion of the cross-examination. This witness was a boy of 16 years of age. His father wrote to the Commission stating that the boy was a minor and the father was not agreeable to his attending the Commission and deposing therein. This boy's examination, therefore, could not be completed. Hence his evidence cannot be acted upon. It is curious, however, that on material points the evidence of this witness adduced orally from the witness box differed with the contents of his written statement filed in the office of the Commission on May 15, 1969.

3. The next witness on this topic was witness No. 40-97/17. This witness carries on the business of selling "Bhelpuri". This witness saw two incidents according to him at about 12 p.m. On Rashbehari Avenue he saw a lady with a petticoat and a red blouse being chased by some boys. The witness and his cousin protested and asked the boys to leave the lady alone. One of the boys slapped the cousin of this witness. The cousin also returned the slap. In the meantime the lady had gone towards the west, i.e., the Lake Market and doubled back and stood behind a Milk Booth by the side of Jalajog. The witness saw that the lady was crying. The witness and his companion requested her to tell her address or other particulars. She did not say anything. Then the witness and his cousin proceeded towards the Lake Market leaving the lady there behind the Milk Booth. Soon again they came across

two ladies—one elderly and one very young. Some boys were coming in front of them and two motor cyclists were following them in a serpentine manner. These ladies were moving along Southern Avenue. They came near Jalajog. There were a few people there. A fruit seller also came along with them. Then the boys who were going in front of the ladies disappeared. The witness heard that the ladies came from Amtala. The ladies sought their help. The fruit seller told them that it was not possible for them to go back at that time. They could stay in the Lake Market that night and when people with tempos and other vehicles would come in the early morning they could go back in those vehicles. The two ladies went into the Lake Market. The witness and his cousin returned home at about 2-30 a.m. in the morning.

4. The statement of this witness was written out by this witness on 31st May 1969. In that statement, the witness said that, for the first time he gave the stories about the aforesaid two incidents. In the statement filed by one of the parties before the Commission on 15th May 1969, there was a synopsis of the aforesaid two incidents mentioned by this witness. The words in the statement dated 31st May 1969 and the words given in the said synopsis by which the two incidents had been described or narrated are same, although, according to the witness, the words in the synopsis were not of him.

5. Both the synopsis filed on 15th May 1969 and the written statement, dated 31st May 1969, contained the following words and expressions:

(A) After closing my Kiosk.

(B) Streams of people running about and police chasing them.

(C) People asking for shelter in the neighbouring houses.

(D) After taking his meal and resting a while he and his younger cousin went out.

(E) Before reaching Jalajog he saw a woman without a sari and wearing a blouse and a petticoat.

(F) Chased by a number of boys.

(G) As they were only two and others were many they had to retreat.

(H) The women doubled back.

(I) Hiding herself behind a Milk Booth.

(J) Went up to her and asked what the matter was.

(K) Trembling and tears were streaming down her cheeks.

(L) Tried as they could to coax her to say something about her whereabouts.

(M) Walked along Rashbehari Avenue.

(N) Asked a group of hooligans.

(O) Wanted to go to their help, but was prevented by a fruit seller, who said they were sure to be beaten to death.

(P) The woman and the girl had come from Amtala and wanted to go back home.

(Q) The bazar people said that tempos and trucks would be coming and they might get a lift in them.

6. The witness has said that he had not seen the synopsis. It appears, therefore, that the contents of the synopsis with regard to these two incidents and the statement, dated 31st May 1969, have been written out by the same person. Besides the aforesaid, the synopsis according to the witness, contains various facts which were not told by him to the writer of the synopsis. This aspect of the evidence is contained in the witness's answer to questions Nos. 427-430 and 771-774. During the time at the Rashbehari Avenue there were very many people. It is very difficult to believe that if such incident took place at Rashbehari Avenue no other person came to the help of the lady in petticoat and blouse. There is no reason why the hooligans who had been chasing that lady would stop doing that when they were accosted by the witness and would allow the lady to go away and sit on the tram line in a ring and indulge in singing. It is really absurd to suggest that the girl who had been chased by the boys would double back and come to the direction of these boys and hide behind a Milk Booth. Although there were houses right behind the Milk Booth it is curious that the girl did not try to obtain shelter in any such houses. It would also be difficult to believe that the witness and his cousin would leave the distressed girl behind the Milk Booth unaided and would proceed further towards the Lake Market.

7. The other incident of the mother and the daughter, who were coming from Desapriya Park Road towards Rashbehari Avenue is also difficult to believe. In the synopsis in respect of this incident as well as in the written statement of 31st May 1969, it was stated that the girl ran to one of the side streets near Jalajog and escaped the hooligans. From the witness box in his oral evidence the witness, however, said that the lady and the girl came to Rashbehari Avenue from Desapriya Park Road near Jalajog and thereafter went to the Lake Market. In his oral testimony the witness also said that the lady and the girl were running and nobody came in front of them to stop them. This is in contradiction to what the witness has stated in his written statement as also the case made out in the synopsis. The evidence of the witness that he came out of the house after 11 p.m. on that night while he knew that there were disturbances nearabout in order to purchase betel is a little too much to believe. The story that the witness had been to the crossing of Southern Avenue and Bompus Road first and as the betel shop was closed came along to Lansdowne Road and then went to the crossing of Lansdowne Road and Rashbehari Avenue in order to get betel from the betel shop at Priya Cinema, which, according to the witness, kept open until late night or early morning, cannot be accepted. In order to get to Priya Cinema the witness had to turn to right when he reached the crossing of Lansdowne Road and Rashbehari Avenue, but the witness and his cousin accosted the young men who were chasing the lady nearabout Dakshini, i.e., a few yards to the west of the crossing of Lansdowne Road and Rashbehari Avenue. The witness has not explained why and how they were near Dakshini instead of at a place to the right of the crossing of Lansdowne Road and Rashbehari Avenue. This witness did not see anything nearabout the crossing of Bompus Road and the Southern Avenue. (See answers to questions Nos. 492, 493, 814, 814.) although it appears that nearabout that place the cars had been burnt and the Milk Booth and Vaccination Centre had been burnt also. This witness of course has not stated anything as to whether there was any molestation on any woman in his presence.

8. The next witness was the witness No. 41-97/1. This witness was standing to the south of the Stadium in the lawn of the Lakes with a view to hear the programme from outside, but none was audible from outside. This witness saw at about 7-45 p.m. a group of 150/200 young boys (between 18 to 22) marching towards the Stadium from the direction of the railway line and surrounding the Stadium and opening up the tins of the tin-fencing. This witness soon after saw disturbances all around and went to the railway track and proceeded towards the east. After coming down from the railway track at the level crossing before reaching the Dhakuria level crossing this witness wanted to proceed towards Gol Park in order to take a bus to reach his home at Jadavpur. He saw fire in the direction of the Stadium and many people were passing by his side. He was standing in front of the public swimming pool. He heard suddenly two girls shouting for help. He saw 6/7 boys clasping the two girls from behind and trying to tear open the blouse. The girls were struggling hard against such misconduct. Many boys were passing along the road, but none came to the help of the girls. On the other hand they encouraged the miscreants by uttering indecent remarks. The witness went to the help of the girls, pulled a boy by the collar of his shirt and felt a blow on his neck. Suddenly a group of boys from behind shouted "they are coming, coming" and the miscreants let the two girls go and fled away. The witness went to the help of the girls, but the girls also shouted at him. Suddenly a young man came to the girls and three of them went towards the Buddhist Temple.

9. This witness further saw near the Gol Park that a group of boys stopped a private motor car and forced themselves into the car and threatened the driver to drive the car otherwise they would set the car on fire. The driver of the car drove the car towards Gariahat.

10. In the synopsis of the evidence of this witness filed before the Commission certain facts were started. The said facts are contradictory to the statements of this witness from the witness box. These are—

(A) In the synopsis it is stated that the witness was unable to go inside and went past the University Club. In the oral testimoy he has stated that it was arranged that he would not purchase any ticket but would listen to the music from outside. (See answers to questions Nos. 794-801.) It is also the case of the witness that he did not purchase any ticket. The story about the receipt of the blow on his shoulder by the witness is different in the synopsis than what he has stated from the witness box. (See answers to questions Nos. 811-814.) The witness had stated that he had not told anybody that 150/200 young men were marching in a military fashion although stated in the synopsis.

(B) The witness in his own testimony has admitted that he did not see anybody coming out of the Stadium although in the synopsis it is alleged that the witness had seen hundreds of young men streaming out of the Stadium.

11. No explanation has also been given as to why there was difference between the contents of the synopsis and the oral testimony of the witness. A curious fact with regard to this witness is that while this witness was shown the date "4-5-69" in Bengali under the signature of the first witness mentioned above (Exhibits Nos. 77/7/A and 41-97-1D) the witness after scrutinising the date stated that the said date was in his own handwriting and as a matter of fact said that this was his statement, which was being shown to him. The witness said that the date "4-5-69" written in Bengali below his signature in his statement before the Commission was written by the same hand and the same ink. (See answer to questions Nos. 523-546.) No explanation has been forthcoming before the Commission as to why the date "4-5-69" in both the aforesaid statements should be written by one and the same person. The witness has not stated that he has written the date in the other statement. This witness has stated that between 9 and 11 p.m. he was proceeding along the railway track and that he had found no railway train passing along the track during the said period. It has been in evidence before the Commission that three railway trains passed along the said track during the period the witness has stated that he was on the railway track. (See Exhibit No. 41-97/1H.) This the witness could not have been on the railway track at that time.

12. This witness said that he was very eager to reach Gol Park after he had come down from the railway track. He was eager to get a bus or any other public vehicles to reach home. This witness could reach Gariahat Road by taking the Lake Road by the side of the Buddhist Temple Road after he got down from the railway track. That would have been the shortest distance that he had to traverse to get a public conveyance. The witness said that in view of the fact that there were very many people and boisterous young men passing through that way that he did not turn right to the Lake Road in order to reach Gariahat Road but proceeded northwards, but in order to reach Gol Park from the place where the witness was, the witness had no occasion to come in front of the public swimming pool. In order to come to the public swimming pool the witness had to turn left and proceed towards the Stadium about 50/60 yards. There was no occasion or reason for this witness to turn left and proceed towards the Stadium and come in front of the public swimming pool. The witness has sought to explain this by saying that he saw flames of fire from the Stadium and was in a trance and without knowing which way he was moving he was in front of the public swimming pool when he heard the shout for help from these two girls. The Commission is unable to accept the evidence of this witness for the reasons mentioned above.

13. The next witness (No. 42-97/15) was examined-in-chief on behalf of the Citizens' Fact-Finding Committee and thereafter was cross-examined on behalf of the parties, who were supporting the Citizens' Fact-Finding Committee, viz., All-India Women's Conference and Jatiya Mahila Sanghati. The cross-examination on behalf of Jatiya Mahila Sanghati was not completed, when the witness did not attend the hearing; nor did he submit to cross-examination by others including the State Government and the Calcutta Police as well as Bharatiya Sikshayitri Samaj. In that view of the event in the opinion of the Commission the incomplete evidence of this witness cannot be relied on.

14. The next witness (No. 43-97/18) also did not go inside the Stadium on 6th April, 1969. This witness has given evidence as to what he saw in the night of the 6th April 1969, near the Rabindra Sarobar Stadium. This witness has said that he saw a young woman chased by young boys came out on Southern Avenue from Lake Temple Road and ran into the Lake Avenue. This lady was putting on only a blouse and a petticoat and had no sari on her body. This witness is a signatory to the representation to the Hon'ble Chief Minister and the Hon'ble Deputy Chief Minister of West Bengal. (Exhibit

No. 43-97/18B.) The statement of this witness as filed before the Commission is in English. The evidence of this witness is that he narrated the incidents he had seen in Bengali, but the writer thereof took it down in English. According to this witness he did not know the meaning of the word 'petticoat' which was according to him mean 'brassiere'. (See answers to questions Nos. 139, 798-801.) As a matter of fact he did not understand what the word 'petticoat' meant when he sent the statement. (See answers to questions Nos. 144, 146.) This witness said that he had signed the statement after going through the same carefully. Therefore according to this witness's statement as filed the witness meant that the lady was wearing only a blouse and a brassiere and had nothing else on her body.

15. In order to substantiate the evidence of this witness it was absolutely necessary for the writer of the statement to come to the witness box. The writer has chosen not to come and corroborate as to what the witness told her when she took down her notes. The witness in the written representation to the Chief Minister and the Deputy Chief Minister never made any allegation of any molestation on any women on that night in or around the Rabindra Sarobar Stadium on 6th April 1969. This witness has stated in answer to question No. 589 that he had no personal knowledge of any molestation ony any women on 6th April 1969. This witness had been to the Tollygunge police-station as well as at the residence of Shri Bidhubhusan Ghosh when the Deputy Commissioner of Police, South, Shri Bikashkali Basu, was noting down statements regarding molestation of women seen on that night in or around the Stadium, if any. This witness did not state then of the aforesaid alleged incident nor did this witness mention of any molestation at the police-station. This witness did not also mention the chasing of that young woman by young boys. Had the witness seen the said fact he would have certainly mentioned this to Shri Basu either at the police-station or at the residence of Shri Ghosh. In view of the aforesaid facts and in view of the various discrepancies the story narrated by the witness as to what he saw that night, the Commission is unable to accept the evidence of this witness with regard to the chasing of the young lady by the said boys as alleged by him.

16. The next witness (No. 44-97/14) who came to the witness box was a young student of the first year B.Com. class of the age of about 17. This witness chose not to disclose his name in the beginning, nor his address, but wanted to depose in public. This witness on the application of the Counsel on behalf of the party producing him, was given leave to be withdrawn. Thereafter the party was given leave again to recall this witness, on the prayer of their senior lawyer. This witness was recalled on 4th August 1969. He was examined-in-chief by Shri Bireswar Bhattacharjee, with the leave of the Commission. A statement in Bengali written out by this witness was filed before the Commission. This statement has been marked Exhibit No. 44-97/14A. According to the written statement this witness had to wait before the gates with tickets in hand because the gates were closed due to pressure of crowd. By the "gates" he was referring to the gates on the eastern side of the Stadium. Then there was some disturbances and clashes between the police and members of the public and the situation in the eastern gate was brought under control. Then he went inside the Stadium after showing his ticket. In his oral testimony at the hearing the witness said that he was requested by a friend of his to wait in front of the Calcutta University Rowing Club when he would come with tickets and then both would enter into the Stadium; the friend did not come and therefore he had no ticket at any time. The contradictory statements made in the written statement filed on behalf of the witness, this witness seeks to explain away by saying that this was only a "primary statement" and not a final one and as such it might contain errors and omissions. He further said that he wanted to say that he had no tickets with him, but others who were at the gate could not enter in spite of having tickets in their hands. The written statement was written out by the witness in Bengali and a glance at the written statement at the beginning of the written statement would convince anybody, that the witness meant in his statement that he had tickets in his hand, but could not enter because the gates were closed because of the crowd. The explanation on this point by the witness is unbelievable. If this witness did not have any ticket and did not meet his friend in front of the Calcutta University Rowing Club, this witness could not or had never entered the Stadium on 6th April 1969.

17. Further the following facts in the opinion of the Commission go to show that this witness was not speaking the truth on the facts on which he deposed before the Commission. First the witness said that although when the disturbance had started he was trying desparately to come out of the

Stadium and go home, he could not do so because there was great rush at the gates and it was impossible to come out, (See answers to questions Nos. 40, 243, 49, 57-60, 829, 885, 1420-1440, 1490-1493.) but none the less the lady, who was alleged to have been pounced upon by some boys including volunteers, was escorted up to the gates by the witness and the lady went out of the gates without any hindrance. Then when asked why he did not go out and go home although the lady could go out of the Stadium as stated by him, the witness sought to give the explanation that he was very excited and talking with others and thus did not go out. The witness again in another place stated that he did not go out because of the disturbances outside. The witness in course of his cross-examination stated that he was losing percentage in his College as his cross-examination was being prolonged, but it transpired that the classes of this witness did not commence and therefore there was no question of his losing percentage in the class. This witness had stated in his written statement that he together with others had helped a lady "এই ভাবে" meaning thereby in logical consequences and in the context of the previous part of his statement that he had helped the lady get across the street, viz., Southern Avenue. In his oral evidence the witness stated that he had taken this lady to her place, which was in a street on the west of Shymaprasad Mookerjee Road. After reaching this lady home the witness together with his companion had walked back all the way and had entered into the Stadium again to spend the night there. According to the witness himself one of his sisters and brothers-in-law lives at Anwar Shah Road, Tollygunge, and one of the elder brothers of one of his friends lives at Hazra Road opposite Basushree Cinema. He is like his own elder brother. He had another friend living at Garia. Even then he returned to the Stadium that night to spend the night notwithstanding the conditions that were prevailing there. The witness had contradicted himself on the point as to whether people were coming out or going through the eastern gate during the time the witness was standing in front of that gate. He has said that nobody could get in or get out through that gate, but he also said that the people were getting in and coming out through that gate during the time, i.e., about 45 minutes he was in front of that gate. The story of the witness about the pouncing upon the lady by a few young men cannot be believed. There were thousands of people in the Stadium at that time and certainly the miscreants, if any, could not behave in that manner openly at that time. The story of the witness having seen ladies coming out of the Lakes and walking along the streets wrapped up in "gemchas" and even newspapers is totally false. In answer to questions Nos. 1714-1739 this witness has stated that the lady who was wrapped up with a newspaper was not running but was walking quickly. She was not running from one side of the street to the other but was coming from the side of the Tollygunge police-station and was going to Gariahat, i.e., from a direction opposite to the Stadium and was going towards the Stadium. The witness admitted that he did not know whether the lady was coming from the Lakes. (See answer to question No. 1739.) With regard to the other ladies alleged to have been seen by the witness the witness stated that he assumed that they were from the Lakes because their dresses were wet. This he gathered also from their conversation which he heard or overheard while overtaking them. None of the witness or his companions offered any help to these ladies. It is significant that these ladies did not ask for any help from any of the passers-by (there were plenty of them according to the evidence) or from any policemen who were there. The evidence of this witness that the policemen started beating the ladies who came out of the Stadium cannot be believed. This was absurd. None of any other witnesses has stated abouut this kind of behaviour by the police in the night of 6th April 1969. For all the aforesaid reasons the evidence, in the view of the Commission, of this witness should be rejected.

18. This witness has admitted that his address as given on his written statement is not correct and is not in his own handwriting although the rest of this written statement was in his own handwriting. This witness says that he does not know who has written his address in his written statement. This witness has prevaricated on a number of occasions when he was on the witness box and has avoided answering questions—when pressed on a single point (i.e., regarding his entry to the Stadium) he has given four different versions—one in his written statement, one in answer to question No. 32, one while he was on the witness box on 6th August 1969, and one different version in the statement written by him in pencil at the hearing.

19. The next witness was witness No. 45-97/19, a lady aged 64 years and residing at Lake Place, Calcutta. Her house is very near to the crossing of

Bompus Road and Southern Avenue as well as the crossing of Sarat Banerjee Road and Lake Place. On 6th April 1969, in the evening she was in front of the house of Shri Ajit Dutta, an eminent lawyer, at about 9-30 p.m. From there she went up to the end of Southern Avenue and returned to that place. That took about one and half hours. Thereafter she went back home. She saw a few boys stoning a vehicle of the Indian Airlines Corporation. She protested. Then some boys and gentlemen requested her to get back home. She saw young boys stoning vehicles and running about and on her side of the street the street lights were off on the Southern Avenue. According to her the police was not at all "niskriya". A statement signed by her was filed before the Commission. The same statement has been marked as Exhibit No. 45-97/19A. In that statement there were words to the following effect "police niskriya chhilo". The witness said when that statement was produced before her for signature she scored out those words "police niskriya chhilo" as it was not correct according to her. This witness although was called by a party to prove molestation did not say a word about molestation.

20. The next witness tendered by a party was witness No. 46-97/20. This witness has filed a written statement, which is Exhibit No. 46-97/20A. This witness has said that from the beginning the loud-speaker in the Stadium was not functioning. There were sounds of bomb bursting in the Stadium and disturbance was going on outside. At about 9 a.m. a bomb burst on the dias. Chairs were broken, stacked and set on fire. There was heavy brick-batting and pieces of chairs were thrown about and a few lights were smashed. The audience got frightened and crossed out. The witness stated in the written statement filed that some boys pulled at the sari of a lady. There was attempt of molestation, but they resisted and the sari was "restored by us to her." "We escorted her to safety." In the oral evidence the witness had said that the sari might have fallen down. The boys whom he thought had pulled the sari were a few paces behind the lady. He did not see any ugly incident inside the Stadium during the time he was there, i.e., from 6 p.m. of 6th April 1969 to 1 a.m. of 7th April 1969. (See answer to question No. 94) This witness has said that there was light all through. (See answer to question No. 313.) In answer to question No. 314 the witness had said that light was put off. (See answer to questions Nos. 314-318). There were people all around. After the bomb burst the witness took shelter in the verandah of the pavilion building. When the sari was pulled, according to witness, by a 15/16 year old boy, the witness was at a distance of 1/2 cubits from that lady. In answer to questions 346, 347, 348, the witness had said that the boy had just pulled the sari and the lady was not without the sari at any moment. In fact the witness in answer to question No. 348 said the boy once pulled the sari and the witness immediately resisted. That incident took about 1/2 second. In answer to question No. 361 the witness has said "I resisted. The boy fled away and the sari, rather the anchal I collected and handed it over to her and she covered her body with it". This incident of pulling at the sari was done when both the lady and the boy were running towards the gate after the bomb had burst within the Stadium. From the nature of evidence it may be that the witness had seen a young boy of 15/16 pulling the anchal from behind a lady. But from that fact alone it is very difficult to come to a positive conclusion that this boy of 15/16 pulled at that sari for the purpose of molestation. The positive evidence of this witness is that he had not seen any other untoward or unsavoury incident within the Stadium for about six hours, i.e., the period when the witness was within the Stadium.

21. The next witness was witness No. 47-97/12. This witness also did not offer himself for conclusion of his evidence. His deposition is incomplete. In view of the matter the Commission is unble to act upon the evidence of this witness. Be that as it may, it is significant that this witness has stated while giving evidence that the signature which purports to be his signature in the statement filed in his name before the Commission was not his signature. Somebody else had put in his name in that statement. He has further stated that many of the facts alleged in the statement filed in his name although seemed to be written on the basis of his personal knowledge were merely based upon what he had heard from others.

22. The next witness called was a lady, who deposed in camera. She was witness No. 48-97/61. This witness in her examination-in-chief did not say anything with regard to molestation of any woman. This witness has proved her signature on a document which contains writings purported to be a statement of the witness. She has said in her oral testimony that only three

ladies and a few gentlemen were given shelter at her place. This lady did not go inside the Stadium; nor did she see anything herself. In her oral testimony the lady has said that only one lady and her son from Delhi came to her place and spent the night there because they could not make arrangement to go back home. (See answer to question No. 21.) In the written statement submitted on her behalf it was alleged that 15 ladies came and took shelter in her place on that night. She admitted that this part of her written statement was not correct. There is another contradiction between the oral testimony of this witness and the written statement submited on her behalf. In her oral statement she said that none fainted in her house although in the written statement it was stated that a woman fainted in her house. (See answers to questions Nos. 36-41.) One important feature of this statement filed on behalf of this witness is in that statement, being Exhibit No. 48-97/21A, there are writings also underneath the signature of this lady and seems to have been written out after the lady had signed this statement. She had said in answer to question No. 59 "it may be that after I had put my signature she (meaning thereby the writer, who had noted down the statement) might have written something." This lady when confronted with a statement published in a newspaper of 8th April 1969, referring to her, but the same was an exaggerated report. (See answers to questions No. 163-166.) The evidence of this witness is based entirely on hearsay and cannot be relied upon to arrive at any conclusion.

23. The next witness was a lawyer being the witness No. 49-97/22. The evidence of this witness is as to what he saw on the following morning, i.e., on the morning of 7th April 1969 in or around the Stadium. According to this witness he merely saw one garment, from a distance of 6 ft. in the lawn to the south of the Stadium. He gave a cursory glance to that piece of garment which appeared to be a part of a blouse and a brassiers. He could not say whether that had any connection with any incident at the Stadium on 6th April 1969. (See answers to questions Nos. 114-117.) This witness denied that he had said to any person that he had seen the Stadium ground littered with ladies' garments or torn garments or shoes.

24. The next witness called was witness No. 51-97/23, who resides at Sarat Chatterjee Avenue. This witness did not see any molestation on any woman. The only evidence of molestation adduced by this witness is that he had overheard a person whom he thought to be high officer of the Fire Brigade, telephoning his office from the witness's place reporting to his office "chhintai molestation rampant". No conclusion can be drawn from that chance overhearing of certain remarks made by a person whose identity cannot be established. This witness has said that on 7th April 1969, at 6 a.m. he had entered the Stadium while in his morning stroll, but he did not see any women's garments or shoes lying about. He saw only charred remains of broken chairs. (See answers to questions Nos. 36-38.)

25. The next witness being witness No. 52-11, is a Sub-Inspector of Police. This witness who was on duty on Southern Avenue near the Stadium on 6th April 1969, deposed in camera. A statement on his behalf was written out by lawyer of the party on whose behalf he was called and filed in the office of the Commission on 17th May 1969. The lawyer was the friend of the mother of a friend of this witness. This witness has implicit faith in his friend's mother, and consequently in the lawyer. The witness gave his statement only for the purpose of record of the party, who called him, at the request of the mother of his friend and at the request of the lawyer. The witness had not given any authority either to the lawyer or to the party, who called him to utilise his statement for any purpose. He did not want his statement to be utilised as evidence before the Commission. This witness was really surprised when he came to know at the hearing that his statement had been filed before the Commission. He raised objection to that. (See answers to questions Nos. 440-444.) The witness was present in or about the Stadium from about 4 p.m. of 6th April 1969 until 3-10 a.m. of 7th April 1969. (See answers to questions Nos. 3, 627.) It appears that this witness did not carefully go through the statement after it was written out by the lawyer. See answers to questions Nos. 22-26, 257-258, 401 and 448, 620-629.) One important incident stated by this witness in his written statement was that when this witness was sitting within the tin fencing, but outside the Stadium block about 20/30 unmarried girls approached him for help as they had been separated from their people, were harassed and lost their vanity bags. In the oral testimony before the Commission the witness said that this group of ladies included both

married and unmarried girls and one or two women only reported of the loss of their vanity bags. (See answers to questions Nos. 126-130, 136.) This witness has stated that he did not see any molestation on any girl. In the opinion of the Commission on this aspect of the matter the evidence of this witness has been extremely helpful to the Commission.

26. The next witness called was witness No. 53-113. This witness had signed a statement which was filed in the office of the Commission. The first sentence of the written statement which was in Bengali was "every body in out house had been to Phulia on that day." ( আমাদের বাড়ীর সবাই সেদিন ফুলিয়া গিয়েছিলাম । ) This witness said that he saw three ladies being followed by boys, who were trying to insult the ladies. It may be noted that this witness had intended first to listen to the programme from outside, but as the disturbances started outside the Stadium, he bought a ticket and entered the Stadium. He had seen throwing of chairs and brickbats and smashing of bulbs. He was within the Stadium until after 11-30 p.m. when he left for his home. The evidence of this witness is that the Stadium was partially dark after most of the lights were smashed. There were large number of people within the Stadium, but most of the people were going out when the function was abandoned. The witness has stated that he saw a lady with a bandaged head, but he had no idea as to why the bandage was there. (See answers to questions Nos. 207-208.) This witness had stated at 8-30 to 8-45 p.m. he saw a lady with 3/4 girls. Subsequently he said that these were probably the daughters of the older lady. They were proceeding along the passage towards the gate while the witness was seated on the gallery. One of the girls was lagging behind. One of the few boys who were following those ladies taunting and passing remarks suddenly embraced the last of the girls from behind. Thereupon the witness together with a few other gentlemen chased those boys when they fled away. The witness stated that the boys who were following the ladies did not encircle them, but had encircled the girl who had fallen back. Then he said that one of the girls were really encircled. This allegation about embracing does not appear in the written statement filed by the witness. If this allegation were true, the witness certainly would have mentioned about this in his written statement. Besides aforesaid there are various discrepancies between the oral testimony of this witness and the written statement filed by him.

27. The next witness being witness No. 54-114 was a lady who deposed in camera. This lady lives at Abdul Rasul Avenue, which is situated very near the Stadium. The lady went into the Stadium at 7 p.m., came out at 8-30 p.m. During her stay inside the Stadium there was sufficient light. She has said that she had seen no molestation on any woman.

28. The next witness called also deposed in camera. The said witness was witness No. 55-117. This witness had filed a statement before the Commission. That statement was exhibited in the proceedings and marked as Exhibit No. 55-117/A. This witness has said about two incidents which he had seen on the night of 6th April 1969. The first is that when he was near the junction of Southern Avenue and Lansdowne Road a girl came running and asked him as to how she could proceed to Jadavpur. The girl further asked him to help her to board a bus as goondas were chasing her. The girl was very excited and nervous. She was not properly dressed. This witness also saw three young girls seated in a car nearabout the crossing of Southern Avenue and Sarat Bose Road. Two young boys were trying to force them to come out. Some passersby shouted and the miscreants fled away. In the examination-in-chief of this witness this witness did not mention that the lady had told him that she was followed by goondas. That was brought out by leading questions put to the witness by the Counsel appearing on behalf of a party supporting the case of the party who had called this witness. The lady did not tell the witness as to whether she was insulted or teased or molested or there was any other trouble. The lady did not also complain of the disturbances that were going on in or around the Stadium at that time. For the first time this witness heard of the disturbance from the lady while he was accompanying the lady towards Desapriya Park. (See answers to questions Nos. 103-109, 186.) It is significant that according to this witness, the witness did not see anything unusual while he was at the crossing of Sarat Bose Road and Southern Avenue. No unnatural incident had happened. (See answers to questions Nos. 21, 217.) There were people on the street and the lights were on at that time. The petrol pump at the crossing of Southern Avenue and Landsdowne Road was also open and its employees were also there. (See answer to question No. 115.) If this witness had been at that time at

the crossing of Southern Avenue and Sarat Bose Road it is certain he would have seen that disturbances on a large scale were going on there. It is apparent from his answers mentioned above that the witness could not have been at that place at that time. The other incident of two young boys trying to force open the door of a car occupied by three ladies and two gentleman "in the presence of a fuchkawala as well as other persons" to say the least is unacceptable. The evidence of this witness was that one of the boys was standing in front of the car and the other boy was trying to force open the door. The miscreants fled away on the approach of passers-by and the whole affair lasted only 2/3 minutes. There were male persons also within the car besides the driver. In the presence of so many people, the miscreants could not behave as alleged.

29. The next witness was witness No. 56-105/2, who went to the Stadium and was there between 7-30 p.m. and 11-30 p.m. in the evening of 6th April 1969. The evidence of this witness is that she did not see any incident of molestation on any woman. While proceeding towards home she went to the Dhakuria overbridge along that part of the road that goes through the Rabindra Sarobar and along the Buddhist Temple Road. That part of the area was separately lighted, but even then this young lady did not see any untoward incident while proceeding along that way. It may be mentioned that one of the witness—witness No. 41-97/1—had stated about entering of two girls by about 6/7 boys along that road in front of the public swimming pool nearabout that time. That story is also relied by the evidence of this witness.

30. The next witness called was also a lady. She was witness No. 57-105/3. Although she did not disclose her name and other particulars she chose to be examined in public. This witness stated that on 6th April 1969, while she was standing on a passage by the side of her house at about 10 p.m. she saw 3 naked ladies coming from Landsdowne Road running from west to east. Some boys were running after them. The witness could not say about the complextion of the ladies although according to her they were the residents of her locality. At that time there was no light in the neighbouring houses. All residents of the neighbouring houses seemed to have gone to their beds. She had come out to feed the cows of a milkman in a plot of land opposite to her house across the street. The ladies did not shout for help although they were completely naked and chased by young boys. She did not report this strange and extraordinary incident to her husband either on that night or ever after. She did not notice whether these ladies reached the crossing of Lake Avenue and Sarat Banerjee Road. She merely looked at the ladies and entered into her house. She was not interested, it appears, in the ladies at all. Although in that dark street where all the lights in the neighbouring houses were put off, only the light in the door of this witness was on, the witness could be seen by the ladies, she was not approached for help by these three ladies. There is a Telephone Exchange—46 Auto Exchange—to the east of her house wherein there are armed guards posted round the clock. The lights at the Auto Exchange were burning and there were guards both inside and outside the Exchange. Near about her house there are also dhobikhanas, ration shop, telephone kiosk, nursing home as well as a tea shop. There is a pretty big bustee very near her house to the east on that very road. It is unnatural and absurd that the witness would not shout for help or would not at least rush to the armed guards next door to see that help was provided to those naked ladies. There were disturbances near that locality and people of the locality certainly knew of the disturbances. This lady from her roof earlier had seen people running about on Raja Basanta Roy Road, but even then according to her the entire length of Sarat Banerjee Road from Lansdowne Road to Lake Avenue became desolate by 10 p.m. She said that she had told of this only to the family physician from whom, the representative of the party, calling her to the witness box, came to know and contacted her. Again she has said in answer to question No. 368 that until 29th May 1969, she did not mention to anybody that she had seen ladies in that condition in front of her house on the night of 6th April 1969. It is significant that these ladies, according to the witness, were residents of her locality. Even then she did not have any curiosity to make any enquiry subsequently as to what had happened to them. The evidence of this lady on this point on the condition of these women was different at different times. Once she said that they were almost naked. Again she said that these ladies were wearing torn pettecoats and then again she said that they were stark naked. In her written statement she had said that the ladies were nearly half naked. The evidence of this lady seems to have been concocted. If she had seen the incident the lady would have told at least the female inmates of adjacent flats of the strange incident.

Had this incident been seen by the lady it is unbelievable that she would not tell this to even the wife of her brother, who lives with her in the same flat. This is contrary to normal human behaviour. Taking all the aforesaid facts into consideration the Commission is of the view that the evidence of this witness cannot be accepted.

31. Thereafter three witnesses were called. They were witnesses Nos. 58-34/1, 59-34/2 and 60-34/3. The witnesses Nos. 58-34/1, and 59-34/2 did not see any molestation of any woman.

32. The witness No. 60-34/3 first said that because of the disturbances he had to stay at Lake Place, on that night, but thereafter said that he went back home and up to Sealdah Station he was with an old accountant of his employer. Although 6th April was a Sunday this witness had to come to Lake Place at 10 a.m. and worked up to 8 p.m. The evidence of this witness appears to be full of contradictions. He first says that after coming out he and the old accountant had come to the crossing of Lake Place and Lake Temple Road and found there boys with lathis. The said boys abused them. Thereupon he and the accountant returned back and proceeded along Sarat Chatterjee Avenue and Southern Avenue. Then again he said that he never said that the boys were with lathis. He merely thought that they had lathis; nor did he hear any abuses which were hurled at them by the boys. (See answers to questions Nos. 138-155.) Although the witness could reach Shymaprasad Mookerjee Road nearabout the Tollygunge overhead bridge through Rajani Sen Road, which lies behind the residence of his employer, and was the shortest route to a bus or tram route so that the witness could reach the Sealdah, the witness chose the perilous roads and streets fraught with disturbances that night. The witness came to Menoka Cinema at about 9 or 9.05 p.m. along Sarat Chatterjee Avenue. There was no trouble although the street was dark. The witness saw two girls weeping on Satyananda Road near Menoka Cinema. The said girls asked the witness's assistance for reaching home. The witness and the accountant took the girls up to Priya Cinema via Southern Avenue and Sarat Bose Road. At that place a taxi was found and the girls boarded the taxi. The witness and the accountant walked up to Gariahat junction and from there boarded a bus for Sealdah. The witness first stated that two girls asked for help and then said that these girls did not want any help. Only coming to know that the witness and his companion were going to Gariahat they wanted to accompany them. There were contradictions between the oral testimony of the witness adduced from the witness box and the synopsis of his evidence filed. While confronted with those contradictions the witness had said that he had never told as contained in the synopsis filed on his behalf. (See answers to questions Nos. 256-267.) It is strange that although both the accountant and the witness had been to Sealdah together the synopsis of the statement of the accountant and the synopsis of the statement of the witness as filed differed in very many particulars. The synopsis of those two statements did not mention that these insidents the witness and the accountant saw at the same time. but mentioned as different incidents seen at different times by the witness as also by the accountant. In the synopsis of the stories of these two persons, viz., the witness and the said accountant, an impression has been sought to be given that incidents were seen separately at different times by the witness and the accountant.

33. In the synopsis it was stated that this witness was returning at about 9 p.m. and the accountant at about 9-30 p.m. although they were returning together the witness saw frightened and weeping girls whose dresses were torn. But in the case of the accountant he saw frightened girls whose dresses were disarrayed. The girls accountant saw were not weeping. At first the witness said that the ladies accompanied them up to Gariahat junction and then again said that the ladies boarded a taxi near Priya Cinema and went along. For the reasons aforesaid the testimony of the witness on the aspect as to whether he had in fact seen the said two girls cannot be relied on.

34. The 38 persons who had filed their statements individually and came and deposed before the Commission said that they had not seen, nor heard of any molestation of any woman in or about the Stadium that night. Of the aforesaid persons that evidence of Shri Satendra Kumar. Shri Nirmal Nahar, Shri Santanu Mukherjee, Shri Sekhar Tarafdar and Shrimati Malati Mitra have been of great assistance to the Commission in arriving at the Commission's conclusion on this item of reference. It may be noted that some of the witnesses

called by even the parties, who had made out the case that there was molestation of women in or about the Stadium that night, e.g., Shri Madhusudan Mazumdar, Shrimati Manisha Sanyal, Shrimati Kalyani Banerjee and Shrimati Ashrukana Bhattacharjee stated that they did not see or hear of any molestation of any woman that night at the relevant place. The evidence of Shri Madhusudan Mazumdar considered hereinabove also observes special mention.

35. Special mention may be made on this aspect of the matter of the evidence of witness No. 63-C, a correspondent of the Hindusthan Standard, who had been near the Stadium that night for some time together with one of his colleagues. . Excepting the disturbances outside the Stadium this witness did not see anything. This witness did not see any molestation on any woman.

36. The witness No. 64-C, one of the Staff Reporters of the Statesman, Calcutta, had been to the Stadium at about 9-45 p.m. and returned to his office at about 11 p.m. This witness had entered into the Stadium through a broken part of the tin fencing at the junction of Sarat Chatterjee Avenue and Southern Avenue. The lights were on at that time. The time would be 9-45 p.m. This witness after remaining for a few minutes within the Stadium came back to Southern Avenue and went to the Tollygunge police-station and then again came back to the Stadium via Southern Avenue. This witness also did not see any molestation on any woman. Same as above no other correspondents of any other newspaper came to depose. Letters of request were sent to all the newspapers in Calcutta requesting to send particulars of correspondents who would appear and depose at the enquiry.

37. Three employees of the West Bengal Fire Service, being witness Nos. 61-C/98/2 and 62-C/98/3 as well as the witness No. 37-C/98/1 stated before the Commission that while they were on duty at or near the Stadium that night they never saw any molestation of any woman. All of the said witnesses said. however, that at about 10-15 to 10-30 p.m. there was rush and stampede at the gate meant for ticket-holders of Rs. 20. As a result of that rush and stampede many women while coming out of the Stadium fell down and the police had to clear the gate by making lathi charge.

38. Upon the evidence on record and discussed above the Commission is of the view that the said evidence does not prove that there was molestation of any woman in or about the Rabindra Sarobar Stadium on the night of 6th or early hours of 7th April, 1969. The Commission holds that there was no molestation of woman in or about the Rabindra Sarobar Stadium on the occasion of the function of Asoke Kumar Nite.

## CHAPTER III

### Role of the police and whether timely and adequate action was taken by them in dealing with the disturbances, etc.

1. This Chapter deals with the question as to what was the role of the police and whether timely and adequate action was taken by them in dealing with the disturbances mentioned in item (d) of the term of references, and whether there was either delay or inadequacy on the part of the police in dealing with the disturbances and whether responsibility for such delay and/or inadequacy (if any) can be fixed on one or more officials, as mentioned in item (e) of the term of the reference.

2. These two terms of reference are interconnected and for the sake of convenience the Commission proposes to deal with them together.

3. In considering the said two terms of reference it is necessary to consider what was the conduct of the police within the Stadium as well as outside the Stadium. The police took a sum of Rs. 1,232 from the organisers for the purpose of keeping peace in and around the Stadium that night. The relevant portion of the sanction granted by the Deputy Commissioner, Headquarters, reads as follows:

> "There is no objection from the police point of view to the proposed musical function being held at the Rabindra Sarobar Stadium on the 6th

April 1969, between the hours of 6 p.m. and 6 a.m. on the next morning (7th April 1969) subject to the following conditions:—

(i) A sum of Rs. 1,232 (Rupees one thousand two hundred and thirty-two) only, which was fixed in the last year for the supply of police force, should be deposited this year also for the supply of police force for maintenance of law and order and controlling traffic in and around the Stadium. The permission hereby accorded is liable to be cancelled if the charges for the supply of police force are not deposited in due time."

* * * *

It should be noted that the police has no power to prevent a function to be held at a private premises. Their only right is to allow or disallow the use of microphones and loud-speakers. The control of meetings or functions held at private premises raises difficulties in the sphere of public order. A public meeting held indoors is not necessarily or usuallly hold in what is in law a "public place". If a public building is hired or even borrowed by an association or a section of the public for the purpose of a meeting or function, it becomes in law a "non-public place" for the time being. The responsibility for keeping order at meetings or functions at private premises is that of the promoters or organisers. The police may sometimes be called upon for assistance, but their role remains essentially a secondary one.

4. The established principle is that "in the case of meetings held at private premises whether for public purposes or not, the police have no power to enter except by leave of the occupier of the premises or promoters of the meeting or when they have good reason to believe that a breach of the peace is being committed". (Keeping The Peace— the police and public order by David Williams, 1967 Edition, page 142). Therefore, unless the promoters or the organisers of a meeting or a function request the police to be present at the meeting or the function the police have no right to be present therein unless they reasonably believe that an actually breach of the peace is being committed. That is the decision of the Appeal Court in England on May 30, 1935 The ratio decidendi of the said decision may be extended to the extent that the police could enter such places where such meetings or functions were held when the police had reasonable grounds to believe that there was possibility of impending breach of peace at the place. Where a breach of peace does not actually take place or cannot reasonably be anticipated the police have no power to enter into private property where meetings or functions are held and members of public are present. A satisfactory solution would be to legislate that all private properties wherein meetings are to be held or functions in which a large number of people are allowed by purchase of tickets to be present are held should be licensed. The licence should contain a condition giving right to the police to enter such places if they think that breaches of peace may occur therein.

5. Shri B. K. Basu, D.C., South, who was on over-all charge of the area for the purpose of preserving law and order arrived at the Stadium at 4 p.m. The police authorities at the headquarters had arranged that the police would be on duty at or about the Stadium in two shifts· the first one from 4 p.m. to 11 p.m. and the other from 10 p.m to 6 a.m In the two shifts of duty the period between 10 p.m. and 11 p.m. was common and was kept for the purpose of gradual take over of duty by the second shift men from the first shift men. Each shift was to be worked by the following police personnel

(a) 3 Deputy Commissioners.

(b) 5 Assistant Commissioners.

(c) 10 Inspectors.

(d) 20 Sub-Inspectors or Sergeants.

(e) 175 Constables or Sepoys

Besides the above each of the said shifts was to be served by two heavy flying squads and two composite police parties. Each heavy flying squad was to have two Sub-Inspectors/Sergeants, 68 Constables/Sepoys and two Gas Gunners. Each composite police party consisted of one Sergeant in a wireless van with four Constables with lathis, two Muskets and two Gas Gunners But how many of them took their posts in or about the Stadium in the beginning cannot be said in the absence of cogent evidence

6. In the beginning at about 7-30 p.m., as we have seen disturbance broke out at the south-western direction just out side the Stadium and two tin sheets —a few feet away from the eastern gate at the outer perimeter, i.e., at the tin fencing to the Stadium—were removed. Round about that time pounding on the tin sheets began as well as throwing of brickbats on the tin sheets. Shri B. K. Saha, the then D.C., R.F., who was at that point immediately went into action against the crowd at that time. From that time brickbats started to fall upon the tin sheets as well as over the tin sheets into the lawns out side the Stadium and at places where the galleries were nearer to the tin fencing, the brickbats started to fall upon the galleries as well. Soon thereafter clashes between the police parties and the violent section of the crowd commenced. The evidence is that since then re-enforcements were asked from the Control Post set up at the lawns opposite the Menoka Cinema within the tin fencing but outside the concrete structures by Shri Saha, D.C., R.F., Shri B. K. Basu, D.C., South, in over-all charge of the area also asked for re-enforcements from Lall Bazar. From time to time re-enforcement arrived from Lall Bazar. No evidence has been adduced on behalf of the police as to what re-enforcement were sent from Lall Bazar directly to the spot of danger. Shri Basu stated that he had received various re-enforcements from time to time from Lall Bazar. Lall Bazar Control had also informed Shri Basu that various re-enforcements had been sent to the various spots in the area from Lall Bazar direct. This was also the evidence of Shri B. K. Saha, D.C., R.F. But no effect was made by the police authorities to show as to what were the particulars of the re-enforcements sent from Lall Bazar to the area from time to time and what was the totality of the police force posted in or about the Stadium after the disturbances took a very violent turn. No dommentary evidence whatsoever was produced by the police.

7. It appears, however, that the police posted at different sectors outside the Stadium were not alive to the seriousness of the trouble in the beginning. From a consideration of the evidence on record it also appears that the police arrangement made at the Lall Bazar in the beginning was inadequate and specially in view of the fact that series of such musical functions, which took place in the city during the last few years, were sought to be disrupted by violence by a section of the public and the police had to preserve peace after considerable fight with the public. In view of the inadequacy of the police force in the beginning it seems that no proper action could be taken by the police in the beginning for the prevention of throwing of brickbats on the Stadium. As soon as there was heavy brickbatting at the gate opposite the Menoka Cinema by a section of the crowd the volunteers went inside and the police posted at the gate went inside and took shelter behind the tin fencing. If there was sufficient number of policemen this could not have happened.

8. From the evidence of Shri B. K. Saha it appears that the police force fighting the violent mob at the south-eastern sector outside the Stadium was hopelessly outnumbered. Shri Saha from the inception, it appears, had to requisition re-enforcements from the Sub-Control Post. As time wore on Shri Saha had to ask for re-enforcements not from the Sub-Control Post at the Stadium. but from the Lall Bazar direct. Shri Basu also had to requisition re-enforcements over the wireless from Lall Bazar. It is true that re-enforcements had to be requisitioned by the police from time to time as and when disturbances grew, but in the instant case the significant fact seems to be that from the very inception re-enforcements had to be asked from Lall Bazar. This shows lack of foresight on the part of the persons responsible for making police arrangements in or about the Stadium on the occasion of the function of Asoke Kumar Nite.

9. The authorities making such arrangements knew that within the area of the Sarobar itself there are places not very reputable. The places by the side of the railway track to the south of the Sarobar are known to be the haunts of notorious anti-social elements. "Asoke Kumar Nite" was given publicity far and wide. It was to be participated in by well-known artistes of the film and music world of Bombay, who have great appeal to the young or immature mind. The tendency of the people in general to take law in their own hands at such times and on the occasions of such musical functions are too well-known to the guardians of law and order in the city. Notwithstanding the aforesaid, it appears, the question or the problem of keeping law and order in or about the Stadium was not properly considered at the time when originally the police arrangements for the function were considered or thought of.

10. Although at the Stadium or just outside the Stadium the police arrangements were rather inadequate at the beginning the police posted there tried to the best of their ability to prevent disturbances or forcible entry into the Stadium. As a matter of fact the police also tried its best to preserve property round about the Stadium. There were dozens of motor cars parked at the compound or just outside the compound of the Bengal Rowing Club—a place in close proximity to the south-eastern sector outside the Stadium wherein the worst clash between the police and the mob took place. A section of the mob while pushed back by the force under the command of Shri B. K. Saha, D.C., R.F., moved towards the Bengal Rowing Club, but timely action was taken by the police and the members of the club entrapped within the Club premises by the sudden burst of violence in the vicinity could leave the Club in their cars safely.

11. All along the place round about the Stadium numerous motor cars were parked. It is on evidence that only four of the motor cars were set on fire by the people—two near about the junction of Lake Place and Abdul Rasul Avenue and two on the Southern Avenue near its crossing with Bompus Road. The passing vehicles were brickbatted and damaged but padestrians were not interfered with.

12. From about 8-00/8-30 p.m. it appears. the police started taking strong action. The police started patrolling the roads skirting the Rabindra Sarobar and Rabindra Sarobar Stadium. Shri Gossain, D.C., E.B., also fought with 2/3 thousand young people at the lawn of the Sarobar to the south of the Stadium. The police posted in or about the Stadium did its best to preserve the life and property of the people. In such a situation as this the police cannot remain stationary at certain fixed points, but has to be mobile and fight the violence or disturbance wherever it occurs. The main duty of the police was to prevent the violent mob from gate crashing into the Stadium or to cause damages to people and property including the motor cars parked on the streets outlying the Rabindra Sarobar. Excepting those four instances of fire to four motor cars as well as to the milk booth and the vaccination centre, there was no other case of arson that night. It is an evidence that the mob used to disappear through side-streets (from many of which they came into Southern Avenue) Sarat Chatterjee Avenue and Abdul Rasul Avenue at the sight of the patrolling police vehicles, but as soon as the police vehicles went away the mob again rushed towards the main thoroughfares. On the whole it appears that police after the initial inadequacy due to lack of numbers did its job dutifully in or about the Stadium.

13. It is true that although the disturbances broke out within the Stadium the police did not enter into the Stadium and prevent the same from happening. At 7-30 p.m. according to Shri B. K. Basu, D.C., South, some of the organisers had come to him and complained that a section of the audience from the galleries were coming down and entering into the lawns. The organisers requested Shri Basu to prevent unauthorised entrance into the lawns. Shri Basu stated that the people there were coming down from the gaalleries and moving forward towards the dias after entering into the lawns in view of the fact that microphones and loud-speakers failed miserably at those points of the galleries from which these people were coming. Shri Basu further said that he thought that if he prevented those people from entering into the lawns at that time a serious question of law and order would arise; because the people within the Stadium by that time were furious against the organisers for their failure to provide loud-speakers and microphones to enable them to listen to the programme. Shri Basu thought that if he had intervened, certainly violence would have broken out within the Stadium. At that time there was sufficient accommodation on the lawns, so these people coming down from the galleries were not prevented from entering into the lawns. It is clear that although there were disturbances within the Stadium like breaking of chairs and throwing wooden pieces thereof at the dias as well as throwing of other missiles at the dias no action was taken by Shri Basu; nor did he ask the police force to enter into the Stadium to prevent those breaches of peace.

14. According to Shri Basu when he heard the explosion of the cracker within the Stadium at about 10-45 p.m. he decided to intervene and enter into the Stadium from the Sub-Control Post together with a force of police. Shri Basu said that he did not intervene earlier as there was possibility of the function continuing and also for the reason that the people were furious against the organisers only. They were not injuring or doing any damage to

other sections of the audience. Shri Basu said that he anxiously considered as to whether he would enter the Stadium as soon as the disturbances broke out that night within the Stadium, but considering the fact that it was an enclosed place, overcrowded and full of people in an angry and intolerant mood, he thought it better not to do so. According to Shri Basu if he had intervened earlier the police personnel would have been targets of attack by the violent sections of the crowd who were hurling missiles at the dias. In that event there was possibility of police personnel charging that section of the crowd. The crowd itself included quite a good number of women and children. The police personnel ultimately might have been compelled to lathi-charge or even fire tear-gas shells. In that event Shri Basu thought that there would have been stampede at the various exits of the Stadium resulting in damages to limb and even life of a great number of people. In order to prevent loss of life Shri Basu thought it best not to intervene within the Stadium earlier. The Commission accepts and approves of the reasons given by Shri Basu for not having intervened earlier and broken up the function earlier on that day. The aforesaid conduct and action of Shri Basu was reasonably prudent. The Commission thinks that the police posted in or about the Stadium had faithfully discharged their duties and acted adequately save and except for a brief period at the commencement of the function due to paucity in number. For the same, the authorities at Lall Bazar who had prepared the plan for police arrangement in or about the Stadium for the night of 6th April 1969, were responsible.

## CHAPTER IV

### Measures to be adopted for preventing the recurrence of similar disturbances

1. The last term of reference before the Commission was as to what measures should be adopted in future for preventing the recurrence of similar disturbances. An account of the happenings at such muscial soirees in Calcutta during the last few years go to suggest that steps and measures should be taken in order to prevent the recurrence of such happenings in future. The Commission has noted already that if a function is held at a private premises the police has no power with regard to controlling the function save and except only the power to allow and use microphones and loud-speakers. This power of the police for the purpose of controlling such function should be enhanced by making statutory provisions with regard thereto.

2. After considering various suggestions put forward, the Commission recommends that the following measures should be taken in order to prevent recurrence of such disturbances:

(A) Licence should be required to be obtained from the police in order to enable anybody to hold any function, musical or otherwise, both at a public or at a private premises. In such licence there should be conditions imposed to be complied with by the organisers or promoters of such function.

(B) The said conditions should include provisions for installing proper and adequate microphones and loud-speakers.

(C) Such conditions should also include printing of tickets for such functions either at the West Bengal Government Press or at the Army Press in Calcutta. All the tickets printed by the press should be forwarded to the Collector of Calcutta together with duly authenticated copies of print orders for the purpose of putting the stamps by the Collectorate of Calcutta so that the Amusement Taxes to the Government may not be evaded.

(D) The seats provided at such functions should be reserved and bear distinct numbers. The tickets of each denomination printed shall also be numbered. This will avoid overcrowding.

(E) The police authorities must inspect the places where such functions are proposed to be held and check up as to the capacity for accommodation at such places and thereafter sanction the number of visitors to be allowed to enter such functions and the number of tickets to be printed. The entry into such functions shall be controlled and the tickets at the gates checked by the police.

(F) If any function be held for entertaining people by sale of tickets to the public, there must not be any provision for guest cards at such functions. It has been the common practice in Calcutta that guest cards are distributed against receipt of large amounts and thus Amusement Taxes are evaded with impunity.

(G) At least six hours before such function is held the police authorities should be empowered to check the public address system in such function and if the system is found to be defective, be entitled to rectify the defects, if any, themselves at the expense of the organisers.

(H) The tickets will be sold through Government agencies, who will be supplied with the tickets from the office of the Collector of Calcutta direct. The sale proceeds of the tickets should not be made over to the organisers or promoters of such functions until after such functions are concluded satisfactorily. If such functions are abandoned or do not take place due to any default on the part of the organisers or promoters, the value of the tickets should be refunded to the purchasers on production of counterfoils of tickets within such time as may be decided upon by the authorities.

(I) In view of the fact that many lovers of music are unable to attend such functions by purchasing tickets, proper and adequate number of loud-speakers and microphones should be installed outside such places where functions are held so that people outside may listen to the programme at such functions without being required to purchase tickets for the same.

(J) The police would be responsible for law and order and would be in charge of the same even within the premises wherein such functions are held. Expenses for maintaining such police force within the premises, as may be necessary for maintenance of law and order, should be borne by the organisers or promoters of such functions.

(K) All such functions shall be allowed to be held only within halls or proper auditorium and shall not be allowed to be held at any open place or public square.

(L) Proper lighting arrangements should be made to the satisfaction of the police authorities where such functions are allowed to be held. Proper arrangements should also be made for mending or rectifying any defect that may crop up in such arrangements.

(M) The contract between the artists engaged to take part in the function and the promoter or organiser of such functions together with the letters of acceptance by such artists has to be placed before the police authorities at least seven days prior to the date on which such function is due to be held.

3. The Commission thinks that the aforesaid measures, if adopted, will go a long way in preventing recurrence of such disturbances at such functions.

SAMBHUCHARAN GHOSE,

15th December 1969.

### RESOLUTION

No. 10153-WT.—25th November 1969.—On 14th January 1969 at about 16-00 hrs. a passenger motor launch "Joy" while loading passengers from country boats returning after the Ganga Sagar Mela capsized and sank at a point about 1¾ miles south-east of the Mela ground. An investigation into the facts of the case relating to the casualty was found expedient and accordingly Government of West Bengal appointed on 29th January 1969 under section 33 of the Inland Steam Vessels Act, 1917, read with section 73 of the said Act, a Special Court consisting of Shri J. Sanyal, Additional District Magistrate, 24-Parganas, and the following other members, namely:

(1) Rear Admiral T. B. Bose, Retired Chief Surveyor to the Government of India.
(2) Capt. K. K. Sood, Marine Superintendent, O.I.W.T.C. Ltd.
(3) Shri S. K. Paul, Engineer Superintendent, Calcutta Port Commissioners.

2. The Court arrived at unanimous conclusions and also furnished replies to a questionnaire framed by Government and made a number of recommendations.

3. The Court held that the accident was due to a large number of pilgrims boarding the launch in a disorderly manner from a number of ferry boats which had surrounded the lanuch, thereby overloading and adversely affecting the stability of the vessel and causing the lanuch to capsize and sink. The Court noted that the vessel had a valid certificate of riverworthiness and the crew had valid certificates of competency and that the area where the accident took place was safe at that time of the year for navigation of the said vessel. The Court also held that although the Serang of the vessel should have made more positive efforts to reach the working area for embarkation, he and the other members of the crew were not responsible for the accident.

4. Government having carefully considered the observations of the Court, accept them.

5. Government have also generally agreed with the observations and recommendations of the Court and have decided to adopt progressively the precautionary measures recommended by the Court to prevent recurrence, of such accidents leading to loss of life.

6. Government also wish to place on record their deep appreciation of the very valuable work done by the Court in preparing the report of investigation.

### Order

And whereas during the pendency of proceedings before the said Tribunal, Shri Rajbali Singh, a workman of Messrs. Chitpur Pressing Company Private Ltd., made a complaint in writing to the said Industrial Tribunal against the said Company;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the Fifth Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

### ANNEXURE

**In the matter of an application under section 33A of the Industrial Disputes Act filed by one Shri Rajbali Singh of 1 Joy Bhattacharya Lane, Calcutta, an employee of Messrs. Chitpore Pressing Co. Private Ltd., 105 Old China Bazar Street, Calcutta, against the aforesaid Company. (Case No. 1 of 1969 u/s. 33A.)**

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company : Shri N. M. Das Gupta and Shri D. K. Das Gupta, Advocates.

Present for the Workman : Shri Panchanan Bhattacharyya, an officer of the Union.

This is an application under section 33A of the Industrial Disputes Act filed by one Shri Rajbali Singh, an employee of Messrs. Chitpore Pressing

Company Ltd., against the aforesaid Company, alleging contravention of section 33 of the Act by the Company. The original reference out of which this case has arisen was made under G. O. No. 4391-I.R., dated 17th November 1966.

The case of the petitioner is as follows :

The petitioner was a workman under the opposite-party Company. The petitioner was entitled to annual leave, casual leave and sick leave in terms of the award made by Shri S. C. Dutta Gupta, Judge, Industrial Tribunal. The petitioner had been approaching the opposite party for granting him all arrear and outstanding dues. He was told by the management that leave wages would be paid to him on his return from leave. The petitioner availed of the leave and returned in October, 1968. He resumed his duty, but his normal wages and leave wages were withheld. He made demands for his normal wages and leave wages. The management threatened him with dismissal and, in fact, he was verbally dismissed from service in January 1969. A reference was pending in the Tribunal at the time of his dismissal. So the act of the Company was in violation of section 33 of the Industrial Disputes Act.

The application is opposed by the Company. The Company has taken a preliminary legal objection as to the maintainability of the application. It is submitted by the learned lawyer appearing on behalf of the Company that even if the allegations in the application be accepted as true, still it should be held that the application is not maintainable. He says that the petitioner has not made out any case in the application that he was discharged or dismissed on account of misconduct. The learned representative for the petitioner refers to the case reported in 1965 L.L.J., Vol. I, p. 422 in which it has been held by Their Lordships that an application under section 33A of the Industrial Disputes Act would be maintainable where the termination is by way of punishment. In my opinion the principle enunciated in the case mentioned above does not apply to the facts of the present case. In the abovementioned case the application was held maintainable as it was found that the Company had terminated the services of the workman by way of punishment. But it is not the case of the present petitioner that he was dismissed by way of punishment. No case has been made out by him in his application that he was dismissed on ground of misconduct. In this connection the principle enunciated by His Lordship in the case reported in Indian Factories and Labour Reports, Vol. 5, 1962, page 465 should be referred to. It has been held in that case that discharge contemplated in section 33(2)(b) must be discharged for misconduct. It has been further observed in that case that the expressions 'conditions of service' or 'alteration in the conditions of service' clearly imply the continuance of employer-employee relationship. Once the services of a particular employee is terminated, there is no question of alteration of his conditions of service. As to whether the discharge is proper or not, does not at all arise in the proceedings under section 33A. The workmen have got other remedies available to them; and it is open to them there to ventilate their grievances. If there is wrongful discharge or termination of service of a workman, the remedy is elsewhere. But as the petitioner of this case has not made out any case that he was dismissed or discharged on ground of misconduct, it must be held that this application under section 33A is not maintainable.

The application is, therefore, rejected.

### AWARD

By the Government of West Bengal, Labour Department, order No. 5643-I.R./IR/13L-18/69, dated the 29th July 1969, an industrial dispute existing between Messrs. Calcutta Oriental Press (P.) Ltd., 9 Panchanan Ghosh Lane, Calcutta-9 and their workmen represented by Press Employees' Association, 249B Bepin Behari Ganguly Street, Calcutta-12, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

### Issue

Whether termination of services of Sarbasree Panchanan Maity and Tarapada Dutta is justified? To what relief, if any, are they individually entitled?

Usual notices were served upon the parties directing them to appear on 30th August 1969. On 30th August 1969 both the parties appeared and the Union was directed to file its written statement on 15th September 1969. On 15th September 1969 both the parties were found absent and 29th September 1969 was fixed for filing written statement by the Union. On 29th September 1969 the Union filed its written statement in triplicate. But thereafter the Company no more turned up though several dates were fixed for the purpose. Ultimately, on 30th October 1969 on which date also the Company was found absent, 19th November 1969 was fixed for hearing. On 19th November 1969 also the Company did not turn up for taking any step but the Union was present on that day. In the circumstances, the matter has been heard ex-parte. In this ex-parte hearing, the Union has examined Shri Tarapada Dutta (P.W. 1) and has exhibited a number of documents. The Union's case is that the two workmen concerned Tarapada Dutta and Panchanan Maity had been serving this Company with a unblemished carrier for 13 years and 12 years respectively, that as the Company did not implement the minimum wages, etc., prescribed by the Government, these workmen were agitating their legitimate demands regarding their scales of pay, dearness allowance, etc., and that for this the Company illegally dismissed these two workmen by a letter, dated 3rd January 1969, by way of victimisation and without giving any notice and without holding any enquiry. The Union's further case is that on receipt of this letter of dismissal [Exts. 1 and 1(A)] the Union by a letter, dated 3rd January 1969 (Ext. 2), requested the Company to withdraw the said letter of dismissal but the Company failed to pay heed to this. The P.W. 1 Tarapada Dutta one of the workmen concerned, has clearly and satisfactorily proved the above case of Union and he has not been cross-examined. I do not also find any reason for which I should disbelieve this P.W. 1. Exts. 1 and 1(A) are two letters of dismissal in which it has been alleged that these workmen used filthy language inside the office, that they did not care to adhere to maintain office discipline which was detrimental to the prestige of the Company and that these two workmen once made attempt to destroy and take away some of the Company's properties. The P.W. 1 says that all these allegations are absolutely false and unfounded, and it is surprising to note that the Company did not even think it necessary to issue any charge-sheet or to hold any enquiry or to give any opportunity to the workmen concerned to submit their explanation or to say anything in defence. There was also no notice of dismissal. Thus it is quite clear that the Company dismissed these two workmen most arbitrarily and without any cogent and sufficient reason and that they have been dismissed illegally only by way of victimisation as alleged by the Union. The termination of services of both these workmen therefore is quite against the law as well as against the principle of natural justice and is not therefore justified. Hence, the first part of the issue is thus answered in the negative, i.e., the termination of services of these two workmen is not justified.

In view of the above finding that the termination of the services of these two workmen is not justified, both these two workmen are entitled to reinstatement with full back wages as claimed. From the P.W. 1 we get it that Shri Tarapada Dutta used to draw a monthly salary of Rs. 107 and Shri Panchanan Maity used to draw a monthly salary of Rs. 118 as the time of the said illegal dismissal. Accordingly, they are entitled to reinstatement with full back wages at the rate of Rs. 107 (Shri Tarapada Dutta) and Rs. 118 (Shri Panchanan Maity), i.e., the last drawn emoluments. The second part of the issue is thus disposed of.

The two workmen concerned are entitled to reinstatement within one month from the publication of the Award in the "Calcutta Gazette" as well as back wages since the date of dismissal, i.e., 9th January 1969 till the date of reinstatement at the rate of Rs. 107 (Tarapada Dutta) and Rs. 118 (Panchanan Maity). An award is passed accordingly.

This is my award.

## AWARD

By order No. 1638-I.R./IR/11L-191/66, dated the 22nd April 1967, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs Standard Pharmaceuticals Ltd., 1 D'Cruze Garden Lane P. O. Serampore, district Hooghly, on the one part and their workmen represented by (1) Standard Pharmaceutical Labour Association, 99A G. T. Road, Mallick Para Bye Lane, P. O. Serampore, district Hooghly, (2) Standard Pharmaceutical Works Employees' Union, 67 Dr. Suresh Sarkar Road, Calcutta-14, and (3) Standard Pharmaceutical Works Workers' Union, 67 Dr. Suresh Sarkar Road, Calcutta-14, on the other, to this Tribunal under section 10 of the Industrial Disputes Act, 1947 for adjudication on the following issue :

### Issue

Whether the existing method of granting annual increments is justified? What relief, if any, are the workmen entitled to?

On receipt of the order of reference, usual notices were issued to the parties by this Tribunal and in response thereto Standard Pharmaceutical Labour Association, Standard Pharmaceutical Works Workers' Union and the Company entered appearance and filed their written statements in the case on 7th July 1967, 7th August 1967 and on 29th September 1967 respectively. The other Union, viz., the Standard Pharmaceutical Works Employees' Union, did not at all turn up and no written statement was filed by that Union. Subsequently on 13th June 1969 the Company filed an additional written statement contending that after the filing of its original written statement there was an over-all settlement in respect of all disputes between the Company and their workmen represented by two Unions, viz., (1) Standard Pharmaceutical Labour Association, and (2) Standard Pharmaceutical Works Workers' Union on 4th August 1968, and consequently a "no dispute" award should be passed in the case. The Standard Pharmaceutical Labour Association in turn filed an additional written statement on 14th October 1969 in reply to the contention raised in the additional written statement filed by the Company and it has been averred therein that the settlement referred to in the additional written statement filed by the Company does not at all affect the issue pending before this Tribunal for adjudication as it was not a subject matter of that settlement at all It has also been contended by the aforesaid Association that when the Tribunal is in seisin of the matter in dispute there cannot be any valid settlement outside the Court. On the same day, i.e., on 14th October 1969 another petition was filed by the Company stating that the Union's claim being based on a settlement of the year 1962, their remedy lay in an application under section 33C of the Industrial Disputes Act and the instant reference was hence not maintainable in law.

I have already stated that the Standard Pharmaceutical Works Employees' Union did not at all enter appearance in the case and did not file any written statement, and that being so, I must presume that the said Union is no longer interested in the reference and no industrial dispute exists any longer between that Union and the Company. So far as the Standard Pharmaceutical Labour Association and Standard Pharmaceutical Works Workers' Union are concerned, they have undoubtedly appeared in the case in response to the notices issued by this Tribunal, as already stated, and filed their respective written statements. But the Standard Pharmaceutical Works Workers' Union also did not take any interest in the case after the filing of the written statement. In the additional written statement filed by the Company on 13th June 1969 it has been contended that on 4th August 1968 there was an over-all settlement in respect of all the disputes between the Company and their workmen represented by the Standard Pharmaceutical Works Workers' Union and the Standard Pharmaceutical Labour Association, and accordingly the Company has prayed for passing a "no dispute" award in the case. On the date fixed for hearing of the case, i.e., on 18th November 1969 the aforesaid additional written statement of the Company and the additional written statement filed by the Standard Pharmaceutical Labour Association on 14th October 1969 in reply thereto and also the Company's petition of the same date were first taken up for hearing at the suggestion of the learned Advocates of the Company and of the aforesaid Association, and the learned Advocates of those parties were heard at length on the points raised therein.

Now, I must say at the outset that the Company's petition, dated 14th October 1969 regarding the non-maintainability of the instant reference is not, in my opinion, based on any valid ground. It is alleged in that application that the Company has in paragraph 1 of its written statement (i.e., the original written statement) referred to a settlement, dated 19th May 1962, and the claim of the Union being based on that settlement, the reference is incompetent and the workers' namely, if any, would lie under section 33C of the Industrial Disputes Act. But on perusing the written statement filed by the Standard Pharmaceutical Labour Association and the written statement filed by the other Union I do not find any reference to any settlement of the year 1962. My attention has been drawn in this connection by the learned Advocate for the Company to paragraph 5 of the written statement filed by the Standard Pharmaceutical Labour Association and it has been argued on the basis thereof that the workmen's claim really rests upon a settlement, and so they should take recourse to the provisions of section 33C of the Industrial Disputes Act for relief, if any. In paragraph 5 of the written statement of the aforesaid Association, it has, of course, been alleged that the management by not granting the annual increment, has been contravening the provisions of an agreement entered into between the Company and its workmen But it is difficult to infer therefrom that the workmen's claim is based upon a settlement as referred to in section 33C of the Industrial Disputes Act. Moreover, the issue involved in the present reference does not, in my opinion, come within the ambit of section 33C of the Industrial Disputes Act, and as such it cannot be said that an application under section 33C of the Industrial Disputes Act is the only remedy available to the workmen concerned for the determination of the dispute in question. So, in my opinion, there is no substance in the objection raised in the Company's petition, dated 14th October 1969. But the additional written statement filed by the Company on 13th June 1969 has undoubtedly much force and the contention raised therein must, in my opinion, be accepted. In the additional written statement filed by the Standard Pharmaceutical Labour Association on 11th October 1969 it has been clearly admitted that there was a settlement on 4th August 1968 between the Company and the workmen represented by Standard Pharmaceutical Labour Association and the Standard Pharmaceutical Works Workers' Union, and at the time of hearing also it has been admitted by the learned Advocate for the Standard Pharmaceutical Labour Association that a settlement was actually arrived at between those parties on that date. The said settlement has been marked in this case as Ext. 1(a) on admission of the parties. The settlement is duly signed by the representatives of the Company and the Standard Pharmaceutical Labour Association and the Standard Pharmaceutical Works Workers' Union In that settlement [i.e., in Ext. 1(a)] we get that there was a settlement between those parties with regard to "Wage Scales and Adjustments" and other matters. The terms of settlement provide inter alia that future increments of salary will be in accordance with the respective scales of pay and the same will be effective in April every year as per the usual practice. There was also a revision, as per that settlement, of the grades of basic wages of certain classes of workmen and it was further provided therein that in respect of certain other categories of workmen there would be no revision of their grades. Again, it was stipulated in clause 22(a) of the terms of settlement that there should be no demand for any further increase in wage, allowance or bonus or any other financial benefits and that the provisions of the agreement [i.e., of Ext. 1(a)] would define and limit the obligations and responsibilities of the management and the employees/workmen for the period covered by that agreement which was to remain in force up to the 31st day of March 1972. So, it is clear that there was a settlement between the Company and the Standard Pharmaceutical Works Workers' Union and Standard Pharmaceutical Labour Association on 4th August 1968 with regard to various matters including the matter involved in the instant reference. But it has been contended by the learned Advocate for the Standard Pharmaceutical Labour Association that the issue referred to this Tribunal for adjudication was not a subject matter of that settlement, Ext. 1(a), and no settlement was actually arrived at between the parties with regard to that issue. But I am unable to accept his contention on a careful perusal of the terms of the said settlement. I have already referred to the relevant portions of the terms of settlement, Ext. 1(a), and I like to quote verbatim, to be more clear and expressive, the said portions of the terms of settlement. Clause 1 of the terms of settlement reads thus :

> "1. Wage Scales and Adjustments :
>
> (a) The Company will revise the grades of basic wages of its workmen as shown below and the fittings of wages of workmen as on 1st January 1968 in the revised scales will be given effect as per Annexure A'. Annexure 'A' will be treated as an integral part of the settlement for fittings basic wages in the revised scale without affecting their normal increment date. Future increments of salary will be in accordance with the respective scales of pay and the same will be effective in April every year as per the usual practice.
>
> The new wage scale shall come into force from 1st of January 1968.

| Sl. No. | Category | Grade |
|---|---|---|
| 1. | Unskilled | Rs. 35—2—55—2.5—80<br>3—95 |
| 2. | Semi-skilled "A" | Rs. 40—2.5—65—3—95—<br>4—115 |
| 3. | Semi-skilled "B" | Rs. 45—3—75—3.5—110—<br>4.5—132.50 |
| 4. | Skilled "A" | Rs. 50—3.5—85—4—125—<br>5—150 |
| 5. | Skilled "B" | Rs. 55 — 4—95—4.5—140—<br>5.5—167.50." |

Then clause 22(a) of the terms of settlement runs as follows :

> "It is also further agreed that there shall be no demand for any further increase in wage, allowance or bonus or any other financial benefits and that the provisions of the agreement define and limit the obligations and responsibilities of the management and the employees/workmen for the period covered by this Agreement."

Again, in clause 2 of the terms of settlement we get the classification of the different workman. Annexure B of the settlement, Ext. 1(a) gives us the classification of workmen as referred to in clause 2 of the said settlement and we find therefrom that helpers are included in the category of unskilled workers. In the written statement filed by the Standard Pharmaceutical Labour Association there is the allegation that the Company was making unfair discrimination in respect of helpers and some other workmen in the matter of increment. Now, these helpers are included in the category of unskilled workmen as per the settlement Ext. 1(a), and regarding the other workmen the classification as made in Annexure B of Ext. 1(a) was to continue according to that settlement. Regarding all these workmen including unskilled workmen (i.e., helpers, etc.) and others there was the settlement, Ext. 1(a) between the Company and the representative Unions of the workmen. We find in clause 1 of the terms of settlement the new wage scales of the unskilled workmen and some other classes of workmen together with their annual increments in their appropriate grades and it is positively laid down there again that future increments of salary will be in accordance with the respective scales of pay and the same will be effective in April every year as per the usual practice. The grades of the other categories of workmen also have been shown in that clause of the terms of settlement. It is, therefore, abundantly clear that the parties (i.e., the Company and the Unions) came to a settlement with regard to the question of annual increments of the workmen. Furthermore it is provided in clause 22(a) of the terms of settlement, as already said, that there shall be no demand for further increase in wage, allowance or bonus or any other financial benefits and the provisions of the agreement would define and limit the obligations and responsibilities of the management and the employees/workmen for the period covered by the agreement, i.e., the settlement Ext. 1(a). So, it cannot be argued in any way that the question regarding the existing method of granting annual increment was beyond the purview of the settlement, Ext. 1(a) and that no settlement was arrived at between the parties on that question. If the terms of settlement, Ext. 1(a), are read as a whole, the irresistible conclusion would be, in my opinion, that the Company and its workmen represented by Standard Pharmaceutical Labour Association and Standard Pharmaceutical Works Workers' Union came to a settlement with regard to various matters including the question as to the then existing method of granting annual increments to the workmen. The said settlement is really binding on the parties and it could be arrived at between the parties even after the order of reference. So, I must hold that there is no longer any existence of any dispute between the parties with regard to the issue involved in the reference. Hence, I pass a "no dispute" award in the case.

This is my award.

## AWARD

By Labour Department, order No. 3943-I.R./IR/11L-583/68, dated 9th June 1969, the Governor was pleased to refer the instant dispute between Messrs. Dilip Kumar Pal and Brothers, P-280 Benaras Road, Belgachia, Dasnagar, Howrah and their workmen represented by Iron & Steel Workmen's Union, 63 Shivagopal Banerjee Lane, Ghusury, Howrah, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

### Issue

Whether the closure of the Company with effect from 16th July 1968 is real? What relief, if any are the workmen entitled to?

On receipt of the reference usual notices were issued on both the parties asking them to appear on 16th July 1969 for taking direction to file written statements. Though the notices were duly served on the parties neither party appeared on 17th July 1969, 16th July 1969 having been declared a holiday. The case was taken up on 19th July 1969 and the Union was directed to file written statement by 12th August 1969. On 12th August 1969 also the Union did not file any written statement and 29th August 1969 was fixed for filing of the written statement by the Union on which date also the Union did not file any written statement and the Company also did not appear. So 19th September 1969, was fixed for further order. On that day a notice was issued on the Union asking it to file written statement by 29th September 1969 and warning it that on its failure to do so the reference would be disposed of in its absence. On 29th September 1969 neither party appeared and it was decided to wait for the service return up to 13th October 1969. On 13th October 1969 the Union did not file any written statement; the service return was also not received. So 1st November 1969 was fixed for receipt of service return. On 1st November 1969 service return was received; neither party took any steps and 13th November 1969 was fixed for filing written statement by the Union. On 13th November 1969 neither party appeared. So the Union was asked to file written statement by 22nd November 1969 and it was further ordered that in default of filing of written statement by the Union on the above date a 'no dispute' award would be passed. On 22nd November 1969 also neither party appeared. It is apparent, therefore, that the parties are no longer interested in this dispute, probably because they have settled it outside this Tribunal. In the circumstance there is no alternative but to pass a 'no dispute' award. The reference is, therefore, disposed of on this 'no dispute' award.

### AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Ashoka Marketing Ltd., and their workmen represented by Ashoka Marketing Employees' Union to this Tribunal by its order No. 1897-I.R., dated 12th May 1966, for adjudication under section 10 of the Industrial Disputes Act, on the following issue :

#### Issue

Whether the actions of the management in transferring Shri R. S. Paul from Calcutta to Chandigarh and suspending the contract of his service are justified ? What relief, if any, is he entitled to ?

In this matter, Mr. Sen appearing for the management filed a petition on 10th November 1969 reiterating the objection which was also raised in the original petition, that the reference is incompetent in view of the fact that at the relevant time the employee concerned Shri R. S. Paul was not a workman within the meaning of section 2(s) of the Industrial Disputes Act. The legal contention which he raises is pleaded as a bar to assume jurisdiction over this reference in view of the previous award passed by the Sixth Industrial Tribunal and published in the Official Gazette, dated 22nd August 1968, wherein Mr. N. C. Mukherjee, Judge, Sixth Industrial Tribunal, held that Shri Paul was not a workman within the meaning of section 2(s) of the Act and as such he cannot raise any industrial dispute. Mr. Sen contended that the award which was not appealed from not challenged by any writ petition stands as a bar for adjudication of the present reference as such.

Mr. Chatterjee appearing for the employee concerned argued that the management is estopped from taking that plea in view of certain facts in the award itself and he draws my attention in the last paragraph of the said award. Furthermore he contended relying upon a judgment reported in 1958 (I) LLJ. p. 500 [Workman of Dimakuchi Tea Estate (Assam Chah Karmachari Sangha) and Dimakuchi Tea Estate] that as there was community of interest of the class as a whole which furnishes the real nexus between the dispute and the parties to the dispute, the present reference relates to an industrial dispute and confers jurisdiction upon this Tribunal In addition to this, he contended that the plea of res judicata which is an exclusive creature of civil procedure code to govern the litigation in civil courts, it has no bearing and application upon the matters relating to industrial dispute to be adjudicated by the Industrial Tribunals.

There is no dispute on this point that the relevant date is 15th of January 1966 when Shri R. S. Paul was transferred and also there is no dispute that the award by Mr. N. C. Mukherjee inter alia decided that he was not a workman within the meaning of section 2(s) of the Act at the relevant time. Keeping those things in view, I first of all refer to a judgment reported in 1957 (I) LLJ. p. 226 at page 229 (Burn & Co. vs. Their employees), wherein it has been held that unless there was any change in the circumstances since the award deciding on the material point then the said award will bar any subsequent reference on the basis of the principles of res judicata and that fact itself decided in a pervious award cannot be reagitated. The principle of res judicata is applicable in the individual disputes as a matter of public policy. His Lordship of the Calcutta High Court Hon'ble Mr. Justice Roy also was pleased to hold in a judgment reported in 1961 (II) L.L.J., p. 25, that when the material issue which was also the subject-matter of a previous reference materially and substantially, the subsequent reference will be bad on the ground of res judicata provided there were no changes in the circumstances in the interregnum. On the basis of these two judgments, one of Calcutta High Court and another of Supreme Court, I hold that Mr. Mukherjee's contention that the principle of res judicata does not apply in the case of an industrial dispute is untenable and so it is rejected. Mr. Chatterjee further contended that the issues in the previous award were different. There the issue was quantum of bonus of Shri R. S. Paul, but in order to come to the finding the basic fact had to be decided on which the issues are founded and Mr. N. C. Mukherjee decided it against Shri R. S. Paul and I am bound by such decision contained in the said award, dated 22nd August 1968.

On the ground of estoppel Mr. Chatterjee's contention was that there was a compromise in between Shri R. S. Paul and the management under which Shri Paul accepted a sum of Rs. 3,000. He urged that by offering him the money it becomes very clear that the Company was accepting him as a workman by its conduct and as such subsequently the Company cannot change its front by taking the plea that he was not a workman within the meaning section 2(s) of Industrial Disputes Act and therefore the reference is incompetent. In my view this plea is unsustainable. It is to be looked into on what basis my learned predecessor was rejecting the claim of the workman concerned. By perusing the award it leaves no doubt that it was so rejected because Shri Paul on the evidence as adduced before him was not a workman within the meaning of section 2(s) of the Act. The last portion of the award was made by way of abundant caution to show the unjustifiability of the claim of Shri Paul. Therefore, the plea of estoppel as raised by Mr. Chatterjee is not sustainable either.

The last point on which Mr. Chatterjee very strongly relies is that as there was community of interest this reference is competent and he asked me to ascertain whether there was any community of interest and for that he contends evidence is necessary and evidence is to be adduced. It is true that if there is any community of interest then whether the employee concerned is a workman within the meaning of section 2(s) of Industrial Disputes Act is immaterial. Here in this instant case it is admitted that at the relevant time Shri R. S. Paul used to draw a salary exceeding Rs. 500 per mensem. Therefore, only if it can be proved there was community of interest then only the reference can be said to be competent but can there be any community of interest as argued by Mr. Chatterjee. The issue is whether the action of the management in transferring Shri Paul from Calcutta to Chandigarh suspending the contract of his service is justified. The issue as it is there cannot have any community of interest as argued by Mr. Chatterjee. Mr. Chatterjee wanted to urge that there is far reaching repercussion behind it but in the pleadings such indication has not been given. I cannot allow evidence when there was no vestige of such community of interest ever raised in the pleadings.

In furtherance of the judgment of the Demakuchi Tea Estate the Hon'ble Supreme Court also elucidated that point in a judgment reported in 1965 (II) L.L.J. 175 at page 188 (All India Reserve Bank Employees' Association and another and Reserve Bank of India and another) interpreting the section 2(k) of Industrial Disputes Act. Their Lordships of the Supreme Court were pleased to observe—

> "But it does not mean any person unconnected with the disputants in relation to whom the dispute is not of the kind described. It could not have been intended that though the dispute does not concern them in the least, workmen are entitled to fight it out on behalf of the non-workmen."

Under the circumstances, I am constrained to hold that the reference is incompetent and/or unsustainable in view of the award passed by the Sixth Industrial Tribunal published in the Official Gazette, dated 22nd August 1968, as also on the grounds mentioned hereinbefore and I uphold the preliminary objection raised by Mr. Sen appearing on behalf of the management.

This is my award.

### Issue

Whether the dismissal of Sarbasree (a) Ajit Chandra Das and (b) Ashutosh Mazumder is justified? To what relief, if any, are they entitled?

After service of notice neither party appeared on 25th September 1969, which was the date fixed for appearance. Subsequently, the employer appeared and filed their authority on 7th October 1969, but none appeared on behalf of the Union. On 29th October 1969 the employer appeared and filed a petition stating that the dispute under reference has already been settled between the parties by a bipartite agreement. The Company has accordingly prayed that a 'no dispute' award may be passed in the present case. From the conduct of the Union and on perusal of the petition filed by the employer it appears to me that the dispute between the parties has now ceased to exist. In the circumstances; I pass a no dispute award in the present case.

## ANNEXURE

**In the matter of an industrial dispute existing between Messrs. Bolpur Co-operative Crafts & Industries Ltd., G/367 Ramnagore Lane, Calcutta-24 and their workmen represented by Hyde Road Textile Mazdoor Union, 1/1 Garden Reach Road, Calcutta-24. (Case No. 466/67.)**

## BEFORE THE FIFTH INDUSTRIAL TRIBUNAL WEST BENGAL

Present :

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri A. K. Sarkar, Advocate.

Present for the Union: Shri Sushovan Roy, Advocate.

By the Government of West Bengal, Labour Department, order No. 2923-I.R./IR/8L-45/67, dated the 29th June 1967, this industrial dispute between Messrs. Bolpur Co-operative Crafts & Industries Ltd. and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

### Issue

Whether lockout of the mill from 9th October 1966 is justified ? To what relief, if any, are the workmen entitled ?

On receipt of notice both the parties made appearance and filed their respective written statement. After several adjournments the case was fixed for hearing on 3rd November 1969. The Union did not turn up and took no steps on that date. The Tribunal suo motu fixed another date, viz., 18th November 1969, in order to give a chance to the Union to contest the case. On that date the lawyer for the Union appeared and stated that he had no instruction from his client in regard to this case. The Tribunal heard the lawyer of both sides.

It seems that the Union is no longer interested with the present reference, and that is why it refrains from attending the proceedings of the Tribunal. It is so much disinterested with the present case that it does not even think it necessary to give instructions to their authorised lawyer appearing for them before the Tribunal. In the circumstances it will be of no use to give further dates in this case. I, therefore, pass a 'no dispute' award and dispose of the reference accordingly.

Taken at my dictation and corrected by me.

T. K. MUTSUDDI,
Judge.

Hindusthan Pilkington Glass Works Ltd., 4 Chittaranjan Avenue, Calcutta-13 and their workmen represented by Hindusthan Pilkington Glass Works Ltd. Head Office Employees' Union, 249 Bipin Behari Ganguly Street, Calcutta-12, regarding the issue mentioned in the said order being a matter specified in the Third Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the first Industrial Tribunal ;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute ;

### AWARD

By Labour Department, order No. 5484-I.R./IR/11L-210/69, dated 24th July 1969, the Governor was pleased to refer the instant dispute between Messrs. Hindusthan Pilkington Glass Works Ltd., 4 Chittaranjan Avenue, Calcutta-13, and their workmen represented by Hindusthan Pilkington Glass Works Limited Head Office Employees' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

**Issue**

Qantum of bonus for the year 1966.

On receipt of the reference usual notices were issued on the parties asking them to appear on 27th August 1969 to take necessary direction for filing written statements. On that date the Company appeared but the Union did not. On 12th September 1969 only the Company appeared. Neither party filed written statement and 18th November 1969 was fixed for filing of written statement by the Union. Today the parties have filed a petition of compromise and have prayed that the reference should be disposed of in terms of the petition of compromise. I have perused the petition of compromise. It has been executed according to law and its terms are beneficial to the workmen. The petition of compromise should, therefore, be accepted.

The reference is disposed of in terms of the petition of compromise which shall form part of the award as Annexure "A".

Dictated and corrected by me.

Judge.

**Short recital of the case :**

The Union raising the dispute demanded 20 per cent. Bonus (Profit Sharing) for the workmen for the financial year commencing from 1st November 1965 and ending on 31st December 1966. According to Management's representatives, as there was no available surplus, the Company declared 4 per cent. Bonus which the workmen refused to accept. After several discussion the parties agreed to refer the question of Bonus to a Tribunal in a Tripartite Conference for deciding the quantum of Bonus payable to the workmen, who are entitled to Bonus as per Payment of Bonus Act, 1965, for the abovementioned financial year (i.e., 1st November 1965 to 31st December 1966). The Company made an advance to the extent of 14 per cent. of the Basic and D.A. earned by them during the said period, which is to be adjusted as per the terms of Award given by the Tribunal.

The Government in the Labour Department made a reference to the First Industrial Tribunal at Calcutta accordingly and the case is pending before the said Tribunal. The parties in the meantime, discussed the issue once again and settled the matter out of Court on the following terms :

### Terms of settlement

(1) It is agreed to by and between the parties that all workmen who are entitled to Bonus as per Payment of Bonus Act, 1965, will accept 4 per cent. Bonus as per the Payment of Bonus Act, 1965, for the financial year 1st November 1965 to 31st December 1966.

(2) It is further agreed to by and between the parties that all workmen who are entitled to Bonus as per Payment of Bonus Act, 1965, will be paid an ex gratia to the extent of 10 per cent. of their Basic and D.A. earned by them during the said period.

(3) It is further agreed to by and between the parties that they will make a joint petition to the First Industrial Tribunal at Calcutta praying for an Award in terms of this amicable settlement of the issue referred for adjudication and thus disposes of the matter finally.
